

From the CEO's Desk

Council are now in the final quarter of the financial year and we are looking ahead to the 2021/2022 budget. At the time of writing this, Council have held meetings in both Toompine and Adavale which were well attended and provided great feedback to Council on a variety of issues and potential projects. We have two more community meetings to come in Eromanga and Quilpie.

Council's Community Satisfaction Survey is still open until 1 May 2021, Council has seen an increase in responses as compared to the 2018 survey which is great. This feedback assists Council with identifying current and emerging issues within the Shire and supports Council's corporate strategy moving forward.

Residents should have now received their Land Valuations from the Department of Resources; the Shire and greater region have experienced significant increases within the Rural Land section. Council are proactively working to review each rating category to assess the impacts of the changes and adjust the general rates for the 2021/2022 period in response to these changes.

There have been a number of well attended events within the Shire including the Eromanga Rodeo & Campdraft, Toompine Gunshoot and Adavale Muster in the Mulga. I wish to commend the committees of these events from putting in your time and energy to ensure these events continue within the Shire. Council's own Visitor Information Centre has seen a significant increase in visitors with 423 through the doors as of 12 April, just to compare, the centre had 443 patrons for the whole of April 2019 – Pre COVID.

Council were activated by the Queensland Reconstruction Authority earlier this month; Council has commenced undertaking emergent works to rectify any major damage sustained during the weather event and

have commenced the pickup of damage to restore the roads. The community can be assured that Council are working towards restoring the roads, however we must follow due process to ensure funding can be received to cover the repairs and they are not coming out of the ratepayer's pocket.

Council is aware of reports of vandalism occurring within the community, with several Council facilities being targeted and damaged sustained. We have a very proud community and take pride in the appearance and standard of our facilities. Any such unnecessary damage not only impacts on the appearance of the community but also results in unnecessary rate payer funds being spent to repair the damage. If any community members witness damage occurring, please report the incident to Council or the Police to ensure these matters can be recorded and addressed appropriately.

Finally, to help report maintenance issues throughout the Shire, Council is trailing the use of an app called 'Snap Send Solve'. When you're out in the community, you are the Council's eyes and ears. If you see something that doesn't look right, just Snap Send Solve it!

The full minutes of the Council meeting are usually available on Council's website the Tuesday or Wednesday following a Friday meeting.

I am happy to meet with anyone who would like further information on an meeting outcomes.

Regards,
Justin Hancock. CEO

It is with great sadness that Quilpie Shire Council Mayor and Councillors wish to inform the Quilpie Community of the passing of Peirce David Edwards, former Mayor and Councillor on Friday 9th April 2021. David Edwards was involved intermittently in local government for over 40 years, including 15 years as Mayor of Quilpie Shire. The contribution he made to local government during this time was significant and he was a strong advocate for the Shire and the community. David was committed to making Quilpie Shire an outstanding place to live and was extremely proud of the numerous achievements of Council during the time he served. Well known for his love of his family and the Quilpie Shire community, Dave was a respected former Councillor and Mayor who will be missed by all who knew him.

EDWARDS, Peirce David "Dave"

Late of Toowoomba and former Mayor of the Quilpie Shire (1997- 2012). Passed away on 9th April 2021, aged 81 years.

Loved Husband of Cath (dec'd). Loving Father and Father-in-law of Peirce and Deirdre; Alex and Kim. Cherished Grandfather and Great Grandfather of their families. Loved "Best Mate" of Monica and her family.

As per Dave's wishes a private cremation was held. A Memorial Service will be held on the family property at a date to be advised.

A Successful Man

"That man is a success -
who has lived well,
laughed often and loved much;
who has gained the respect of intelligent
men and the love of children;
who has filled his niche
and accomplished his task;
who leaves the world better
than he found it;
who has never lacked appreciation of
Earth's beauty or failed to express it;
who looked for the best in others
and gave the best he had."

WORKS UPDATES

The Engineering Services staff and contractors have been kept busy assessing the flood damage and carrying out temporary repairs. Motorists are reminded to take care and drive to suit conditions.

And the sealing program continues ...

Charleville based Small Business Financial Counsellor, Michelle Gordon is heading to Quilpie on April 21.

SMALL BUSINESS SUPPORT ON OFFER

Augathella born and bred, Michelle Gordon is employed by the Small Business Financial Counselling Service Southern Queensland (SBFCSSQ) to deliver free, impartial, confidential financial counselling to local businesses. Based in Charleville and servicing small and medium businesses in the Blackall Tambo Regional council, Murweh, Quilpie, Paroo and Bulloo local government areas, Michelle empathises with local business owners dealing with the repercussions of drought and the dramatic decrease in turnover due to Coronavirus restrictions.

Michelle will be in Quilpie on Wednesday, April 21st to meet with local small business owners by appointment.

“The service is guided by the small business owner and the situation they find themselves in,” she said, “and I’d encourage people to contact me to make an appointment while I’m in town.”

Funded by the Australian and Queensland governments, the SBFCSSQ initially examines a client’s financial statements and analyses performance.

“I can assist with negotiations with lenders and creditors, preparing cash flows and budgets and developing payment plans and business options. The service offers an extensive referral service to Government support packages and helps with debt

restructuring or refinancing.

“Together, we’ll set goals and develop an action plan to get there but the decision is always made by the client.”

As a small business owner herself, Michelle encouraged business owners to ask for help if finances were becoming strained.

“Make an appointment if you’re facing financial difficulties even just someone to bounce ideas around with can make all the difference,” she said. For more information about Small Business Financial Counselling, call Michelle on 0448 182 161 or visit www.rfcssq.org.au

South West Queensland Regional Resilience Strategy and Local Knowledge Maps Big Map Stakeholder Workshop - Quilpie Shire

Date: Tuesday 20th April 2021
Time: 13:00 to 15:30
Venue: Quilpie Shire Hall, 62 Brolga Street, Quilpie
Note: Shoes off to walk the landscape

You are invited as a valued community member with knowledge of landscape and natural hazard behaviours to contribute to the story of resilience in the Shire and the Bulloo, Paroo and Cooper catchments. The QRA resilience team is engaging at a local level using a Big Map technique to understand flood and fire behaviours, local issues and to 'Walk the Landscape' of the region. This accumulated knowledge will be recorded and given back to the community as a '[Knowledge map](#)' (12MB) for the benefit of future residents, generation's and for emergency response.

Resilient Queensland 2018-2021: Delivering the Queensland Strategy for Disaster Resilience (2018) is a whole-of-government response to disaster resilience that involves better coordination of government policy, information management, project delivery and stakeholder collaboration.

The Queensland Government is focused on strengthening disaster resilience so that communities are better equipped to deal with the increasing prevalence of natural disasters. A key outcome of Resilient Queensland is the development of regional resilience strategies to support prioritisation of resilience building projects across Queensland. By 2022, every local government will be part of a regional resilience strategy that clearly identifies and prioritises actions to strengthen disaster resilience over time.

Community Satisfaction Survey

Quilpie Shire Council is undertaking a community satisfaction survey, which is intended to gather data to better understand the community's views about what is important to them and how they rate Council's performance and priorities.

If you add your name and contact details at the end of the survey you will automatically go into the draw to win one of two \$250 local shopping vouchers.

Surveys can be completed on line by visiting Council's website www.quilpie.qld.gov.au then follow the links on the front page. Paper copies of the survey are available from Council's Administration Centre.

The Survey will close on 3 May 2021.

Dear Community Groups and Members

Just a quick note to advise that the Funding Update is changing its name to “Shadow Minister Ann Leahy's Volunteer Update”. I am finding that volunteer organisations could benefit from the latest information regarding volunteering, so the intention is to value add in the future to the existing grant content. As you can see from this edition, we have organised the update to enable volunteers to identify the newest information. Frequency of the update will not change it will continue to be published every month via email.

**Kind Regards
Ann Leahy MP**

1 NEW UPDATE INFORMATION

National Farmers Federation – 2021 Diversity in Agriculture Leadership Program

This mentoring opportunity is designed for aspiring female leaders, 25 years and over, with a passion for agriculture. Applications are due by 5th April 2021. The Program matches successful applicants with a mentor and the mentorship runs from May 2021 to October 2021. With their mentor, each mentee establishes leadership goals, outlines steps to achieving these goals and puts, in place steps to measure progress towards these goals. The Program is supported by leading agriculture-focussed organisations who have joined with the NFF, in committing to make meaningful change towards gender diversity within the leadership ranks of their industry. For more information contact Program Coordinator Laureta Wallace, email: llwallace@nff.org.au; Ph: 0408 448 250, Ann Leahy's Electorate Office Ph 1800 625 430 or visit: <https://nff.org.au/2021-diversity-in-agriculture-leadership-application-form/>

The National Disability Insurance Scheme (also called the NDIS) is the new way of providing disability support.

The NDIS will provide all Australians under the age of 65 who have a permanent and significant disability with the reasonable and necessary supports they need to enjoy an ordinary life.

The NDIS will help people with disability achieve their goals. This may include greater independence,

As an insurance scheme, the NDIS takes a lifetime approach, investing in people with disability early to improve their outcomes later in life.

The NDIS also provides people with disability, their family and carers with information and referrals to existing support services in the community.

By 2019, the NDIS will support about 460,000 Australians with disability.

Can I access the NDIS?

To become an NDIS participant a person must:

- ✓ Have a permanent disability that significantly affects their ability to take part in everyday activities;
- ✓ Be aged less than 65 when they first enter the NDIS;
- ✓ Be an Australian citizen or hold a permanent visa or a Protected Special Category visa; and
- ✓ Live in Australia where the NDIS is available.

Can I still receive support if I do not meet the access requirements for the NDIS?

A person does not have to be an NDIS participant to receive support from the NDIS. The NDIS will connect people with disability, their families and carers, including people who are not NDIS participants, to disability and mainstream supports in their community.

April “No Falls” Month 2021

“April No Falls” is an international campaign that aims to educate and raise awareness of falls prevention helping Queenslanders stay healthy, active, independent and on their feet.

Staying active is vital to staying on your feet and preventing falls. In hospital or at home, falls often occur on the way to and in the bathroom. This “April No Falls”, the focus is on safe toileting at home and in hospital.

Please consider our local business operators who are grappling with ongoing restrictions and regulations as a result of the Coronavirus pandemic.

Local businesses are at the forefront of preventing the spread of coronavirus and must adhere to strict rules and regulations imposed by Queensland Health and the Government. When being served by a local business, please take the time to consider their role and duties and be patient. After all, we’re all in this together.
