

Breeder Management Workshops

Join DAF Principal Extension Officer
Mick Sullivan for this breeder management
workshop!

Mick's range of expertise includes breeder management, cattle nutrition, genetics and beef business analysis. So come along and better discover what makes your breeders tick!

Topics covered on the day:

- how to improve breeder reproductive performance
- importance of body condition score (BCS) to increase reproduction rates
- continuous vs. controlled joining
- gathering decision making data for culling
- breeder management tips & tricks
