

Zoning

What is a Zone?

Zones designate land for a particular use such as residential, industrial and rural. Precincts may be identified for part of a zone. A precinct provides further details for a specific area within a zone.

Quilpie Shire Planning Scheme

What are the zones in the Quilpie Shire?

Zones organise the planning scheme area in a way that facilitates the location of preferred or acceptable land uses. The Planning Scheme zones are:

- Recreation and open space
- Rural
- Rural residential
- Township, including:
 - Commercial precinct
 - Industrial precinct
 - Residential precinct

How can I find out the zone of my land?

You will need to use Council's online mapping system to ascertain the zoning.

You can also check the static planning maps contained in Schedule 2 available at:
