

PUBLIC NOTICE

Trapping of Feral Cats

In an effort to control the growing population of feral cats within the township of Quilpie, Council will be placing cat traps around the town. Residents are requested to ensure their pet cats are microchipped and are wearing a collar with identification details. This will ensure return of pets to their owners without delay.

Trapped cats will be scanned for microchip details. If no details are found cats will be kept for 3 days before being removed from the town area.

For further information please contact Council's Customer Service Centre on (07) 4656 0500.
