

# PUBLIC NOTICE

## Ongoing Water & Sewerage Works throughout 2018

As residents have noticed, Council is working to replace ageing and deteriorating water mains that are no longer viable to repair.

Council's planned water main replacement program will, over time, help to reduce the number of service interruptions experienced by consumers, increase water pressure and equalise flow rates.

The main streets involved for works over the coming months will be:

- Chipu Street
- Buln Buln Street, and
- Brolga Street.

Households affected will be notified in advance and, on occasions, when Council needs to interrupt water supply to undertake planned maintenance and repair work we aim to provide you with at least 48 hours notice prior to the event.

During such times, if your service is affected, Council's maintenance personnel aim to restore your connection as quickly and effectively as possible.

**For further information please contact Council's Customer Service Centre on (07) 4656 0500.**

**18 April 2018**

Dave Burges
