13 FINANCE

13.1 (09/21) – Financial Services Report – Month Ending 31 August 2021

The Finance report for the period ending 31 August 2021 was presented to Council for consideration.

<u>Resolution No: (02-09-21)</u> Moved by: Cr Roger Volz

Seconded by: Cr Lyn Barnes

That Council receives the Finance Report for the period ending 31 August 2021 as presented in Item 13.1 of the accompanying Agenda.

5/0

ADJOURNMENT

The meeting adjourned for lunch at 12.46pm and resumed at 1.18pm.

14 GOVERNANCE

14.1 (09/21) – 2021 Christmas Shutdown Period

The purpose of this report is for Council to consider the close down period for the Council workforce over the Christmas / New Year period.

Resolution No: (03-09-21)

Moved by: Cr Bruce Paulsen

Seconded by: Cr Jenny Hewson

That Council close down for the Christmas/New Year period as follows:

Location	Last day of work	Shutdown period	First day back at work					
Administration Office, Library & Visitor Information Centre	Wednesday 22 December	Thursday 23 December – Friday 7 January	Monday 10 January					
Depot and Engineering Services	Friday 17 December	Monday 20 December – Friday 31 December	Tuesday 4 January					
5/0								

14.2 (09/21) – New Subdivision – Old Council Depot Site

Quilpie Shire Council is focused on the expansion of housing stock available for rent within the Shire to help support local businesses and government agencies attract and retain staff. Council's Depot (Lot 2 Plan Q68042) has been converted to Residential Land in Council's planning scheme. Council have

received a quote to undertake the subdivision of this block to include up to 40 Town Houses, with an initial 10 to be designed and constructed in the near future.

Resolution No: (04-09-21)

Moved by:CrLyn BarnesSeconded by:CrRoger Volz

That Council:

- 1. Engage Elia Architecture under Local Buy contract BUS265 to undertake the Sub-Division, Sketch Design, Construction Documentation and Construction Management of the Town Houses at the old Depot (Lot 2 Plan Q68042) as per quote dated 22nd August 2021 for \$294,980.00 (GST Exclusive); and
- 2. Amend the 2021-2022 capital budget for the amount of \$294,980.00 to cover the initial costs of the project.

5/0

14.3 (09/21) – Housing Leases with Eromanga Natural History Museum

The purpose of this report is to consider formal leasehold arrangements for the three rental accommodation houses located in the town of Eromanga.

PRESCRIBED CONFLICT OF INTEREST DECLARED

Cr Mackenzie declared he has a prescribed conflict of interest (as defined by sections 150EG, 150EH and 150EI of the *Local Government Act 2009*) in matters regarding the Eromanga Natural History Museum.

Cr Mackenzie is Chair of the Outback Gondwana Foundation which operates the Eromanga Natural History Museum and Cr Mackenzie's wife is the Collections Manager of the Eromanga Natural History Museum. The Eromanga Natural History Museum stands to gain a financial benefit depending on the outcome of the matter.

Cr Mackenzie advised that in accordance with legislative requirements he will leave the meeting while the matter is discussed.

ATTENDANCE

Cr Mackenzie left the meeting at 1.55pm. Cr Hewson assumed the Chair.

ATTENDANCE

Mr Sanchit Rathee, Manager Governance and Compliance entered the meeting at 1.56pm.

Resolution No: (05-09-21)

Moved by: Cr Roger Volz Seconded by: Cr Lyn Barnes

That Council:

- Resolve to enter into new annual residential tenancy lease agreements for the three residential properties in the town of Eromanga - Lot 5 Neal Street, Lot 6 Neal Street and 14 Donald Street – with the Eromanga Natural History Museum; and
- 2. Delegate authority to the CEO to negotiate the final terms of the lease.

4/0

ATTENDANCE

Mr Sanchit Rathee, Manager Governance and Compliance left the meeting at 2.05pm.

ATTENDANCE

Cr Mackenzie returned to the meeting at 2.06pm and resumed the Chair.

15 CONFIDENTIAL ITEMS

Nil.

16 LATE CONFIDENTIAL ITEMS

Nil.

17 LATE ITEMS

17.1 (09/21) – Annual Land Valuations

The purpose of this report is for Council to consider whether a land valuation should be undertaken to be effective 30 June 2022.

Resolution No: (06-09-21)

Moved by: Cr Jenny Hewson

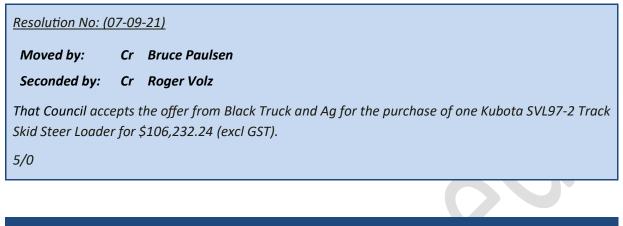

Seconded by: Cr Lyn Barnes

That Council requests that a valuation not be undertaken by the Valuer-General of all rateable land in Quilpie effective 30 June 2022.

5/0

17.2 (09/21) – Tender 21 – 22 Supply of a Compact Track Loader

The purpose of the report is to provide a recommendation to Council to accept the tender for supply of a Compact Skid Steer Track Loader.

17.3 (09/21) – Tender 21 – 22 Supply of a Multi Tyred Roller

The purpose of the report is to provide a recommendation to Council to accept the tender for supply of a Multi Tyred Roller.

Resolution No: (08-09-21)

Moved by: Cr Jenny Hewson

Seconded by: Cr Lyn Barnes

That Council accepts the offer from Hastings Deering for the Purchase of one Caterpillar CW34 (24T) Multi-Tyred Roller for \$205,400.00 (excl GST).

5/0

17.4 (09/21) – Tender 21 – 22 Supply of a Smooth Drum Vibrating Roller

The purpose of the report is to provide a recommendation to Council to accept the tender for supply of a Smooth Drum Vibrating Roller.

Moved by: Cr Bruce Paulsen

Seconded by: Cr Lyn Barnes

That Council accepts the offer from Hastings Deering for the Purchase of one Caterpillar CS78B Smooth Drum Vibrating Roller for \$187,900.00 (excl GST).

5/0

17.5 (09/21) – Tender Process for sale of 58 Boonkai and 64 Pegler Streets Quilpie

The purpose of this report is to consider a tender process for the sale of the two council owned houses located on 58 Boonkai Street and 64 Pegler Street, Quilpie.

Resolution No: (10-09-21)

Moved by: Cr Jenny Hewson

Seconded by: Cr Lyn Barnes

That the Council resolve to invite written tenders - as per the process listed in Section 228 (6) of the Local Government Regulation Qld 2012 – from the following persons who have responded to the invitation for expressions of interest:

- Alina Graham for 64 Pegler Street, Quilpie; and
- Elvio Andrade for 58 Boonkai Street, Quilpie.

5/0

18 GENERAL BUSINESS

Councillors were invited to raise any matters they wished to discuss. Matters raised included:

- Cr Barnes continued discussions with Merino Country regarding development of wool manufacturing locally
- Cr Barnes received a query from rural ratepayer regarding postal addresses in Quilpie Shire; a number of properties have difficulty with delivery. Matter has been referred to CEO
- All Councillors offered commendations to the Show Committee for staging Quilpie Show which was well attended and highly successful, despite COVID restrictions
- Cr Volz and Cr Paulsen expressed disappointment that the side show alley events didn't turn up
- Cr Volz asked about strategies to compact waste at Transfer Station
- Main Street Master Plan was discussed, and agreed that the community consultation should be invited regarding the recommendations
- Cr Hewson recommended that a meeting is required for user groups of Bulloo Park to establish strategic requirements for the space, and to revisit the Master Plan
- Cr Paulsen suggested that hire bicycles could be a good idea for families visiting the town
- Cr Paulsen suggested that kangaroo processing could be a potential industry
- Cr Paulsen suggested that providing lighting at Baldy Top could be a tourist attraction
- Department of Environment and Science, Spatial Information Division advised that 'The Swamp' is considered an unsuitable name for the area on Cooper Developmental Road, at Eromanga. It was decided to leave it un-named, and continue to refer to it colloquially as 'The Swamp'.
- A quote for \$55,000 was received to supply a new shade structure at Eromanga Pool. Councillors suggested that a small shade structure be placed beside the pool rather than the larger structure over the pool.

19 MEETING DATES

The next Ordinary Meeting of Quilpie Shire Council will take place on Tuesday 12 October 2021 in the Quilpie Shire Council Boardroom commencing at 9.30am.

There being no further business the Mayor declared the meeting closed at 4.09 pm.

I hereby certify that the foregoing is a true record of the Minutes of the Proceedings of the Ordinary Meeting held on the Friday, 17 September 2021.

Submitted to the Ordinary Meeting of Council held on Tuesday, 12 October 2021

Engineering Services

11 ENGINEERING SERVICES

11.1 (10/21) - T06 2122 Charleville road widening seal

Author: Director of Engineering Services, Mr. Peter See

IX: 216735

PURPOSE:

The purpose of the report is to provide a recommendation to Council to accept the offer for the sealing of the shoulder widening and resealing of the Quilpie-Charleville Road.

POLICY/LEGISLATION:

Local Government Act 2009

Local Government Regulation 2012

Council's Procurement Policy

CORPORATE PLAN:

2.2.1 Ensure Council's financial sustainability through responsible management and planning of finances and assets

RECOMMENDATION:

It is recommended that Council award T06 2122 Charleville road widening seal to Austek Spray Seal for a total value of \$589,187.28 including GST based on the pricing received.

DISCUSSION:

Requests for Tenders were called via Vendor Panel for the sealing and resealing of three sections of the Quilpie-Charleville Road for the TMT REEF project.

Offers Received:

RFQ35 2021 Various Sealing Works

Contractor	Quoted Price \$ including GST
RPQ	\$ 613,470.00
Austek	\$ 589,187.28
Colas	\$ 735,785.07
RSG	\$ 606,013.65

An analysis of the Quotes was carried out by the Technical staff. The tenders were analyzed with regard to price, timeliness of delivery, contribution to the local economy and previous performance.

All companies are reputable and it is recommended that the decision be based on price.

It is recommended that Council awards T06 2122 Charleville road widening seal to Austek spray seal for \$589,187.28 including GST

FINANCIAL:

Council has made provision for this project in the 2020/2021 budget.

Engineering Services

11.2 (10/21) - Proposed Night Closure of Quilpie Waste Management Centre

Author: Peter See

IX: 216990

PURPOSE:

This report is to seek Council approval to close access to the Quilpie Waste Management Centre between 6.00 p.m. and 6.00 a.m. daily.

POLICY/LEGISLATION:

Workplace Health and Safety Act

CORPORATE PLAN:

Nil

RECOMMENDATION:

That Council agree to the closure to the public of the Quilpie *Waste Management Centre* between 6.00 p.m. and 6.00 a.m. daily to ensure the safety of the public and the security of the waste centre.

DISCUSSION:

Council has constructed a transfer station at the Quilpie Waste Management Centre over the past year. As part of this work, a security camera has been installed. The camera is motion sensitive and has detected numerous after dark visits by the public to the centre. A sample of visits with the relevant times is in the attachment.

There are two concerns with the after dark visits. First and most important is that there is no lighting at the waste centre. For vehicles to be travelling around in the centre has a high degree of risk. If people alight from the vehicles this further adds to the risk. From a Workplace Health and Safety viewpoint, this places Council at risk.

The second concern is that materials are being stolen. Materials such as metals and steel as well as cans and bottles have a monetary value and it appears that some of this material is being removed.

It is recommended that *Council agree to the closure to the public of the* Quilpie *Waste Management Centre* between 6.00 p.m. and 6.00 a.m. daily to ensure the safety of the public and the security of the waste centre.

FINANCIAL:

No additional cost will be incurred as the Director Engineering Services and the Works Coordinator will open and close the gates in addition to the garbage truck driver opening the gates Monday to Friday.

13 FINANCE

13.1 (10/21) – Financial Services Report – Month Ending 30 September 2021

IX:

Author: Acting Manager of Financial Services, James Gauvin

PURPOSE:

The purpose of this report is to present Council with the monthly financial report.

POLICY/LEGISLATION:

Local Government Regulation 2012

CORPORATE PLAN:

2.2.1 Ensure Council's financial sustainability through responsible management and planning of finances and assets

RECOMMENDATION:

That Council receive the Finance Report for the period ending 30 September 2021.

BACKGROUND:

Section 204 of the *Local Government Regulation 2012* requires a financial report to be present at a meeting of Council each month. The report must state the progress that has been made in relation to Council's budget for the period of a financial year up to a day as near as practicable to the end of the month before the meeting is held.

DISCUSSION:

Not applicable.

FINANCIAL:

As per attached documentation.

CONSULTATION:

Strategic Decision Report

Financial Services

13.2 (10/21) – First Quarter Budget Amendment Review

IX: 217267

Author: Acting Manager of Financial Services, James Gauvin

PURPOSE:

The purpose of this report is to provide Council with sufficient information to adopt amendments to the 2021-2022 budget.

POLICY/LEGISLATION:

Local Government Act 2009

Local Government Regulation 2012 s170

CORPORATE PLAN:

2.2.1 Ensure Council's financial sustainability through responsible management and planning of finances and assets

RECOMMENDATION:

That Council adopt the amended 2021-2022 budget as presented in the attached Agenda.

BACKGROUND:

Council adopted the 2021-2022 budget on 16 July 2021. Legislation provides that Council may amend the budget at any time. It is prudent financial management to review the budget periodically and amend where necessary.

DISCUSSION:

While the original budget was prepared on the basis of information available at the time things do change. Either Council decides to spend money over the original estimate or management finds that it is necessary, or additional unexpected revenue becomes available.

FINANCIAL:

As per attached documentation

CONSULTATION:

Not applicable

ATTACHMENTS:

Attachment A: Proposed budget amendments

Quilpie Shire Council Budgeted Statement of Income and Expenditure

For the Year Ended 30 June Reference LGR S169(1)(b) and LGR S169 (3)

For the 2022 Financial Year

Asset Sustainability Ratio

Asset Sustainability Ratio (expressed as a percentage) is an approximation of the extent to which the infrastructure assets managed by a local government are being replaced as they reach the end of their useful lives.

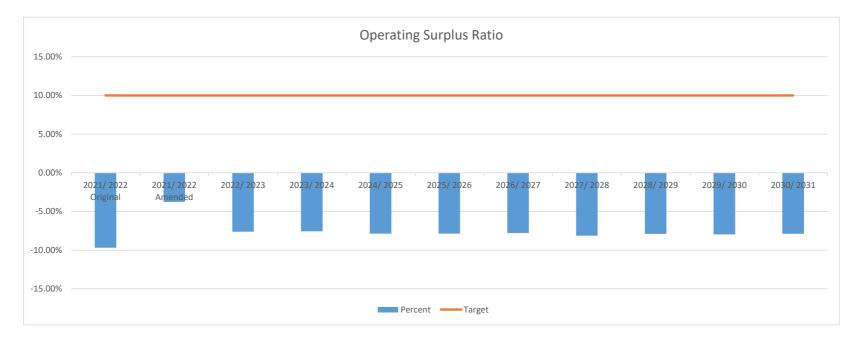

Financial Year	2021/ 2022 Original	2021/ 2022 Amended	2022/ 2023	2023/ 2024	2024/ 2025	2025/ 2026	2026/ 2027	2027/ 2028	2028/ 2029	2029/ 2030	2030/ 2031
Percent	70.95%	87.17%	89.56%	87.92%	99.62%	85.40%	83.40%	81.97%	85.25%	84.05%	82.89%
Target	90.00%	90.00%	90.00%	90.00%	90.00%	90.00%	90.00%	90.00%	90.00%	90.00%	90.00%

For the 2022 Financial Year

Operating Surplus Ratio

Operating Surplus Ratio (expressed as a percentage) is an indicator of the extent to which revenues raised cover operational expenses only or are available for capital funding purposes or other purposes.

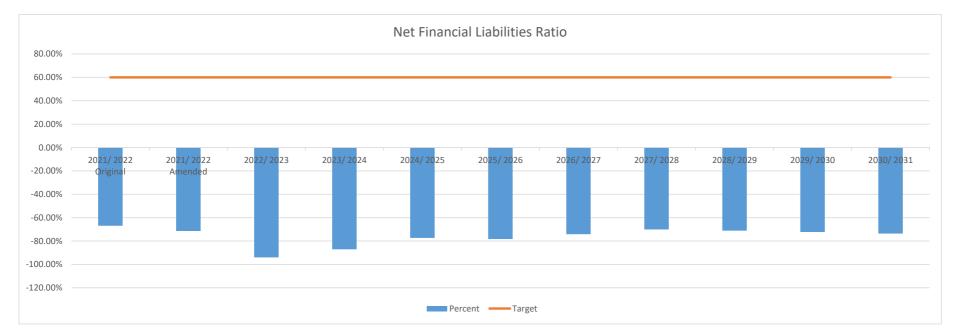

Financial Year	2021/ 2022 Original	2021/ 2022 Amended	2022/ 2023	2023/ 2024	2024/ 2025	2025/ 2026	2026/ 2027	2027/ 2028	2028/ 2029	2029/ 2030	2030/ 2031
Percent	-9.69%	-3.75%	-7.62%	-7.57%	-7.86%	-7.87%	-7.78%	-8.14%	-7.90%	-7.96%	-7.88%

Governance

14 GOVERNANCE

14.1 (10/21) - RAPAD and LGAQ Stock Route Research Report

IX: 216982

Author: CEO, Justin Hancock

PURPOSE:

The Remote Area Planning and Development Board (RAPAD) meeting on 25/26 November 2020 resolved that 'Given the state and national cultural, social and environmental significance of stock routes, investigate the development of a discussion paper into a state-based levy for purposes of stock route environmental management, maintenance and operation'. This discussion paper has been finalized and has been distributed to the SWQROC Group for commentary and feedback.

POLICY/LEGISLATION:

Local Government Act 2009

Local Government Regulation 2012

CORPORATE PLAN:

N/A

RECOMMENDATION:

That Council:

- 1) Note the options in the Report 'Sustainable Funding Options for Stock Route Network' (July 2021) produced for RAPAD and LGAQ; and
- 2) Recommend Option X as the preferred recommendation for a new funding model.

BACKGROUND:

The Remote Area Planning and Development Board (RAPAD) group engaged AEC to undertake a discussion paper on a state-based levy for purposes of stock route environmental management, maintenance and operation. This discussion paper has now been finalized and has been distributed to the SWQROC Group for commentary and feedback.

In summary, the Report presents four main options for consideration:

Option One: Increase in the Price of Permits and the Use of Application Fees

Option Two: Rationalisation of the Stock Route Network

Option Three: Introduction of a Stock Route Network Levy

Option Four: Local Government Stock Route Network Operational Grant

The RAPAD Board have recently considered the Report and will soon commence its advocacy approach with the State Government. As part of this approach, RAPAD is keen to understand the views of NWQROC and SWQROC given the recent history of all three regions working together under the umbrella of the Western Queensland Alliance of Councils (WQAC).

It should also be noted that Cr Scott Scriven, Balonne Shire Council and Cr Julie Guthrie, Maranoa Regional Council are SWQ's representatives on the State Government's Stock Route Management Working Group.

Mayor Britton and David Arnold provided an overview of the Report to the SWQROC meeting on 23 September 2021, with the SWQROC electing each Council to independently discuss the matter and resolve the preferred option.

DISCUSSION:

In summary, the Report presents four main options for consideration:

Option One: Increase in the Price of Permits and the Use of Application Fees

Option Two: Rationalisation of the Stock Route Network

Option Three: Introduction of a Stock Route Network Levy

Option Four: Local Government Stock Route Network Operational Grant.

14.2 (10/21) – Sale of Shelter Shed, Thylungra Camp

IX: 216863

Author: Chief Executive Officer, Justin Hancock

PURPOSE:

CEO forwarded a Flying Minute to Councillors to resolve the matter of sale of a shelter shed which had formed part of Council's worker's camp at Thylungra. The owner of the property required that the matter be resolved before 30 September 2021.

POLICY/LEGISLATION:

Local Government Act 2009 Local Government Regulation 2012

Council's Procurement Policy

CORPORATE PLAN:

2.2.1 Ensure Council's financial sustainability through responsible management and planning of finances and assets

RECOMMENDATION:

That Council ratify the decision made by Flying Minute to accept the offer of \$3,000 from George Scott of Thylungra for the existing Shelter Shed.

BACKGROUND:

Councillors were advised by Flying Minute of the need to resolve the sale of a shelter shed which formed part of Council's worker's camp at Thylungra. The owner of the property required that the matter be resolved before 30 September 2021. The CEO forwarded the Flying Minute to Councillors by email on 22 September 2021 for decision.

DISCUSSION:

Councillors received the Flying Minute, and responded by email that they agreed to the CEO's recommendation that the shed by sold for \$3,000. The Flying Minute email is attached.

CONSULTATION:

Not applicable

ATTACHMENTS:

Attachment A: Flying Minute dated 22 September 2021 IX216862

QUILPIE	DATE CIRCULATED: 22 September 2021	DUE DATE: 29 September 2021			
FLYING MINUTE FOR QUILPIE SHIRE COUNCIL	FROM: CEO JUSTIN HANCOCK				

Recommendation:

That Council accept the offer of \$3,000 from George Scott of Thylungra for the existing Shelter Shed.

Matter:

Council have been contacted by George Scott of Thylungra Cattle Co Pty Ltd for Council to remove its
existing camp from the property as no formal agreement existed for Council to reside on the property.

Background and Details:

- Council's Mayor Stuart Mackenzie and CEO Justin Hancock met with George Scott and Shona Underwood of Thylungra in April 2021, in this meeting it was raised that Council did not have a formal agreement in place to reside on the property and sought that Council look to vacate the site in the near future. George contacted Council on 9 September 2021 requesting that Council commence plans to remove the camp as the access gates will be locked as at 30 September 2021 and access to the camp will need to be by request only.
- Council commenced demobilising the camp on 14 September 2021, on 15 September 2021 George Scott emailed Council asking consideration from Council to purchase the existing shelter shed and on 20 September 2021 provided a formal offer of \$3,000.
- Council had previous sought quotes to remove the shed and was advised that it would cost Council \$5,500 to remove the shed alone.
 - Councils Acting Manager Finance and Administration, James Gauvin, provided the following advice on 22 September 2021:

'I have reviewed the information and can't find any evidence of the shed / shelter referenced below in the asset register. Even if it was I would recommend that it be impaired to zero value (given it no longer has any value-in-use or saleability) and then written-off the register due to the lack of control.

In relation to the sale, I recommend that Council accept the offer of \$3,000 from Thylungra for the purchase of the shed. The reasons for this recommendation are as follows:

1. By selling the asset Council gains \$3,000 compared to a cost of \$5,500 for its removal, a net improvement in Council's financial position of \$8,500;

2. As the shed is not included in the asset register, the sale of valuable non-current asset provisions of the Default Contracting Procedures in the LG Regulation do not apply; and

3. The shed is not able to be sold to any other party except Thylungra due to its location and the fixed nature of the shed.

I would also recommend that the sale be negotiated prior to the 30th September 2021 as after this date Council can no longer claim to have control over the shed and this may preclude Council from legally being able to enter a contract of sale.'

Financial Implications:

 Council would incur an expense of \$5,500 to remove the structure, George Scott has offered a purchase price of \$3,000 for the structure to remain in place.

Consultation:

Council - Flying Minute

Director Engineering Services, Peter See

- Thylungra Cattle Co Pty Ltd, George Scott

This Flying Minute will be included in the agenda of the next ordinary meeting occurring after the transmission of the Flying Minute as an item which reports on the consultation of members by Flying Minute; outcome of that consultation and the motion of the recommendation as adopted by Council as a consequence of responses to the Flying Minute.

Governance

14.3 (10/21) – Repeal Resolution - Tender for Supply of a Smooth Drum Vibrating Roller

IX: 217038

Author: Chief Executive Officer, Justin Hancock

PURPOSE:

In accordance with section 262 of the Local Government Regulation 2012, a notice of motion to repeal the following resolution was delivered to all elected members on 30 September 2021:

Resolution No: (09-09-21)

Moved by: Cr Bruce Paulsen

Seconded by: Cr Lyn Barnes

That Council accepts the offer from Hastings Deering for the Purchase of one Caterpillar CS78B Smooth Drum Vibrating Roller for \$187,900.00 (excl GST).

5/0

POLICY/LEGISLATION:

Local Government Regulation 2012

CORPORATE PLAN:

Not Applicable

RECOMMENDATION:

That Council

- 1. As per Local Government Regulations 2012 s 262, repeal resolution 09-09-21 (September Ordinary Meeting), "That Council accepts the offer from Hastings Deering for the Purchase of one Caterpillar CS78B Smooth Drum Vibrating Roller for \$187,900.00 excl GST; and
- 2. A) accepts the offer from Hastings Deering for the Purchase of one Caterpillar CS78B Vibrating Roller for \$212,900.00 excl GST; and
 - *B)* accepts the following list of plant items be sold by on-line auction:
 - 104 Dynapac CA302 Flat drum roller
 - 106 Ammann Multi Tyred Roller
 - 117 Bobcat Skid Steer
 - 1111 Ford Ranger

DISCUSSION:

Tenders were called for the replacement of the current Dynapac Unit # 104. Tenders were received on Vendor Panel by closing time for roller.

A summary of the tenders received from Hastings Deering, Construction Equipment Australia, Tutt-Bryant and 2 non-conforming Tenders from Conplant.

SUMMARY OF TENDERS RECEIVED

Delivery	8-10 Weeks		May - June 2022	May - June 2022	Jan-22

Further research following the September Ordinary Council Meeting revealed that selling the superseded plant item by on-line auction would provide an improved financial outcome to Council.

All items to be sold by on-line auction include:

- 104 Dynapac CA302 Flat drum roller
- 106 Ammann Multi Tyred Roller
- 117 Bobcat Skid Steer
- 1111 Ford Ranger

FINANCIAL:

Reimbursement will be via the DRFA arrangements with the Queensland Reconstruction Authority.

Selling the listed online plant items by online auction will provide an improved financial outcome to Council.

CONSULTATION:

A pretender meeting was held with all local contractors prior to the calling of tenders.

Governance

14.4 (10/21) – 2021/22 Operational Plan First Quarter Assessment

Author: Manager Governance and Compliance

IX: 217127

PURPOSE:

The purpose of this report is to present the first quarter assessment of the 2021/22 Operational Plan to Council for information.

POLICY/LEGISLATION:

Local Government Act 2009 Local Government Regulation 2012 CORPORATE PLAN:

Not applicable

RECOMMENDATION:

That the Council notes the first quarter assessment for the 2021/22 Operational Plan.

BACKGROUND:

Council's Operational Plan is the detailed business and organizational planning document and forms the basis of Council's annual budget. The plan translates our community's needs, expectations and aspirations into action.

The Operational Plan is monitored on an on-going basis to ensure Council is achieving the outcomes for the financial year.

Section 174 of the Local Government Regulation 2012 requires the Chief Executive Officer to present a written assessment of the local government's progress towards implementing the annual operational plan at meetings of the local government held at regular intervals of no more than three months.

DISCUSSION:

The first quarter assessment of the 2021/22 Operational Plan is provided as Attachment A.

Progress on the completion of the plan has generally been satisfactory or better.

FINANCIAL:

As detailed in Council's budget for the financial year.

CONSULTATION:

Not applicable

ATTACHMENTS:

Attachment A - 2021/22 Operational Plan First Quarter Review.

QUILPIE SHIRE COUNCIL OPERATIONAL PLAN

2021-2022

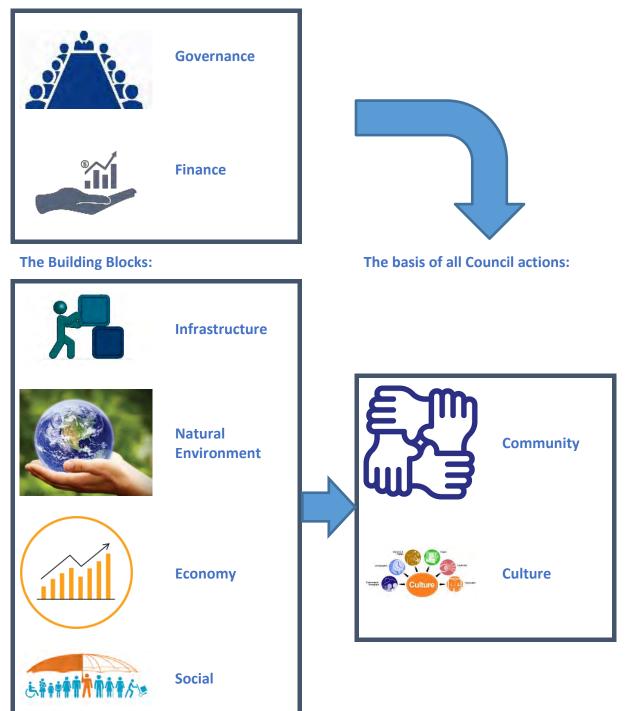

Introduction

The Quilpie Shire Council's Operational Plan is an important element of Council's overall strategic framework. This plan links relevant operational activities proposed for the 2021/2022 financial year directly to Council's 5 year Corporate Plan and to the 2021/2022 budget.

Council's Corporate Plan 2017 – 2022 identifies two foundation elements and four building blocks.

The Foundations:

About the Operational Plan

Our Operational Plan and Budget set the direction for the 2021/2022 financial year and identify how we will measure our performance. The Operational Plan is a one-year plan that details the day to day operations of council to deliver its services to the community, building and delivering on the Corporate Plan. The development of Council's Operational Plan is a legislative requirement of the *Local Government Act 2009* and *Local Government Regulation 2012*. Legislation requires that the annual Operational Plan and Budget be consistent.

Council's budget outlines the financial plan to deliver the services and activities in the corporate and operational plan. The budget is also informed by the Council's long-term asset management plan and the long-term financial plan which guide Council's financial sustainability for the next ten years.

Council's Budget and Operational Plan have been developed consistent with the following local government principles prescribed in the *Local Government Act 2009*:

- Transparent and effective processes and decision making in the public interest;
- Ethical and legal behaviour of councillors and local government employees;
- Sustainable development and management of assets and infrastructure, and delivery of effective services;
- Good governance of, and by, local government;
- Democratic representation, social inclusion and meaningful community engagement.

Aligning the Operational Plan to the Budget

The Budget and Operational Plan are structured in line with the services and projects delivered by council.

Managing Operational Risks

The operational planning process includes management of Council's strategic and operational risks. Council's commitment to risk management is outlined in the Enterprise Risk Management Policy.

In 2021/2022, Council will progress the implementation of its Corporate Plan 2017/2022 and its risk management strategy.

Measuring our Performance

Regular reporting provides Council with the opportunity to ensure services are delivered in a timely manner and within allocated resources. It also enables council to be more responsive to significant changes in the operating environment that can impact on organisational capacity to deliver our services. To this end this Operational Plan will be reviewed on a quarterly basis.

Undertake a review of Council's Fees and Charges to optimise the potential of full cost recovery for services.	Manager Finance and Administration	01/10/21	31/12/21	Yet to Commence – Council are awaiting the appointment of a new Manager Finance & Administration prior to commencing this project.				

Quilpie Shire Council has a local, regional and global responsibility to current and future generations to protect and enhance the quality of our environment. Preserving our natural environment will ensure that the unique biodiversity of the far southwest is maintained. In planning for the future, Council will lead by example in valuing, promoting and protecting the ecological values of the region and try to influence key environmental issues such as climate change, waste management and healthy waterways.

3.1 Develop a Biosecurity Management Plan

Action	Responsible Person	Start Date	End Date	Status	Result Q1	Result Q2	Result Q3	Result Q4
Finalise and implement the Invasive Pest Control Scheme	Director Corp & Comm Services	01/07/21	30/06/22	September 2021 - Final round of reminder letters sent to landholders				

Foundation 4: Built Environment

Well planned, effectively staged and delivered infrastructure is critical to support growth and t ensure transport and communications are effective and efficient. When providing infrastructure, it is critical that it is designed, operated and maintained to minimise lifecycle costs. Infrastructure should assist our communities by providing a "liveable" and safe environment. In challenging economic times, successful key partnerships and a range of funding options will be critical.

4.1 Lobby the Department of Transport and Main Roads to upgrade the Quilpie-Adavale Red Road

Identify and promote grants available to community groups and not-for-profit organisations within the Shire.	Director Corp & Comm Services	01/07/21	30/06/22	July 2021 – 3 successful grant applications August 2021 – 1 successful grant application	8			

Strategic Decision Report

Governance

14.5 (10/21) – Mining Claim Notice 300380 – Michael Cosentino

IX: 217118

Author: Manager Governance and Compliance

PURPOSE:

The purpose of this report is to allow Council to provide their views to the Department of Resources (DR) State Land Asset Management (SLAM) unit on a Mining Claim Application Certificate for Mining Claim No. 300380.

POLICY/LEGISLATION:

Mineral Resources Act 1989 (Qld)

CORPORATE PLAN:

N/A

RECOMMENDATION:

That Council resolves to offer no objection to the Mining Claim Application 300380 by Michael Cosentino.

BACKGROUND:

A mining claim allows small-scale mining operations such as prospecting and hand-mining to take place within its boundaries. If the mining claim is 'prescribed', the miner can use machinery to prospect, explore or mine. A person or company can hold a maximum of two mining claims at once.

A mining claim can be issued for any mineral other than coal, while a prescribed mining claim is only for corundum, gemstones or other precious stones. The miner has exclusive access to the surface of the mining claim area for purposes authorised by the claim while it is in force.

Applicants for a mining claim are not required to have an environmental authority if their activities meet the criteria for a small-scale mining activity. Instead, their activities need to comply with the Small-Scale Mining Code.

DISCUSSION:

The mining claim application 300380 was issued by the Department of Resources on 20 September 2021 to the applicant. The applicant is Michael Cosentino and the mining claim is located in Boran.

As part of the issuance, the applicant must notify the landholder and the relevant local government of the mining claim notice, mining claim application and a guide for landholders in relation to compensation. The location, mining claim notice and the mining claim application are presented in *Attachment A* and *Attachment B*.

An entity may object to the mining claim application before the last objection day ends. Objections must be in the approved form, served on the applicant, and lodged with the Department. The objection period ends on 19 October 2021.

FINANCIAL:

If the Council objects, there may be financial costs related to that objection action. However, if Council does not object and the mining claim comes into effect, the mining claim will accrue rate charges to be paid to the Council.

CONSULTATION:

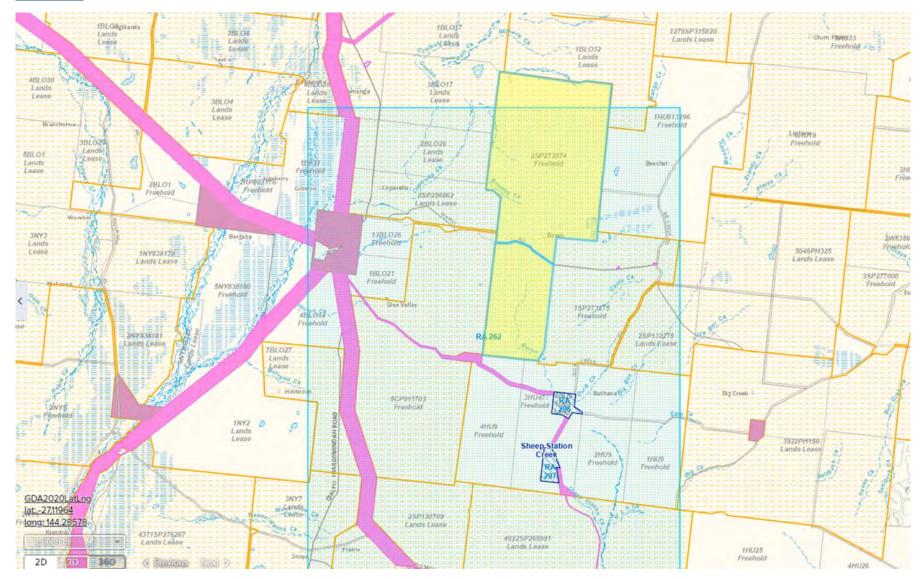

No consultation is necessary. Council is not the landholder. As per the Mining Claim Notice, the applicant should have already advised the concerned landholder/s about the mining claim notice and the objection period.

ATTACHMENTS:

Attachment A – Map of the location

Attachment B – Mining Claim Application and Mining Claim Notice

LOCATION: Boran

Land information details

In this worksheet, input the land information details that will be included in your new permit application. The column headings with * are mandatory and require data to be completed either by selection of an item from a pick-list or entering some texts. You can 'copy and paste' multiple items in the same column. Each individual cell will give you instruction on how to enter the correct data.

	Corundum	Specify mineral:	

3. Area of Disturbance

The area of disturbance will be:

Note that ERC amounts displayed below are current as at 7.12.2020 and may be subject to change

Area of disturbance	Hand mining Hand mining (not Mac (previously previously mined) with mined)		Machinery mining with no dam	Machinery mining with a dam
Up to 0.1 hectares	(\$200 ERC)	(\$400 ERC)	(\$400 ERC)	(\$3,400 ERC)
0.1 to 0.5 hectares	12 (\$400 ERC)	(\$800 ERC)	(\$2,000 ERC)	(\$5,000 ERC)
0.5 to 1 hectares	🗍 (\$1,000 ERC)	(\$2,000 ERC)	(\$4,000 ERC)	(\$7,000 ERC)
1 to 2 hectares	□ (\$2,000 ERC) □ (\$4,000 ERC) □ (\$8,000 ERC)		(\$8,000 ERC)	(\$11,000 ERC)
2 to 3 hectares	(\$3,000 ERC)	(\$6,000 ERC)	(\$12,000 ERC)	(\$15,000 ERC)
3 to 4 hectares	🗌 (\$4,000 ERC)	(\$8,000 ERC)	(\$16,000 ERC)	(\$19,000 ERC)
4 to 5 hectares	🗌 (\$5,000 ERC)	(\$10,000 ERC)	(\$20,000 ERC)	(\$2,3000 ERC)

**Note: area of disturbance will be used to <u>calculate estimated rehabilitation cost (ERC)</u> as per Schedule 16 of the *Environmental Protection Regulation 2019. Machinery mining with a dam will incur* a higher ERC

4. Proposed work program

It is a requirement of the Mineral Resources Act 1989 for a mining claim application to include a work program for the activities to be carried out. Information on proposed activities for each year of

The work program template identifies six areas of activity. Please complete the following work program template with your intended activities for each year:

- Site preparation construction and maintenance of camp, storage, fencing, access (2)
- Mining preparation shafts, construction of water and process dams, soil or surface stripping, plant and equipment (3)
- Mining activity -- general mining operations (4)
- Backfill shafts / open-cut progressive rehabilitation of areas whilst still mining Removal of Structures - general tidy up and/or approaching end of life (5)
- Rehabilitation-works undertaken to enable finalisation of tenure. (6)

The following mining equipment/machinery is p Excavator / Dozo	roposed for opencu ニ へ	it:	

Underground

(Note: Mining claims in <u>Restricted Areas</u> 1, 25 and 77 are subject to conditions relating to access shafts. An access shaft must not have a diameter of more than 1m and be back-filled after the mining activity, for which the access shaft was used, ends. Also, no more than 3 access shafts may be open, at any time, on the mining claim land and an opened access shaft must be interconnected for ventilation and egress while the mining activity, for which the access shaft is used, is being carried on.)

Number of shafts proposed:(Note: a maximum of three (3) shafts may be open at any one time)	any
--	-----

Dimensions of shaft(s):	1.	m (diameter) x	m (depth)
	2.	m (diameter) x	m (depth)
	3.	m (diameter) x	m (depth)
Drives will be dug at the following level(s):	1.		
	2.		
	3.		

Underground shafts will be ventilated using the following methods:

The following equipment is proposed to be used for underground mining:

6. Water storage

Note: your proposed water storage must comply with the environmental conditions attached to this permit, more information is available from Department of Environment and Science website.

Will you be constructing or erecting a storage facility?	water	Yes		×	N	lo 🗌
		(loi	ng) :	x (wide) x	(de	ep)
Type Mastic Water A	ank Size			/() m		
Туре	Size	m	х	m		, c m
Туре	Size	m	x	m	x	m

Type (e.g. Tanks, Excavation, Gully, Turkey's Nest) Note: types must be shown on sketch of claim at Question 15.

7. Previous workings/working on adjoining claims/leases

Does the claim area contain previous underground/open cut workings OR are there other claims/leases underground or open cut workings adjoining the boundaries of your claim?	Yes	Ū	No	
If yes ▶ It is a requirement under the <i>Mining and Quarrying Safety and Health Re</i> plans of the workings conducted on the mining claim during the current claim, as abandoned workings, must be maintained on the site (section 82).	gulation well as	on 201 s any p	7 that prior o	
Provide a copy of these plans, in a format acceptable to the Department, wi program.	th this	work		

8. Quantity of ore and mineral

It is a requirement under the *Mineral Resources Act 1989* that a mining claim must contain workable quantities of mineral or ore. These questions assist in determining whether that is the case.

The percentage of the permit that has been previously worked (by all holders over time) is:	60	%
The percentage of the permit that is intended to be worked over the next five (5) years is:	20	%
There are sufficient mineral or ore deposits in the permit to sustain bona-fide mining activities for the next:	10	years

9. Treatment of ore

Recovery of the mineral will be carried out using the following methods:				
HanD				

Separation of the ore will be carried out using the following methods:

	<u>ا</u>	
+	lan	5
١.	1000	~

The following chemicals will be used in the recovery of the ore:

 N_{11}

Note: Your use of chemicals must comply with the environmental conditions attached to this permit, more information is available from the environmental regulator's website.

10. Electrical equipment

If you are using power for any purposes associated with your mining claim, you must ensure you comply with your safety responsibilities under the *Mining and Quarrying Safety and Health Act 1999*. Submission of the information in this section does not absolve you of your responsibilities under that Act.

The following	electrical equi	pment will be us	sed on the surfa	ce of the claim:
---------------	-----------------	------------------	------------------	------------------

The following electrical equipment will be used underground:

Power on the site will be obtained from:	Mains supply	Private generator	

Contact the Electrical Inspector of Mines, Resources Safety & Health Queensland for more advice.

11. Explosives

Note: Explosives may only be used where the mining claim permit **specifically authorises** their use. Refer to your certificate of grant to determine whether use is authorised.

Do you intend to use explosives?	Yes		No	X	
If yes > Before using explosives you are required to obtain authorisation in accordance with the					
provisions of the Explosives Act 1999 and Explosives Regulation 2017. Contact the Explosives					
Inspectorate, Resources Safety & Health Queensland for more	e advice	. Contact	information on w	/ebsite	

12. Work commitment

I intend to work the following number of hours on actual mining for mineral or ore:	20 hr per week
(This must not include any time spent on building plant, maintenance, marke or other ancillary activities to actual mining).	ting (selling) the mineral,
I will employ the following number of people to work on the surface and/or underground on the claim to assist in actual mining activity:	people

Ensure you complete and attach your assessment with this work program

Important note -

Buildings/structures may be erected on the claim provided they are **temporary** in nature. The residence may be a temporary structure and only erected for a person who is legitimately using the land for mining activities. Please refer to the <u>Mining claim application guide</u> for more information on the types of buildings/structures that may be erected on a mining claim.

If the buildings and structures on the site have increased in size, or the construction materials have significantly increased in durability/permanence, additional security may be required to cover the costs of removal at the end of the tenure. If buildings/structures are considered to be permanent in nature, their removal or reduction to a more temporary nature may be required before an application will be approved.

Department of Resources Mining claim work program template v6.2

Description of mining operations

Mining claim number

1. Work program to support

Application	N	Renewal	
Transfer application			L.]
		5 year requirement s81(1)(d) MRA	

2. Mineral to be mined

r			
Opal	Z	Precious stones	
Gemstones		Other	
Corundum		Specify mineral:	

3. Area of Disturbance

The area of disturbance will be:	
Note that ERC amounts displayed below are current as	s at 7.12.2020 and may be subject to chance

Area of disturbance	Hand mining (previously mined)	Hand mining (not previously mined)	Machinery mining with no dam	Machinery mining with a dam
Up to 0.1 hectares	(\$200 ERC)	(\$400 ERC)	(\$400 ERC)	(\$3,400 ERC)
0.1 to 0.5 hectares	K\$400 ERC) VC	(\$800 ERC)	(\$2,000 ERC)	(\$5,000 ERC)
0.5 to 1 hectares	🗌 (\$1,000 ERC)	(\$2,000 ERC)	(\$4,000 ERC)	(\$7,000 ERC)
1 to 2 hectares	🗍 (\$2,000 ERC)	(\$4,000 ERC)	(\$8,000 ERC)	(\$11,000 ERC)
2 to 3 hectares	(\$3,000 ERC)	(\$6,000 ERC)	(\$12,000 ERC)	(\$15,000 ERC)
3 to 4 hectares	🗌 (\$4,000 ERC)	(\$8,000 ERC)	(\$16,000 ERC)	(\$19,000 ERC)
4 to 5 hectares	🗌 (\$5,000 ERC)	(\$10,000 ERC)	(\$20.000 ERC)	(\$2,3000 ERC)

**Note: area of disturbance will be used to <u>calculate estimated rehabilitation cost (ERC)</u> as per Schedule 16 of the *Environmental Protection Regulation 2019. Machinery mining with a dam will incur* a higher ERC

4. Proposed work program

It is a requirement of the Mineral Resources Act 1989 for a mining claim application to include a work program for the activities to be carried out. Information on proposed activities for each year of

The work program template identifies six areas of activity. Please complete the following work program template with your intended activities for each year:

- Site preparation construction and maintenance of camp, storage, fencing, access (2)
- Mining preparation shafts, construction of water and process dams, soil or surface stripping, plant and equipment (3)
- Mining activity general mining operations (4)
- (5)
- Backfill shafts / open-cut progressive rehabilitation of areas whilst still mining Removal of Structures - general tidy up and/or approaching end of life (6)
 - Rehabilitation-works undertaken to enable finalisation of tenure.

5. Methods

Mining will be carried out using	the follo	owing method:	10.0	
Open cut (surface)		Underground		Open cut and underground
(Complete the necessary section below)				

Open cut

The maximum size of the open cut will be:	m (long) x	m (wide) x	m (deep)
	50	20	15
he following mining equipment/machinery is pr Excavator / Dozo	oposed for opencu	t:	1.1.1.1
Lacarter / 0026	AL .		

Underground

(Note: Mining claims in <u>Restricted Areas</u> 1, 25 and 77 are subject to conditions relating to access shafts. An access shaft must not have a diameter of more than 1m and be back-filled after the mining activity, for which the access shaft was used, ends. Also, no more than 3 access shafts may be open, at any time, on the mining claim land and an opened access shaft must be interconnected for ventilation and egress while the mining activity, for which the access shaft is used, is being carried on.)

Number of shafts proposed:	(Note: a maximum of three (2) - to st
Number of existing Shafts:	(Note: a maximum of three (3) shafts may be open at any one time)

Dimensions of shaft(s):	1.	m (diameter) x	m (depth)
	2.	m (diameter) x	m (depth)
	3.	m (diameter) x	m (depth)
Drives will be dug at the following level(s):	1.		
	2.		
	3.		

Underground shafts will be ventilated using the following methods:

The following equipment is proposed to be used for underground mining:

6. Water storage

Note: your proposed water storage must comply with the environmental conditions attached to this permit, more information is available from Department of Environment and Science website.

Will you be constructing or erecti storage facility?	ng a water	Yes		×	N	No 🗌
		(loi	ng) :	x (wide) x	(de	ep)
Type Mastic Wates	tank Size					/& m
Туре	Size	m	x	m		, c m
Туре	Size	m	x	m	x	m

Type (e.g. Tanks, Excavation, Gully, Turkey's Nest) Note: types must be shown on sketch of claim at Question 15.

7. Previous workings/working on adjoining claims/leases

Does the claim area contain previous underground/open cut workings OR are there other claims/leases underground or open cut workings adjoining Yes I No I the boundaries of your claim?]
If yes ▶ It is a requirement under the <i>Mining and Quarrying Safety and Health Regulation 2017</i> that plans of the workings conducted on the mining claim during the current claim, as well as any prior or abandoned workings, must be maintained on the site (section 82).	

Provide a copy of these plans, in a format acceptable to the Department, with this work program.

8. Quantity of ore and mineral

It is a requirement under the *Mineral Resources Act 1989* that a mining claim must contain workable quantities of mineral or ore. These questions assist in determining whether that is the case.

The percentage of the permit that has been previously worked (by all holders over time) is:	60	%
The percentage of the permit that is intended to be worked over the next five (5) years is:	20	%
There are sufficient mineral or ore deposits in the permit to sustain bona-fide mining activities for the next:	10	years

9. Treatment of ore

Recovery of the mineral will be carried out using the following methods:					
the following me following me	ethods:				
tand					
, , , , , , , , , , , , , , , , , , ,					
1					

Separation of the ore will be carried out using the following methods:

Hav	5
1 ICN	~ 1

The following chemicals will be used in the recovery of the ore:

NIL

Note: Your use of chemicals must comply with the environmental conditions attached to this permit, more information is available from the environmental regulator's website.

10. Electrical equipment

If you are using power for any purposes associated with your mining claim, you must ensure you comply with your safety responsibilities under the *Mining and Quarrying Safety and Health Act 1999*. Submission of the information in this section does not absolve you of your responsibilities under that Act.

The followin	g electrical ed	uipment will be used o	on the surface of the claim	:
--------------	-----------------	------------------------	-----------------------------	---

The following electrical equipment will be used underground:

Power on the site will be obtained from:	Mains supply	Private generator	

Contact the Electrical Inspector of Mines, Resources Safety & Health Queensland for more advice.

11. Explosives

Note: Explosives may only be used where the mining claim permit **specifically authorises** their use. Refer to your certificate of grant to determine whether use is authorised.

Do you intend to use explosives?	Yes		No	X	
If yes > Before using explosives you are required to obtain authorisation in accordance with the					
provisions of the Explosives Act 1999 and Explosives Regulation 2017. Contact the Explosives					
Inspectorate, Resources Safety & Health Queensland for more	e advice	e. Contact	information on w	/ebsite	

12. Work commitment

I intend to work the following number of hours on actual mining for mineral or ore:	20 hr per week
(This must not include any time spent on building plant, maintenance, mark or other ancillary activities to actual mining).	eting (selling) the mineral,
I will employ the following number of people to work on the surface	

and/or underground on the claim to assist in actual mining activity:

🚶 people

Mining will	occur durir	ig the follow	ving month	s:	~	1.1.1.1

Concertion of the second	self-assessment security calcula				

Ensure you complete and attach your assessment with this work program

Important note -

Buildings/structures may be erected on the claim provided they are **temporary** in nature. The residence may be a temporary structure and only erected for a person who is legitimately using the land for mining activities. Please refer to the <u>Mining claim application guide</u> for more information on the types of buildings/structures that may be erected on a mining claim.

If the buildings and structures on the site have increased in size, or the construction materials have significantly increased in durability/permanence, additional security may be required to cover the costs of removal at the end of the tenure. If buildings/structures are considered to be permanent in nature, their removal or reduction to a more temporary nature may be required before an application will be approved.

Department of Resources

Mining Claim Notice

20 September 2021

Reference: MC 300380

Michel Cosentino 766 Old Bega Road WINIFRED NSW 2631

Dear Sir/Madam

I refer to your application for a mining claim lodged on 7 July 2021.

We are pleased to advise that the mining claim notice for mining claim application 300380 has been issued.¹ The notice is **attached** to this letter. Please check that the details on the notice are accurate.

The objection period has now started and the last day of the objection period is 19/10/2021.

Please Note: No mining activities are permitted on the area of this application prior to grant.

What do I need to do now (within five (5) business days)?

Notify relevant persons

Give a **copy** of the mining claim notice, the mining claim application and *a guide to landholder compensation for mining claims and mining leases*² to:

- each owner of land in the area of the proposed mining claim or any other land necessary for access to the mining claim; and
- the relevant local government.

If your mining claim is operating under and environmental authority (EA), you also need to provide a copy of the EA to the land owner/s and relevant local government.³

What happens next?

Objections - an entity may object to your mining claim application before the last objection day ends. Objections must be in the approved form, served on you, and lodged with the Department. If a conference was scheduled between the mining claim applicant and the owner of relevant land, they can object to the mining claim application up to five (5) business days after the conference date.

Consents that may be required

¹ Pursuant to section 64 of the *Mineral Resources Act 1989*.

² Available online at <u>https://www.resources.qld.gov.au/___data/assets/pdf_file/0007/1441447/landholders-compensation-guide.pdf</u>.

³ Available online at https://www.resources.qld.gov.au/__data/assets/pdf_file/0006/262374/small-scale-mining-code.pdf

- **Restricted Land** a mining claim can only be granted over the surface of land that is restricted land⁴ when the application for claim is lodged only if
 - the landowner and any occupier, for land on which the relevant permanent building or feature is situated, consents in writing to the application; and
 - the applicant lodges the written consent with the Department before the last objection day ends.
- **Reserve Land** a mining claim cannot be granted over land that is a reserve except with the consent of the land owner or the consent of the Governor in Council. The consent needs to be in writing and provided to the Department.

Declaring your compliance with obligations

Within **five (5) business days** after the objection periods ends, you must give the Department a Statutory Declaration⁵ declaring whether the applicant has complied with the notice requirements in sections 64A of the *Mineral Resources Act 1989*.

If you do not provide the Declaration within five (5) business days you will need to request a late lodgement. A form of Declaration is enclosed for your assistance.⁶

Key dates:

Last day for notifying land owners and local government: 27/09/2021 Last day for objections: 19/10/2021 Last day for lodging declarations: 26/10/2021

Where do I find more information?

There are a range of useful resources available to assist you online at <u>https://www.business.qld.gov.au/industries/mining-energy-water/resources</u>. You can also download guidelines and policies on your mining claim obligations, landholder compensation and native title as it applies to mining and exploration activities.

If you have questions about specific details relating to the above permit contact the Mineral Assessment Hub on MineralHub@resources.qld.gov.au or 07 4447 9230.

If you would like to receive future reminders via email, or need help desk services, please register with MyMinesOnline via the website or email: <u>myminesonline@resources.qld.gov.au.</u>

Regards,

Minerals and Coal | Georesources Department of Resources

⁴ For what is restricted land see section 68 of the Mineral and Energy Resources (Common Provisions) Act 2014.

⁵ Available online at https://www.resources.qld.gov.au/data/assets/word_doc/0005/262688/declaration-compliance-mining-lease.doc ⁶ Available online at https://www.resources.qld.gov.au/data/assets/word_doc/0005/262688/declaration-compliance-mining-lease.doc

Mineral Resources Act 1989

(Section 64)

NOTICE FOR MINING CLAIM NO. 300380

This is to certify that the undermentioned made application on the day and at the time indicated hereunder for a mining claim under the provisions of the abovementioned Act.

Mining Claim No.	300380	Mining District	Quilpie
Locality	70km south of Qu	ilpie Property name Bora	n
Local Government	Quilpie Shire Cou	ncil	
Date marked out		01/07/2021	
Date and Time Applicatio	on Lodged	07/07/2021 08:30 AM	
Mining For/Purpose	Opal		

The application and additional documents given to the Department about this application may be inspected at the Assessment hub who issued this notice. The office details can be found online at <u>www.resources.qld.gov.au/mining-resources</u>.

Term of Claim Applied For 10 years

Full Name of Applicant/s

Share %

100.00000000000

Cosentino Michael

Any objection from an owner of relevant land or the relevant local government to this Mining Claim Application must be lodged with a Mines Lodgement Office on or before 19 October 2021. A copy of such objection is required to be served upon the Applicant(s) on or before that date at the following address:-

766 Old Bega Road WINIFRED NSW 2631

Issued by the Mineral Assessment Hub on 20 September 2021.

Anthony Chapman Delegate of the Chief Executive

Strategic Decision Report

Governance

14.6 (10/21) – Mining Claim Notice 300378 – Sue Marshall and Gavin Marshall

IX: 217123

Author: Manager Governance and Compliance

PURPOSE:

The purpose of this report is to allow Council to provide their views to the Department of Resources (DR) State Land Asset Management (SLAM) unit on a Mining Claim Application Certificate for Mining Claim No. 300378.

POLICY/LEGISLATION:

Mineral Resources Act 1989 (Qld)

CORPORATE PLAN:

N/A

RECOMMENDATION:

That Council resolves to offer no objection to the Mining Claim Application 300378 by Sue Marshall and Gavin Marshall.

BACKGROUND:

A mining claim allows small-scale mining operations such as prospecting and hand-mining to take place within its boundaries. If the mining claim is 'prescribed', the miner can use machinery to prospect, explore or mine. A person or company can hold a maximum of two mining claims at once.

A mining claim can be issued for any mineral other than coal, while a prescribed mining claim is only for corundum, gemstones or other precious stones. The miner has exclusive access to the surface of the mining claim area for purposes authorised by the claim while it is in force.

Applicants for a mining claim are not required to have an environmental authority if their activities meet the criteria for a small-scale mining activity. Instead, their activities need to comply with the Small-Scale Mining Code.

DISCUSSION:

The mining claim application 300378 was issued by the Department of Resources on 20 September 2021 to the applicant. The applicants are Sue Marshall and Gavin Marshall and the mining claim is located in Lissoy.

As part of the issuance, the applicant must notify the landholder and the relevant local government of the mining claim notice, mining claim application and a guide for landholders in relation to compensation. The location, mining claim notice and the mining claim application are presented in *Attachment A* and *Attachment B*.

An entity may object to the mining claim application before the last objection day ends. Objections must be in the approved form, served on the applicant, and lodged with the Department. The objection period ends on 25 October 2021.

FINANCIAL:

If the Council objects, there may be financial costs related to that objection action. However, if Council does not object and the mining claim comes into effect, the mining claim will accrue rate charges to be paid to the Council.

CONSULTATION:

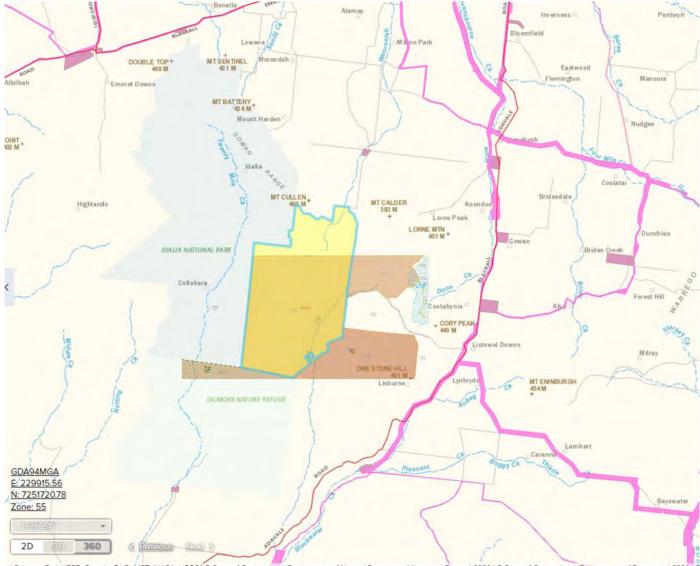

No consultation is necessary. Council is not the landholder. As per the Mining Claim Notice, the applicant should have already advised the concerned landholder/s about the mining claim notice and the objection period.

ATTACHMENTS:

Attachment A – Map of the location

Attachment B – Mining Claim Application and Mining Claim Notice

Legend

Land information details

In this worksheet, input the land information details that will be included in your new permit application. The column headings with * are mandatory and require data to be completed either by selection of an item from a pick-list or entering some texts. You can 'copy and paste' multiple items in the same column. Each individual cell will give you instruction on how to enter the correct data.

Department of Resources Mining claim work program template v6.2

Mining claim number

Description of mining operations

1. Work program to support

Application	X	Renewal	
Transfer application		5 year requirement s81(1)(d) MRA	

2. Mineral to be mined

Opal	X	Precious stones	×
Gemstones		Other	
Corundum		Specify mineral:	

3. Area of Disturbance

The area of disturbance will be:				Careford and the second second
Note that ERC amounts displayed below a	re current as	at 7.12.2020 and	may be subject i	to change

Area of disturbance	Hand mining (previously mined)	Hand mining (not previously mined)	Machinery mining with no dam	Machinery mining with a dam
Up to 0.1 hectares	(\$200 ERC)	(\$400 ERC)	(\$400 ERC)	(\$3,400 ERC)
0.1 to 0.5 hectares	🕅 (\$400 ERC)	(\$800 ERC)	(\$2,000 ERC)	(\$5,000 ERC)
0.5 to 1 hectares	🗌 (\$1,000 ERC)	(\$2,000 ERC)	(\$4,000 ERC)	(\$7,000 ERC)
1 to 2 hectares	(\$2,000 ERC)	(\$4,000 ERC)	(\$8,000 ERC)	(\$11,000 ERC)
2 to 3 hectares	🗌 (\$3,000 ERC)	(\$6,000 ERC)	(\$12,000 ERC)	(\$15,000 ERC)
3 to 4 hectares	(\$4,000 ERC)	(\$8,000 ERC)	(\$16,000 ERC)	(\$19,000 ERC)
4 to 5 hectares	(\$5,000 ERC)	(\$10,000 ERC)	(\$20,000 ERC)	(\$2,3000 ERC)

**Note: area of disturbance will be used to <u>calculate estimated rehabilitation cost (ERC)</u> as per Schedule 16 of the *Environmental Protection Regulation 2019. Machinery mining with a dam will incur a higher ERC*

4. Proposed work program

It is a requirement of the *Mineral Resources Act 1989* for a mining claim application to include a work program for the activities to be carried out. Information on proposed activities for each year of the term of the claim should be detailed.

The work program template identifies six areas of activity. Please complete the following work program template with your intended activities for each year:

- (1) Site preparation construction and maintenance of camp, storage, fencing, access
- Mining preparation shafts, construction of water and process dams, soil or surface stripping,
- (3) Mining activity general mining operations
- (4) Backfill shafts / open-cut progressive rehabilitation of areas whilst still mining
- (5) Removal of Structures general tidy up and/or approaching end of life
- (6) Rehabilitation- works undertaken to enable finalisation of tenure.

	Year 1
 Please tick one or more boxes indicating what activities will be undertaken during the year: Site Preparation Mining Preparation Mining Activity Undertaken Backfill shafts/open-cut Removal of structures Rehabilitation 	Please provide details: Upgrade access Track Remove Overburden (1-2m) Erect Temporary structures (shed & pad)
	Year 2
 Please tick one or more boxes indicating what activities will be undertaken during the year: Site Preparation Mining Preparation Mining Activity Undertaken Backfill shafts/open-cut Removal of structures Rehabilitation 	Please provide details: Free dig/rip opt seam Hand sorting Opt.
	Year 3
 Please tick one or more boxes indicating what activities will be undertaken during the year: Site Preparation Mining Preparation Mining Activity Undertaken Backfill shafts/open-cut Removal of structures Rehabilitation 	Please provide details: As above

-2-

Year 4
Please provide details:
As Above
Year 5
Please provide details:
As Above programme.

5. Methods

	Open cut (surface)		Underground		Open cut and underground
--	--------------------	--	-------------	--	--------------------------

Open cut

The maximum size of the open cut will be:	50 m (long) x	20 m (wide) x	\0m (deep)

The following mining equipment/machinery is proposed for opencut:

Dozer Excavator Trucks

Underground

(Note: Mining claims in <u>Restricted Areas</u> 1, 25 and 77 are subject to conditions relating to access shafts. An access shaft must not have a diameter of more than 1m and be back-filled after the mining activity, for which the access shaft was used, ends. Also, no more than 3 access shafts may be open, at any time, on the mining claim land and an opened access shaft must be interconnected for ventilation and egress while the mining activity, for which the access shaft is used, is being carried on.)

Number of shafts proposed:	(Note: a maximum of three (3) shafts may be open at any
Number of existing Shafts:	one time)

Dimensions of shaft(s):	1.	m (diameter) x	m (depth)
NIA	2.	m (diameter) x	m (depth)
1-1	3.	m (diameter) x	m (depth)
Drives will be dug at the following level(s):	1.		
ALLA	2.	a.	
10 0	3.		
	1		
The total surface area to be used for tailing stockpiled ore and overburden is:	ıs, dump	s, 1 00m ²	

Underground shafts will be ventilated using the following methods:

The following equipment is proposed to be used for underground mining:

ALA

6. Water storage

Note: your proposed water storage must comply with the environmental conditions attached to this permit, more information is available from Department of Environment and Science website.

Will you be constructing or erecting a water storage facility?		Yes	L]	No	X	
If yes			(lon	g) x (w	vide) x	(deep)	
Туре	1	Size	m	х	m	х	m
Туре	ALA	Size	m	x	m	x	m
Туре	101	Size	m	x	m	x	m

Type (e.g. Tanks, Excavation, Gully, Turkey's Nest) Note: types must be shown on sketch of claim at Question 15.

2

-4-

7. Previous workings/working on adjoining claims/leases

Does the claim area contain previous underground/open cut workings OR are there other claims/leases underground or open cut workings adjoining the boundaries of your claim?	Yes		No	
If yes ▶ It is a requirement under the <i>Mining and Quarrying Safety and Health Re</i> plans of the workings conducted on the mining claim during the current claim, as abandoned workings, must be maintained on the site (section 82).	gulati well a	on 20 s any	17 th prior	at or
Provide a copy of these plans, in a format acceptable to the Department, wi program.	th this	s wor	'k	

8. Quantity of ore and mineral

It is a requirement under the *Mineral Resources Act 1989* that a mining claim must contain workable quantities of mineral or ore. These questions assist in determining whether that is the case.

The percentage of the permit that has been previously worked (by all holders over time) is:	S %
The percentage of the permit that is intended to be worked over the next five (5) years is:	15 %
There are sufficient mineral or ore deposits in the permit to sustain bona-fide mining activities for the next:	5 years

9. Treatment of ore

Recovery of the mineral will be carried out using the following methods:

Dozing/TRUCKING/Sorting

Separation of the ore will be carried out using the following methods:

The following chemicals will be used in the recovery of the ore:

NONE

Note: Your use of chemicals must comply with the environmental conditions attached to this permit, more information is available from the environmental regulator's website.

10. Electrical equipment

If you are using power for any purposes associated with your mining claim, you must ensure you comply with your safety responsibilities under the *Mining and Quarrying Safety and Health Act 1999*. Submission of the information in this section does not absolve you of your responsibilities under that Act.

ne following electrical equipment will be used on the surface of the claim:	
Portable Generator	
Tor while years	
he following electrical equipment will be used underground:	

NA

Power on the site will be obtained from:	Mains supply	Private generator	R

Contact the Electrical Inspector of Mines, Resources Safety & Health Queensland for more advice.

11. Explosives

Note: Explosives may only be used where the mining claim permit **specifically authorises** their use. Refer to your certificate of grant to determine whether use is authorised.

Do you intend to use explosives?	Yes		No	
If yes before using explosives you are required to oprovisions of the <i>Explosives Act 1999</i> and <i>Explosives</i> Inspectorate, Resources Safety & Health Queensland	S Regulation ZU	11. Condoc	LITO EXPLOSITO	

12. Work commitment

l intend to work the following number of hours on actual mining for	30 per week
mineral or ore: (This must not include any time spent on building plant, maintenance, market or other ancillary activities to actual mining).	ng (selling) the mineral,

I will employ the following number of people to work on the surface and/or underground on the claim to assist in actual mining activity:

2 people

13. Buildings/structures

The following buildings	or structures are on the mining	claim or will be erected on the claim:
Building/structure	Purpose	Construction materials used
(e.g. shed, carport, donga) (including dimensions)	(e.g. equipment lock-up, temporary accommodation)	(e.g. colorbond, metal posts, concrete footings)
Small Shed	Maitenence & Sorting Shed.	Concrete

Are any of the buildings/structures you listed above of a permanent nature?		No	
Have you completed the self-assessment security calculator?	Yes	No	Ø

Ensure you complete and attach your assessment with this work program

Important note -

Buildings/structures may be erected on the claim provided they are **temporary** in nature. The residence may be a temporary structure and only erected for a person who is legitimately using the land for mining activities. Please refer to the <u>Mining claim application guide</u> for more information on the types of buildings/structures that may be erected on a mining claim.

If the buildings and structures on the site have increased in size, or the construction materials have significantly increased in durability/permanence, additional security may be required to cover the costs of removal at the end of the tenure. If buildings/structures are considered to be permanent in nature, their removal or reduction to a more temporary nature may be required before an application will be approved.

Question 9 - Obligations and declaration

WARNING: Giving false or misleading information is a serious offence.

- · I have read and understood the Mining claim and other relevant guides.
- I understand my obligations as an applicant/holder for a mining claim.
- I have truthfully declared all relevant details requested of me in this application.
- If any part of this form has been completed with the assistance of another person, I declare that the information as set down is true and correct and has been included with my full knowledge, consent and understanding.

Department of Resources

Mining Claim Notice

24 September 2021

Reference: MC 300378

Gavin and Susan Marshall C/- Paul Ingram 113 Adelaide Street East Clayfield BRISBANE QLD 4011

Dear Sir/Madam

I refer to your application for a mining claim lodged on 7 July 2021.

We are pleased to advise that the mining claim notice for mining claim application 300378 has been issued.¹ The notice is **attached** to this letter. Please check that the details on the notice are accurate.

The objection period has now started and the last day of the objection period is 25/10/2021.

Please Note: No mining activities are permitted on the area of this application prior to grant.

What do I need to do now (within five (5) business days)?

Notify relevant persons

Give a **copy** of the mining claim notice, the mining claim application and *a guide to landholder compensation for mining claims and mining leases*² to:

- each owner of land in the area of the proposed mining claim or any other land necessary for access to the mining claim; and
- the relevant local government.

If your mining claim is operating under and environmental authority (EA), you also need to provide a copy of the EA to the land owner/s and relevant local government.³

What happens next?

Objections - an entity may object to your mining claim application before the last objection day ends. Objections must be in the approved form, served on you, and lodged with the Department. If a conference was scheduled between the mining claim applicant and the owner of relevant land, they can object to the mining claim application up to five (5) business days after the conference date.

Consents that may be required

¹ Pursuant to section 64 of the *Mineral Resources Act 1989*.

² Available online at <u>https://www.resources.qld.gov.au/ data/assets/pdf_file/0007/1441447/landholders-compensation-guide.pdf</u>.

³ Available online at <u>https://www.resources.qld.gov.au/___data/assets/pdf_file/0006/262374/small-scale-mining-code.pdf</u>

- **Restricted Land** a mining claim can only be granted over the surface of land that is restricted land⁴ when the application for claim is lodged only if
 - the landowner and any occupier, for land on which the relevant permanent building or feature is situated, consents in writing to the application; and
 - the applicant lodges the written consent with the Department before the last objection day ends.
- **Reserve Land** a mining claim cannot be granted over land that is a reserve except with the consent of the land owner or the consent of the Governor in Council. The consent needs to be in writing and provided to the Department.

Declaring your compliance with obligations

Within **five (5) business days** after the objection periods ends, you must give the Department a Statutory Declaration⁵ declaring whether the applicant has complied with the notice requirements in sections 64A of the *Mineral Resources Act 1989*.

If you do not provide the Declaration within five (5) business days you will need to request a late lodgement. A form of Declaration is enclosed for your assistance.⁶

Key dates:

Last day for notifying land owners and local government: 1/10/2021 Last day for objections: 25/10/2021 Last day for lodging declarations: 1/11/2021

Where do I find more information?

There are a range of useful resources available to assist you online at <u>https://www.business.qld.gov.au/industries/mining-energy-water/resources</u>. You can also download guidelines and policies on your mining claim obligations, landholder compensation and native title as it applies to mining and exploration activities.

If you have questions about specific details relating to the above permit contact the Mineral Assessment Hub on MineralHub@resources.qld.gov.au or 07 4447 9230.

If you would like to receive future reminders via email, or need help desk services, please register with MyMinesOnline via the website or email: <u>myminesonline@resources.qld.gov.au.</u>

Regards,

Minerals and Coal | Georesources Department of Resources

⁴ For what is restricted land see section 68 of the Mineral and Energy Resources (Common Provisions) Act 2014.

⁵ Available online at https://www.resources.qld.gov.au/data/assets/word_doc/0005/262688/declaration-compliance-mining-lease.doc ⁶ Available online at https://www.resources.qld.gov.au/data/assets/word_doc/0005/262688/declaration-compliance-mining-lease.doc

Mineral Resources Act 1989

(Section 64)

NOTICE FOR MINING CLAIM NO. 300378

This is to certify that the undermentioned made application on the day and at the time indicated hereunder for a mining claim under the provisions of the abovementioned Act.

Mining Claim No.	300378	Mining District	Quilpie
Locality	95kms SW of Blad	ckall	
Local Government	Quilpie Shire Cou	ncil	
Date marked out			
Date and Time Applicatio	n Lodged	07/07/2021 08:30 /	۹M
Mining For/Purpose	Opal		

The application and additional documents given to the Department about this application may be inspected at the Assessment hub who issued this notice. The office details can be found online at <u>www.resources.qld.gov.au/mining-resources</u>.

Term of Claim Applied For	10 years

Strategic Decision Report

Governance

14.7 (10/21) – Mining Claim Notice 300377 – Sue Marshall and Gavin Marshall

IX: 217121

Author: Manager Governance and Compliance

PURPOSE:

The purpose of this report is to allow Council to provide their views to the Department of Resources (DR) State Land Asset Management (SLAM) unit on a Mining Claim Application Certificate for Mining Claim No. 300377.

POLICY/LEGISLATION:

Mineral Resources Act 1989 (Qld)

CORPORATE PLAN:

N/A

RECOMMENDATION:

That Council resolves to offer no objection to the Mining Claim Application 300377 by Sue Marshall and Gavin Marshall.

BACKGROUND:

A mining claim allows small-scale mining operations such as prospecting and hand-mining to take place within its boundaries. If the mining claim is 'prescribed', the miner can use machinery to prospect, explore or mine. A person or company can hold a maximum of two mining claims at once.

A mining claim can be issued for any mineral other than coal, while a prescribed mining claim is only for corundum, gemstones or other precious stones. The miner has exclusive access to the surface of the mining claim area for purposes authorised by the claim while it is in force.

Applicants for a mining claim are not required to have an environmental authority if their activities meet the criteria for a small-scale mining activity. Instead, their activities need to comply with the Small-Scale Mining Code.

DISCUSSION:

The mining claim application 300377 was issued by the Department of Resources on 24 September 2021 to the applicant. The applicants are Sue Marshall and Gavin Marshall and the mining claim is located in Lissoy.

As part of the issuance, the applicant must notify the landholder and the relevant local government of the mining claim notice, mining claim application and a guide for landholders in relation to compensation. The location, mining claim notice and the mining claim application are presented in *Attachment A* and *Attachment B*.

An entity may object to the mining claim application before the last objection day ends. Objections must be in the approved form, served on the applicant, and lodged with the Department. The objection period ends on 25 October 2021.

FINANCIAL:

If the Council objects, there may be financial costs related to that objection action. However, if Council does not object and the mining claim comes into effect, the mining claim will accrue rate charges to be paid to the Council.

CONSULTATION:

No consultation is necessary. Council is not the landholder. As per the Mining Claim Notice, the applicant should have already advised the concerned landholder/s about the mining claim notice and the objection period.

ATTACHMENTS:

Attachment A – Map of the location

Attachment B – Mining Claim Application and Mining Claim Notice

of Council - Tuesday 12 October 2021

Land information details

In this worksheet, input the land information details that will be included in your new permit application. The column headings with * are mandatory and require data to be completed either by selection of an item from a pick-list or entering some texts. You can 'copy and paste' multiple items in the same column. Each individual cell will give you instruction on how to enter the correct data.

Department of Resources Mining claim work program template v6.2

Mining claim number

Description of mining operations

1. Work program to support

Application	X	Renewal	
Transfer application		5 year requirement s81(1)(d) MRA	

2. Mineral to be mined

Opal	X	Precious stones	×
Gemstones	X	Other	
Corundum		Specify mineral:	

3. Area of Disturbance

The area of disturbance will be: Note that ERC amounts displayed below are current as at 7.12.2020 and may be subject to change

Area of disturbance	Hand mining (previously mined)	Hand mining (not previously mined)	Machinery mining with no dam	Machinery mining with a dam
Up to 0.1 hectares	(\$200 ERC)	(\$400 ERC)	(\$400 ERC)	(\$3,400 ERC)
0.1 to 0.5 hectares	🕅 (\$400 ERC)	(\$800 ERC)	(\$2,000 ERC)	(\$5,000 ERC)
0.5 to 1 hectares	(\$1,000 ERC)	(\$2,000 ERC)	(\$4,000 ERC)	(\$7,000 ERC)
1 to 2 hectares	🗌 (\$2,000 ERC)	(\$4,000 ERC)	(\$8,000 ERC)	(\$11,000 ERC)
2 to 3 hectares	🗌 (\$3,000 ERC)	(\$6,000 ERC)	(\$12,000 ERC)	(\$15,000 ERC)
3 to 4 hectares	(\$4,000 EPC)		(\$16,000 ERC)	(\$19,000 ERC)
4 to 5 hectares	🗌 (\$5,000 ERC)	(\$10,000 ERC)	(\$20,000 ERC)	(\$2,3000 ERC)

**Note: area of disturbance will be used to <u>calculate estimated rehabilitation cost (ERC)</u> as per Schedule 16 of the *Environmental Protection Regulation 2019. Machinery mining with a dam will incur a higher ERC*

4. Proposed work program

It is a requirement of the *Mineral Resources Act 1989* for a mining claim application to include a work program for the activities to be carried out. Information on proposed activities for each year of the term of the claim should be detailed.

The work program template identifies six areas of activity. Please complete the following work program template with your intended activities for each year:

- (1) Site preparation construction and maintenance of camp, storage, fencing, access
- (2) Mining preparation shafts, construction of water and process dams, soil or surface stripping, plant and equipment
- (3) Mining activity general mining operations
- (4) Backfill shafts / open-cut progressive rehabilitation of areas whilst still mining
- (5) Removal of Structures general tidy up and/or approaching end of life
- (6) Rehabilitation- works undertaken to enable finalisation of tenure.

	Year 1
 Please tick one or more boxes indicating what activities will be undertaken during the year: Site Preparation Mining Preparation Mining Activity Undertaken Backfill shafts/open-cut Removal of structures Rehabilitation 	Please provide details: Upgrade access Track Remove Duerburden (1-2m) Erect Temporary structures (shed & pad)
	Year 2
 Please tick one or more boxes indicating what activities will be undertaken during the year: Site Preparation Mining Preparation Mining Activity Undertaken Backfill shafts/open-cut Removal of structures Rehabilitation 	Please provide details: Free dig/rip opal seam Hand sorting Opal.
	Year 3
 Please tick one or more boxes indicating what activities will be undertaken during the year: Site Preparation Mining Preparation Mining Activity Undertaken Backfill shafts/open-cut Removal of structures Rehabilitation 	Please provide details: As above

	Year 4
Please tick one or more boxes indicating what activities will be undertaken during the year:	Please provide details:
 Site Preparation Mining Preparation Mining Activity Undertaken Backfill shafts/open-cut Removal of structures Rehabilitation 	As Above
	Year 5
Please tick one or more boxes indicating what activities will be undertaken during the year:	Please provide details:
 Site Preparation Mining Preparation Mining Activity Undertaken Backfill shafts/open-cut Removal of structures Rehabilitation 	As Above plus rehabs programme.

5. Methods

Mining	g will be carried out usin	g the follo	owing method:	
\boxtimes	Open cut (surface)		Underground	Open cut and underground

Open cut

The maximum size of the open cut will be:	50 m (long) x	20 m (wide) x	(Om (deep)
---	---------------	---------------	------------

The following mining equipment/machinery is proposed for opencut:

Dozer Excavator Trucks

Underground

(Note: Mining claims in <u>Restricted Areas</u> 1, 25 and 77 are subject to conditions relating to access shafts. An access shaft must not have a diameter of more than 1m and be back-filled after the mining activity, for which the access shaft was used, ends. Also, no more than 3 access shafts may be open, at any time, on the mining claim land and an opened access shaft must be interconnected for ventilation and egress while the mining activity, for which the access shaft is used, is being carried on.)

Number of shafts proposed:	(Note: a maximum of three (3) shafts may be open at any
Number of existing Shafts:	one time)

	1.	m (diameter) x	m (depth)
NA	2.	m (diameter) x	m (depth)
1 (3.	m (diameter) x	m (depth)
Drives will be dug at the following level(s):	1.		
NK	2.		
	3.		

Underground shafts will be ventilated using the following methods:

The following equipment is proposed to be used for underground mining:

NA

6. Water storage

Note: your proposed water storage must comply with the environmental conditions attached to this permit, more information is available from Department of Environment and Science <u>website</u>.

Will you be constru storage facility?	cting or erecting a wate	ər	Yes	[No	X
If yes>			(lor	ig) x (wide) x	(deep)	
Туре	1	Size	m	x	m	х	m
Туре	ALA	Size	m	х	m	х	m
Туре	101	Size	m	х	m	x	m

Type (e.g. Tanks, Excavation, Gully, Turkey's Nest) Note: types must be shown on sketch of claim at Question 15.

2

- 4 -

7. Previous workings/working on adjoining claims/leases

Does the claim area contain previous underground/open cut workings OR are there other claims/leases underground or open cut workings adjoining the boundaries of your claim?	Yes	X	No	
If yes It is a requirement under the <i>Mining and Quarrying Safety and Health Re</i> plans of the workings conducted on the mining claim during the current claim, as abandoned workings, must be maintained on the site (section 82).				
Provide a copy of these plans, in a format acceptable to the Department, wi program.	th this	s wor	k	

8. Quantity of ore and mineral

It is a requirement under the *Mineral Resources Act 1989* that a mining claim must contain workable quantities of mineral or ore. These questions assist in determining whether that is the case.

The percentage of the permit that has been previously worked (by all holders over time) is:	5 %
The percentage of the permit that is intended to be worked over the next five (5) years is:	15 %
There are sufficient mineral or ore deposits in the permit to sustain bona-fide mining activities for the next:	5 years

9. Treatment of ore

Recovery of the mineral will be carried out using the following methods: Dozing/TRUCKING/Sorting

Separation of the ore will be carried out using the following methods:

HAND SORTING

The following chemicals will be used in the recovery of the ore:

Note: Your use of chemicals must comply with the environmental conditions attached to this permit, more information is available from the environmental regulator's website.

10. Electrical equipment

If you are using power for any purposes associated with your mining claim, you must ensure you comply with your safety responsibilities under the *Mining and Quarrying Safety and Health Act 1999*. Submission of the information in this section does not absolve you of your responsibilities under that Act.

The following electrical equipment will be used on the surface of the Portable Generator	claim:
Torradile Generation	
The following electrical equipment will be used underground:	
. / A	
NA	

Power on the site will be obtained from:	Mains supply	Private generator	皮	

Contact the Electrical Inspector of Mines, Resources Safety & Health Queensland for more advice.

11. Explosives

Note: Explosives may only be used where the mining claim permit **specifically authorises** their use. Refer to your certificate of grant to determine whether use is authorised.

Do you intend to use explosives?	Yes		No		
If yes ▶ Before using explosives you are required to obtain authorisation in accordance with the provisions of the <i>Explosives Act 1999</i> and <i>Explosives Regulation 2017</i> . Contact the Explosives Inspectorate, Resources Safety & Health Queensland for more advice. Contact information on website					

12. Work commitment

I intend to work the following number of hours on actual mining for mineral or ore:	30 per week
(This must not include any time spent on building plant, maintenance, marketin or other ancillary activities to actual mining).	ng (selling) the mineral,

I will employ the following number of people to work on the surface and/or underground on the claim to assist in actual mining activity:

2 people

Mining will	occur durin	ig the follow	ing mon	ths:			
January	R	April	21	July		October	
February	R	May	A	August	X	November	
March		June		September		December	X

13. Buildings/structures

The following buildings	or structures are on the mining	claim or will be erected on the claim:
Building/structure	Purpose	Construction materials used
(e.g. shed, carport, donga) (including dimensions)	(e.g. equipment lock-up, temporary accommodation)	(e.g. colorbond, metal posts, concrete footings)
Small Shed	Maitenence & Sorting Shed.	Concrete

Are any of the buildings/structures you listed above of a permanent nature?	Yes	No	
Have you completed the self-assessment security calculator?	Yes	No	

Ensure you complete and attach your assessment with this work program

Important note -

Buildings/structures may be erected on the claim provided they are **temporary** in nature. The residence may be a temporary structure and only erected for a person who is legitimately using the land for mining activities. Please refer to the <u>Mining claim application guide</u> for more information on the types of buildings/structures that may be erected on a mining claim.

If the buildings and structures on the site have increased in size, or the construction materials have significantly increased in durability/permanence, additional security may be required to cover the costs of removal at the end of the tenure. If buildings/structures are considered to be permanent in nature, their removal or reduction to a more temporary nature may be required before an application will be approved.

14. Photo support

Provide photo evidence highlighting	ng:	
Identify which of these items are applicat Note: Photo evidence should be date	ole to your claim by marking the checkbox 🛛. stamped.	
Posts/datum post or cairns	Tracks	
Current workings	Abandoned workings	
Water storage	Plant and equipment	
Buildings or structures	Rehabilitated areas	
Process dam	Other	

15. Sketch of claim

Provide a scaled sketch of your claim.

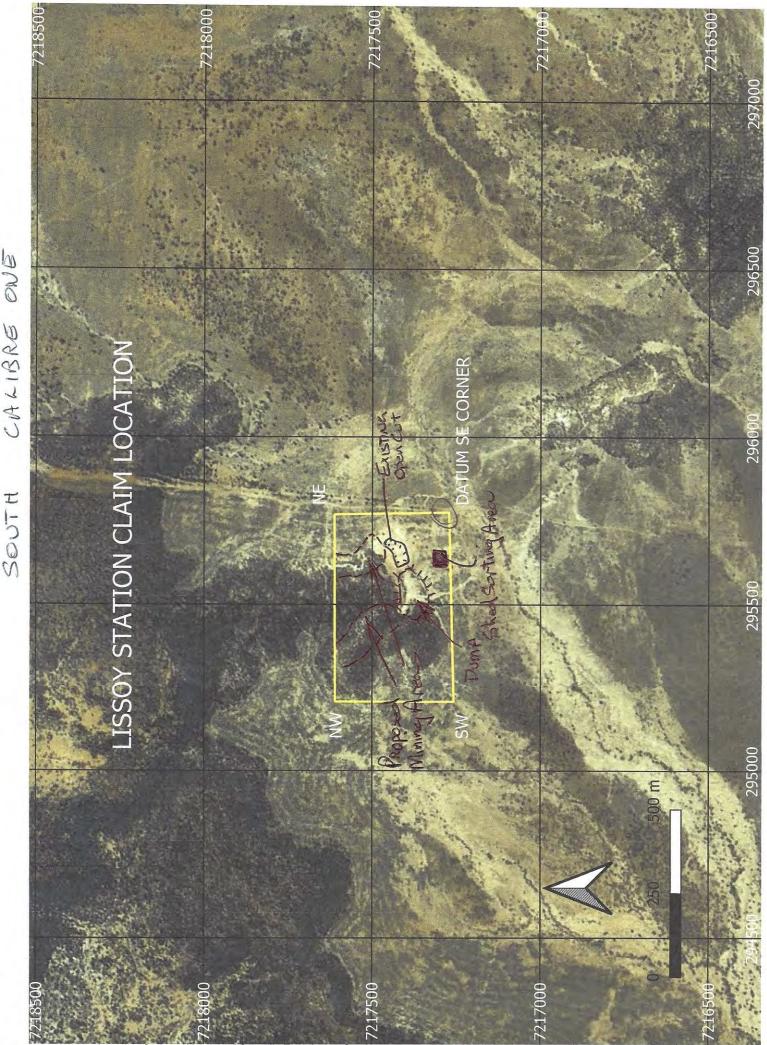

Note: A blank section has been provided for you, but you may provide the sketch as a separate attachment if preferred. An example of a sketch of claim is included in the **Mining claim application** guide.

The sketch must cle	early she	ow the following.			
Identify existing and 'proposed'. Identify w	proposition of	ed elements by using differer these items are applicable to	nt colours, your clair	or labelling them 'existing' n by marking the checkbox	and ⊠.
Boundaries	12×	Plant and equipment		Stockpile areas	
Marker posts		Open cut areas		Vegetation	
Tracks		Overburden areas		Water storage	
Creeks or gullies		Shafts and tunnels		Process dams	
Rehabilitated areas		Buildings or structures		Other	

Note: If your claim is square in shape, these lines may be used as the boundaries of the claim. If your claim is not a square, you will need to draw the boundaries within the below box.

See attached "LissoySTATION CLAIM hocality" Map.

Department of Resources

Mining Claim Notice

24 September 2021

Reference: MC 300377

Gavin and Susan Marshall C/- Paul Ingram 113 Adelaide Street East Clayfield BRISBANE QLD 4011

Dear Sir/Madam

I refer to your application for a mining claim lodged on 6 July 2021.

We are pleased to advise that the mining claim notice for mining claim application 300377 has been issued.¹ The notice is **attached** to this letter. Please check that the details on the notice are accurate.

The objection period has now started and the last day of the objection period is 25/10/2021.

Please Note: No mining activities are permitted on the area of this application prior to grant.

What do I need to do now (within five (5) business days)?

Notify relevant persons

Give a **copy** of the mining claim notice, the mining claim application and *a guide to landholder compensation for mining claims and mining leases*² to:

- each owner of land in the area of the proposed mining claim or any other land necessary for access to the mining claim; and
- the relevant local government.

If your mining claim is operating under and environmental authority (EA), you also need to provide a copy of the EA to the land owner/s and relevant local government.³

What happens next?

Objections - an entity may object to your mining claim application before the last objection day ends. Objections must be in the approved form, served on you, and lodged with the Department. If a conference was scheduled between the mining claim applicant and the owner of relevant land, they can object to the mining claim application up to five (5) business days after the conference date.

Consents that may be required

¹ Pursuant to section 64 of the *Mineral Resources Act 1989*.

² Available online at <u>https://www.resources.qld.gov.au/___data/assets/pdf_file/0007/1441447/landholders-compensation-guide.pdf</u>.

³ Available online at <u>https://www.resources.qld.gov.au/___data/assets/pdf_file/0006/262374/small-scale-mining-code.pdf</u>

- **Restricted Land** a mining claim can only be granted over the surface of land that is restricted land⁴ when the application for claim is lodged only if
 - the landowner and any occupier, for land on which the relevant permanent building or feature is situated, consents in writing to the application; and
 - the applicant lodges the written consent with the Department before the last objection day ends.
- **Reserve Land** a mining claim cannot be granted over land that is a reserve except with the consent of the land owner or the consent of the Governor in Council. The consent needs to be in writing and provided to the Department.

Declaring your compliance with obligations

Within **five (5) business days** after the objection periods ends, you must give the Department a Statutory Declaration⁵ declaring whether the applicant has complied with the notice requirements in sections 64A of the *Mineral Resources Act 1989*.

If you do not provide the Declaration within five (5) business days you will need to request a late lodgement. A form of Declaration is enclosed for your assistance.⁶

Key dates:

Last day for notifying land owners and local government: 1/10/2021 Last day for objections: 25/10/2021 Last day for lodging declarations: 1/11/2021

Where do I find more information?

There are a range of useful resources available to assist you online at <u>https://www.business.qld.gov.au/industries/mining-energy-water/resources</u>. You can also download guidelines and policies on your mining claim obligations, landholder compensation and native title as it applies to mining and exploration activities.

If you have questions about specific details relating to the above permit contact the Mineral Assessment Hub on MineralHub@resources.qld.gov.au or 07 4447 9230.

If you would like to receive future reminders via email, or need help desk services, please register with MyMinesOnline via the website or email: <u>myminesonline@resources.gld.gov.au</u>.

Regards,

Minerals and Coal | Georesources Department of Resources

⁴ For what is restricted land see section 68 of the Mineral and Energy Resources (Common Provisions) Act 2014.

Strategic Decision Report

Governance

14.8 (10/21) – CCTV Policy

IX: 217189

Author: Manager Governance and Compliance

PURPOSE:

The purpose of this report is to present the CCTV Policy for Quilpie Shire Council.

POLICY/LEGISLATION:

Information Privacy Act 2009

Public Records Act 2002

CORPORATE PLAN:

- 1.2.1 Actively seek out opportunities for using 'smart' technology to improve Council operations.
- 1.2.2. Maintain a high standard governance framework that supports Council in compliance with legislation.

RECOMMENDATION:

That Council resolves to adopt the CCTV Policy (attached).

BACKGROUND:

It is Council's intention to utilise Closed Circuit Television (CCTV) technology for community safety, protection of Council assets, assisting investigations for breach of laws and identifying potential breaches of staff/contractor responsibilities.

DISCUSSION:

As Council is a public entity, it is required by *Information Privacy Act 2009* and *Public Records Act 2002* to put follow certain processes and procedures. It is best practice to encompass these processes and procedures in a policy that dictates what responsibilities Council has in relation to privacy and records management. An important part to note of the policy should be for which lawful purposes the Council may collect footage.

See attached the proposed CCTV policy for Quilpie Shire Council.

FINANCIAL:

Costs associated with implementing the policy, such as establishment of CCTV systems, signage etc.

CONSULTATION:

Staff consultation was required during the creation of the policy. There were no issues raised during the consultation process.

ATTACHMENTS:

Appendix A – CCTV Policy

G.24 CCTV POLICY

1	OBJECTIVE	. 1

Policy Number	G.24		IX Reference	
Version Number	V1	12 October 2021		

CEO	Chief Executive Officer
DCCS	Director Corporate & Community Services
DES	Director Engineering Services
MFS	Manager Financial Services
MGC	Manager Governance and Compliance

1 OBJECTIVE

Quilpie Shire Council owns Closed Circuit Television (CCTV) facilities in its local government area, in order to collect CCTV footage for lawful purposes.

2 SCOPE

This Policy:

- (a) sets out the lawful purposes for which CCTV facilities may be installed and CCTV footage collected;
- (b) sets out how CCTV facilities and footage may be accessed;
- (c) summarises the ways in which CCTV footage may be collected, used, disclosed, stored and disposed of; and
- (d) summarises the process for resolving complaints about the installation and use of Council's CCTV systems.

3 STATEMENT

Lawful purposes

Under the *Local Government Act 2009* ("LGA"), Council has a broad power to do anything it considers necessary for the good rule and government of its local government area.

Where CCTV footage may contain personal information, Council must collect that footage for a lawful purpose in compliance with the *Information Privacy Act 2009* ("**IP Act**") and the Information Privacy Principles ("**IPPs**"), which are contained in the IP Act.

The lawful purposes for which Council may collect CCTV footage include:

- (a) to monitor and assist in the enforcement of Council's local laws and other legislation in respect of which Council has jurisdiction;
- (b) to assist law enforcement agencies such as the Queensland Police Service in obtaining evidence and prosecuting offences;
- (c) to enhance the safety and security of Council staff, the community generally and assets owned by council, state or federal governments;
- (d) to identify potential breaches:
 - i. by Council staff, guests or contractors of their respective duties and responsibilities;
 - ii. of Council's local laws or other legislation,

and to gather evidence in respect of those breaches.

Council will not collect CCTV footage for unlawful or unfair purposes. Examples of unlawful or unfair purposes may include:

- (a) where the collection is not for a lawful purpose;
- (b) where the collection unduly infringes on an individual's right to privacy, and is in contravention of the IP Act;
- (c) where the CCTV installation monitors private property, without the permission of the occupier of that property.

Council will, where practicable and appropriate, install signs within the vicinity of a CCTV installation to disclose the existence of the installation (See *Appendix A* for the sign wording). Signs may not be installed where Council considers it appropriate to obtain CCTV footage covertly.

Council will ensure that any installation of CCTV facilities in its local government area is for a lawful purpose.

Access to CCTV installations and footage

Only the following entities are authorised to access Council's CCTV installations and CCTV footage:

- (a) an Authorised Person of Council, who may be one of the following:
 - i) the Chief Executive Officer; or
 - ii) a person authorised in writing by the Chief Executive Officer.
 - (b) another person or entity authorised to access the information under the IP Act and the IPPs, for example a law enforcement agency such as the Queensland Police Service.

Access to CCTV installations and to CCTV footage will only be permitted by Council if that access is lawful under the IP Act and the IPPs.

Disposal of CCTV footage

CCTV footage obtained by Council is a "public record" under the Public Records Act 2002 ("PRA").

Council, as a public authority under the PRA, must ensure that the CCTV footage is kept in accordance with the PRA.

The General Retention and Disposal Schedule ("**GRDS**") prepared by Queensland State Archives under the PRA specifies the relevant timeframes for keeping public records before they can be lawfully destroyed.

Council will retain CCTV footage for at least as long as the time specified by the GRDS. After that time has elapsed, Council will dispose of the CCTV footage in accordance with the PRA in its discretion.

Dealing with complaints about CCTV systems

In the first instance, the Chief Executive Officer will deal with complaints about Council's CCTV systems, including any complaints about unauthorised disclosures in accordance with Council's Complaint Managements Policy.

Council's Chief Executive Officer may delegate authority to deal with complaints to another officer of Council, or may refer the complaint to an appropriate third party organisation (for example, the Office of the Information Commissioner).

Appendix A – Wording of the Sign/Notice where CCTV is installed

The Office of the Information Commissioner (OIC) is Queensland's independent statutory body established under the Right to Information Act 2009 (Qld) and the Information Privacy Act 2009 (Qld) to promote access to government-held information, and to protect people's personal information held by the public sector.

OIC provides information and assistance to support Queensland public sector agencies to comply with the law, reviews agency decisions regarding access and amendment applications, deals with privacy complaints and makes decisions on whether an agency's privacy obligations can be waived or modified in the public interest.

An 'Example notice' is recommended by the OIC on its <u>Camera Surveillance and Privacy</u> page as:

"Camera surveillance operates in this area to ensure public safety and for the investigation and prosecution of criminal offences. Footage will only be accessed by persons authorised to do so. Should an incident occur, footage may be provided to the Queensland Police Service for law enforcement purposes. Your information will not be given to any other person or agency unless authorised or required by law.

Enquiries may be directed to [Agency Name] by calling [agency number]."
