15 CONFIDENTIAL ITEMS

RESOLUTION NO: (QSC024-11-21)

Moved: Cr Roger Volz

Seconded: Cr Bruce Paulsen

That Council considers the confidential report(s) listed below in a meeting closed to the public in accordance with Section 275 of the Local Government Act 2012:

15.1 Sale of Curlew Estate Lots

This matter is considered to be confidential under Section 275 - e. and h. of the Local Government Act, and the Council is satisfied that discussion of this matter in an open meeting would, on balance, be contrary to the public interest as it deals with contracts proposed to be made by it and other business for which a public discussion would be likely to prejudice the interests of the local government or someone else, or enable a person to gain a financial advantage.

15.2 Term Lease 0-218021 for Lot 76 SP147938

This matter is considered to be confidential under Section 275 - h. of the Local Government Act, and the Council is satisfied that discussion of this matter in an open meeting would, on balance, be contrary to the public interest as it deals with other business for which a public discussion would be likely to prejudice the interests of the local government or someone else, or enable a person to gain a financial advantage.

15.3 Term Lease 0 218094 for Lot 10 GO844025

This matter is considered to be confidential under Section 275 - h. of the Local Government Act, and the Council is satisfied that discussion of this matter in an open meeting would, on balance, be contrary to the public interest as it deals with other business for which a public discussion would be likely to prejudice the interests of the local government or someone else, or enable a person to gain a financial advantage.

15.1 SALE OF CURLEW ESTATE LOTS**EXECUTIVE SUMMARY**

Earlier this year, Quilpie Shire Council commenced an initiative through the New Home Owner Grant Policy. In early October 2021, the initiative was highlighted by major news sources nationally and internationally. As a result, Quilpie Shire Council has received a number of enquiries about purchasing property in the Shire, especially in Curlew Estate. This report details the applications received and the way forward in relation to disposal of the land/lots of Curlew Estate.

RESOLUTION NO: (QSC026-11-21)

Moved: Cr Roger Volz

Seconded: Cr Jenny Hewson

That:

1. Council resolves, due to the high level of interest and multiple offers received for the same lots, that no Expressions of Interest received to date for the purchase of land at Curlew Estate be accepted.
2. Council resolves to initiate an online auction process for the below listed vacant Council owned lots in Curlew Estate, as Stage 1, in accordance with Section 227 of the Local Government Regulations 2012:
 - (a) Lots 5 and 6 on SP 234966, and Lots 12, 13, 21, 22, 26, 27, 33 and 34 on SP 234965; and
 - (b) That a maximum of two (2) lots can be purchased by any one (1) individual and/or entity.
3. Council authorises the Chief Executive Officer to set a reserve price for the concerned lots and also negotiate the contractual arrangements as per the online auction process.

17 GENERAL BUSINESS

Councillors were invited to raise any matters they wished to discuss. Matters raised included:

- Cr Barnes: Met with landholder Bob Hall re QCS Exclusion Fencing Strategy currently being formulated. Other issues raised include the QCS Wild Dog Levy and formation of road base on Shire roads
- Cr Barnes: Continuing discussions re rural mail delivery addresses now impacting on the opening of banking and other online accounts
- Cr Barnes: Query from EDCA reps re allocation of housing in Eromanga
- Cr Barnes: Reports of washouts on Wareo Road following recent rain event in the vicinity of Lushington's. Also reports of the lack of table drains in some sections
- Cr Paulsen: Tennis Queensland visiting Wed 10 Nov to discuss strategies to promote tennis coaching in the region
- Cr Paulsen was approached by several people who would prefer the community holiday was still held on Melbourne Cup Day rather than Show Day. Suggested by Cr Volz that this issue be raised at the Community Budget Meetings to be held early 2022
- Cr Volz raised the issue of improving street lighting near Eromanga Hall and towards the Motel
- Cr Volz raised the issue of the gates at John Waugh Park not closing properly
- Cr Volz raised the issue of charging electric cars, and that Council needs to plan for provision of infrastructure
- Cr Volz asked about the flood damage contracts, now that Onion Creek work is completed. Director Engineering Services responded that he had emailed all contractors advising of Christmas shutdown timing.

At 4:21 pm, Cr Stuart Mackenzie returned to the meeting and resumed the Chair.

- Cr Paulsen requested an update on the EBA. CEO will email information to Councillors
- Cr Paulsen requested that the removal of the damaged car on Brolga Street be expedited
- Cr Paulsen talked about LGAQ initiative Small Business Friendly Council, suggesting that we participate
- Cr Barnes noted that the Kindergarten is approaching capacity
- Cr Barnes asked about the location of the office facility for Council's Flood Damage Consultants, noting that it needs to be separated completely from the Depot Office
- Cr Barnes repeated her concerns about the position of the carports on the houses to be built on Boobook Pl., and that rendering the buildings rather than exposed brick surfaces would be more visually appealing
- Cr Barnes requested that Council research methods of back-up power as the power supply is becoming less reliable, noting that high quality diesel is accessible in Eromanga
- Cr Mackenzie requested that councillors hold mid-month workshops to discuss issues raised
- Cr Mackenzie suggested we submit to the Independent Assessment review.

EXECUTIVE SUMMARY

This report is a summary of works carried out by the Engineering Services Directorate during November 2021.

ACTION ITEMS

Nil

OPERATIONAL UPDATE

Roads

RMPC

Grading of the gravel sections of the Quilpie-Adavale Red Road have been carried out. Works north of Adavale Link Road are not yet completed but will be done prior to the Christmas-New Year break. Some works will also be done on the Quilpie-Charleville Road prior to Christmas.

General signs and guide posts have been done across the network.

Main Roads TIDS

The final bitumen seal was done on 2 November 2021. All works for this financial year are now completed and the gang has left site. Transport and Main Roads have been asked to review curve speeds on the road due to the apparent higher speed of vehicles.

Main Roads Widening Contract Quilpie-Charleville Road (REEF)

All shoulder works have been completed and have had the initial seal sprayed. All culvert placements will be completed on 25 November.

Final resealing of the middle and western sections will be done around 12 December 2021.

Remaining works are construction of concrete headwalls and opening of drainage paths. A small section of additional widening may be required and if so will be done in the New Year.

Flood Damage Repairs

As per attached report from Proterra Group.

Council work gangs have commenced flood damage repairs on Lockerbie Road and Boondook Road.

Roads to Recovery

The final reseal for this financial year was sprayed in Jabiru Street on 4 November 2021. All Roads to Recovery funding has now been completed for the 21-22 Budget.

General Roads

Council staff have done exceptional work since 01 July to have completed approximately \$5,000,000 of work on roads.

An estimate of costs has been given to APA to improve Congie Road ahead of works due in the New Year being done by APA.

South Comongin crossing of the Bulloo River on the Quilpie-Thargomindah Road has been closed for 14 days in November.

Cleaning of the stormwater drain adjacent to Loveday Haulage has been carried out. Some tidy up works remain to be done.

Council Buildings and Facilities

The Eromanga Hall toilets and showers are now completed. This includes a new disabled facility. The works were done by Peter Donohue.

Construction of the new Eromanga house is due to commence in Brisbane in December 2021.

Quotations are underway to carry out maintenance on the Turner house in Galah Street once they vacate the house in February 2022.

No works have yet commenced on the installation of sheds at the visitor information centre, Bicentennial Park and the depot as awarded to a single contractor. It is understood that works will commence in February 2022.

The truck wash down bay gantry is near complete. The fabrication is on site and is awaiting foundation connections.

Waste

Putrescent waste was carted by truck from Eromanga to Quilpie to clean up the Eromanga dump site.

Blown waste continues to be an issue at the Quilpie dump.

Council's legal representatives have sent a request to Workplace Health and Safety Queensland seeking the outcome of the recent asbestos investigations.

Water and Sewerage

Simmonds and Bristow attended the Eromanga water treatment plant from 23-25 November. They carried out modifications to the plant to ensure that it runs consistently and effectively. Council staff were present to learn the processes.

Extensive water testing was done following a formal complaint and rumours within the community in Quilpie. All town water was found to be safe as expected however some rain water tanks had unacceptable levels of E.coli present. The owners were advised. It is suggested that an education campaign be done as to the potential dangers of rainwater tanks.

A new sewerage main and water connection have been done to connect the new toilets for the Driver Reviver at the visitor information centre.

A revision of Council's Drinking Water Quality Management Plan is about to be submitted to the Regulator which incorporates the new town bore as an amendment.

Plant and Workshop

All plant has now been tendered and/ or ordered. Very little has been delivered to date. It appears long delays of up to a year on most plant items will be normal practice for the foreseeable future.

A redundant generator was recovered from the Eromanga Natural History museum and will be installed at Bulloo Park.

The apprentice diesel fitter attended two weeks training.

Town Services

The line marking at the Quilpie Airport was repainted using a contractor to ensure compliance with the CASA standards.

The street sweeper was used to sweep the REEF project to ensure minimal screenings loose on the road.

A staff member is being trained to operate the garbage truck and Quilpie dump maintenance.

Event support works have been done regularly.

Staff have travelled to Eromanga due to absence of the town orderly.

General Information

An intern engineer commences on 29 November 2021. He will assist engineering staff projects as well as gaining experience. The engineer was sourced from the migrant program.

Contractors are now utilising Adavale camp as part of the flood damage repairs in the north west of the Shire.

A grader gang is now camped at Eromanga while carrying out flood damage works in the south west.

LEGAL IMPLICATIONS

Nil

FINANCIAL AND REVENUE IMPLICATIONS

The long delays on plant deliveries will almost certainly affect the capital budget.

RISK MANAGEMENT IMPLICATIONS

The long delays on plant deliveries will almost certainly affect the capital budget.

An ignorance of Council's water supply requirements and standards may cause further misinformation to circulate in the community.

4 VARIATIONS / SCOPE CHANGES

2020 REPA Works

Several variations have been issued to the various contractors. Some of these were for the preparation of water sources close to the road network, to date we have constructed and utilised the water out of at least 6 of these dams. We have also issued variations to contractors for the rehabilitation of pits once the contractors have completed works out of the pits. Proterra Group have facilitated the inclusion of at least \$262,000-00 under the R2R funding scheme in these works. This work was included in the contracts that were delivered by Council Day crews plus contractors. Some of this work was conducted on the following roads, Trinidad Road, Ray Road, Adavale Black Road, Old Thargomindah Road, Adavale Charleville Road amongst others.

2021 REPA Works

No variations have been issued for 2021 REPA works.

5 PROGRAM

With the 2020 REPA works coming to an end and the start of the 2021 REPA works, QSC have elected to complete the approved works with a combination of Council Day crew with local contractors. This will ensure that the work gets spread over the full financial year which will ensure that Council crew are also used for these works and are kept busy throughout the year. Submission 29 has been withdrawn which is a standard procedure to utilise it when applying for Betterment funding for Cooma Road floodways.

All the rest of the approvals have been received from QRA, and the overall plan is to have all works completed by end of December 2022, this should include the final stage of closeouts. This is a process of gathering completion documents and submitting these to the various funding agencies who will do random audits on all this work.

Works on the 2021 program are progressing well with several roads around Cheepie completed, Humeburn Road should have been completed by mid-November, however due to wet weather has fallen behind by a week. Part of the crew have already moved northwards to Adavale, and have started works on Gooyea and HellHole Gorge Road. All the material has been prepared for the roads around Adavale, and several contractors are being utilised to cart the material from the various pits to the individual sites.

Separately a council crew has started work on Boondook Road near Eromanga, and this crew will utilise additional equipment from contractors to ensure this work is completed timeously, however keeping a high standard. This work will be overseen by Proterra Group as well.

Reconstruction works have been completed on Onion Creek, Mumbery and Cheepie Access Road, plus seal works on Onion Creek, Cheepie Access and Mumbery Roads have been completed. This work was made possible by funding from Roads To Recovery-R2R.

6.3 Tenders Awarded-2021 works

Tender	Contractor	Value	GST	Total
RFT T02 20-21 Screening	APV Contracting	\$497,200.00	\$49,720.00	\$546,920.00

6.4 Current Contracts

- There is only one current contract running and that is for the preparation of material for all the works.

6.4.1 Gravel Screening

All gravel screening has been completed for the 2020 works by local contractor APV Contracting utilising their own and hired equipment. This work included the rehabilitation of most of the pits once work had been completed, which included the softening of approaches to allow for the local graziers to use the pits for water storage for animals. The gravel screening for the 2021 works is progressing around Quilpie under contract by APV Contracting. The screening plant will move down Adavale Black Road then onto the Tobermory Road area.

7 Water Issues

Water used for the construction process should not be an issue due to the recent abundant rains, however if additional water is required this can be hauled from the various town bores where available.

8 QRA

The QRA have visited Quilpie Shire Council several times over the past year. The main reason for these visits was to check on progress, plus check on Recommended Values and investigate whether the RVs are accurate. These have been reviewed due to the underspending of the Recommended Values by council.

Section of road sealed using R2R funding on Onion Creek Road.

Completed works on Humeburn Road. Once all work has been completed on Humeburn Road, a QSC sign crew will attend site to renew signs where required. Plus, all grids requiring cleaning out will be cleaned by a contractor.

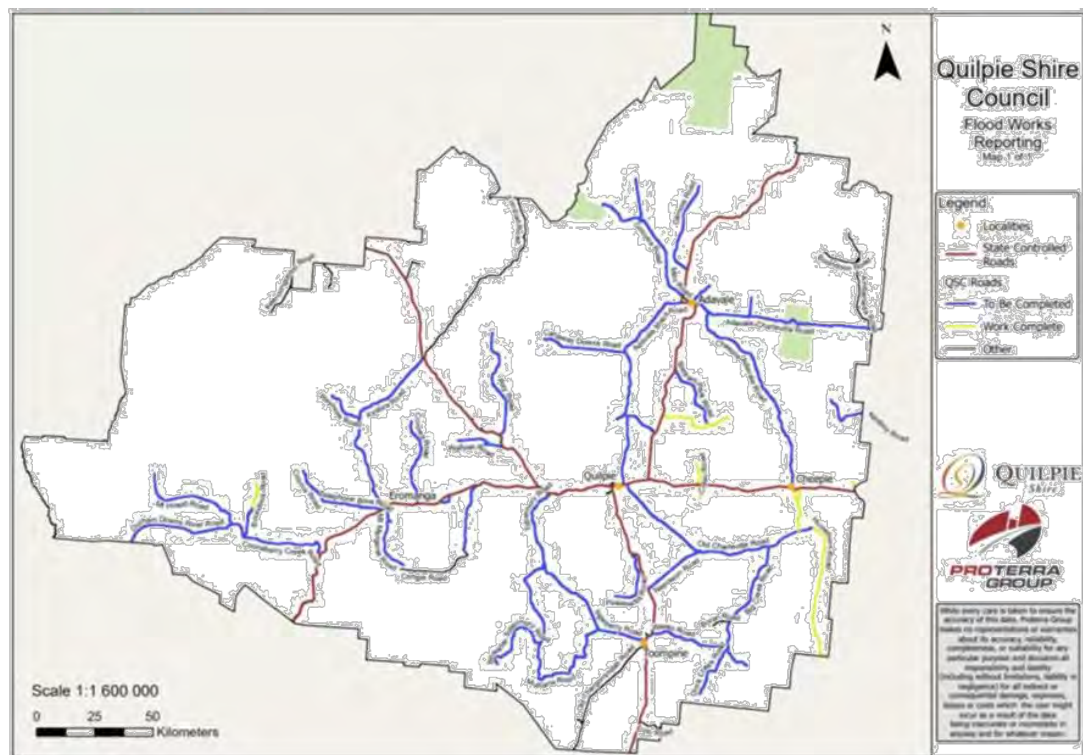

Preparation of material by screening contractor at the Nickavilla Road pit.

Concrete floodways that have reached end of life cannot be repaired under QRA funding.

10.2.3 NDIS COORDINATORS REPORT**IX: 219179****Author: Christine Houghton, NDIS Officer****Attachments: Nil****KEY OUTCOME**

EXECUTIVE SUMMARY

The purpose of this report is to inform and update Council on NDIS activities and programs.

OPERATIONAL UPDATE

The NDIS in the Quilpie Shire continues to grow with 22 Participants accessing the scheme with success, three participants are currently waiting to hear if their access has been successful, while there are two clients we are currently collecting evidence and proof of their disability.

In the Quilpie Shire there are now three support workers working as Sole Traders, working with a diverse range of Participants, some with complex needs. Two support workers have only recently started, I have been able to assist them with their ABN, Blue Card application, Insurance and the pathway to Plan Management Companies for payment. I have managed to gain some training for one Support Worker, who asked for additional training in some Medical issues that are pertinent to their participant.

We have case conferences with Participants, Parents/Careers, Support Workers and Allied Health Teams so everyone involved has a clear picture of the goals of the Participant. In to the future I am hoping that with the growth of the NDIS in the Quilpie Shire one of these Support Workers with encouragement, will move into a small business and take on more clients and workers.

Vital Health continues to be the only Service Provider for Allied Health in the Shire, but are here regularly every fortnight, with no changes of staff, which is great for continuum of care. Vital Health's new Psychologist started visiting last month, and has a small client base so far, but hopes to grow that. I have already had positive feedback from this new service.

The NDIS Remote Team have been successful in recruiting a new Remote Planner for the Charleville area (Deb Anderson). Chris Kelso EA Remote Planning Team from Longreach was able to drive out to Quilpie so I was able to meet with both she and Deb Anderson to discuss any issues. I did receive positive feedback from Chris Kelso about my position and she has been promoting The Quilpie Shire Council initiative to other remote areas in QLD.

OPERATIONAL UPDATE

Tourism Development:

- SWQROC Tourism group: Final meeting of the year held in November. This included a presentation from Queensland Music Festival about future tours throughout Queensland, including South West and a presentation from Department of Tourism, Innovation and Sport on the Action Plan for Tourism Recovery (interim) link here: https://www.dtis.qld.gov.au/data/assets/pdf_file/0010/1583857/interim-action-plan-tourism-recovery.pdf

The group wrapped up the project focusing on event promotion for South West. Investigating future projects for 2022 as a region. Digital Influencer Training was held in November, this delivered information about the how to identify digital influencers that suit the brand and a suite of documents that can be used when working with influencers. The group also confirmed joint advert (full page) for the Outback Traveller's Guide for 2022, focused on South West events.

- Anita Clark Tourism: Anita Clark spent a week in Quilpie recently assisting tourism staff in developing a 2022 action plan, this also included final operational work for the night show experience for release in 2022. The week also involved working with some local operators to review their products and discuss new products for 2022/2023. This also included development of a marketing a new touring route from Quilpie, through Barcoo to Longreach for release in 2022, to encourage people to explore this region and head off the main highways.

- OQTA AGM: Manager attended the OQTA AGM in Brisbane, a good attendance and one which provided opportunity to reconnect to tourism colleagues, agencies and businesses.
- Destination Q: Manager attended Destination Q in Brisbane in November. The forum's focus was looking forward to the future of Tourism. Items for discussion included future trends in tourism, authentic and transformational experiences and growing towards 2032 (Brisbane Olympics). It was also a good networking opportunity, to reconnect with many agencies and industry members.
- QTIC Tourism Awards: Three Quilpie Shire businesses/organisations nominated for the awards in 2021. Unfortunately they did not receive the final gold, however there was a strong representation from the Outback, with three gold, three silver and three bronze winners.

Economic Development

- SWQROC EDAC Group: The Regional Investment Boundless Opportunities Project wrapped up in November, with reporting on its success provided by Lucid Economics. Awaiting confirmation of future funding to further implement the marketing of this project.
- LGAQ Masterclasses: the Manager has been participating in masterclasses hosted by LGAQ around attracting investment and supporting investment. These include organising site visits, understanding and defining value propositions. This has also provide useful contacts moving forward in this area.

Business Development

- Business Development Meeting: the last meeting for 2021 was held on Friday 26 November, attended by 15 people. It was good conversation around COVID-19, Council projects, Tourism and Economic Development projects. The meetings have been good information sharing and gathering opportunities. A schedule of meetings for 2022 has not been finalised.
- Late Night Shopping: Two nights have been organised for 2021, Friday 3rd December and Thursday 9th December. Previous events have been well supported and continue to encourage local residents to get out and shop locally for Christmas.
- 25 days of Christmas: A social media campaign (Facebook and Instagram) to provide tips and hints on how to prepare for Christmas and promote our local businesses.

KEY OUTCOME

EXECUTIVE SUMMARY

Quotes for supply and delivery of one (1) Toyota RAV4 HEV were called through Vendor Panel. Widelands Group, Neale O'Brien's Thargomindah Motors and Black Toyota were invited to Quote.

2 suppliers submitted offers. Neale O'Brien's Thargomindah Motors, declined to quote.

RECOMMENDATION

That Council:

- 1) receives the report and accepts the quote from for Black Toyota for a total price of \$44,122.62 excluding GST; and
- 2) authorise the Chief Executive Officer to dispose of Unit #4 via Auction.

BACKGROUND

Quotes were sent out via Vendor Panel to Widelands Group, Neale O'Brien's Thargomindah Motors and Black Toyota on Thursday 11th November 2021 with a closing date of Wednesday 17th November 2021.

Neale O'Brien declined to quote

Black Toyota offered a trade-in valuation far less than that offered by Nasco, estimate at approximately \$10,000.00.

Widelands Group was slightly better value with a trade similar to the auction companies, delivery however was 12 months compared to Black Toyota's 26 to 38 week delivery time.

Council has budgeted \$45,000.00 for the replacement of an SUV during the 2021-2022 financial year. The vehicle is to replace Ford Escape, Unit #04.

EXECUTIVE SUMMARY

Quotes for supply and delivery of one (1) Services Trailer were called through Vendor Panel. SBK Solutions, ORH Truck Solutions, Sitech Construction Systems, Duratank Group were invited to quote.

Two suppliers submitted offers, Sitech Construction Systems and ORH Truck Solutions declined to tender.

RECOMMENDATION

That Council:

- 1) receives the report and accepts the quote for SBK Solutions for a Shermac Service Trailer, for a total price of \$72,300.00 excluding GST; and
- 2) authorise the Chief Executive Officer to dispose of Unit #56 via auction.

BACKGROUND

Tenders were sent out via Vendor Panel to SBK Solutions, ORH Truck Solutions, Sitech Construction Systems, Duratank Group on Thursday 4th November 2021 with a closing date of Monday 15th November 2021.

Sitech Construction Systems and ORH Truck Solutions declined to quote.

Duratanks and SBK Solutions offered options for the trailer.

Director of Engineering Services, Workshop Manager and Works Coordinator recommend purchase from SBK Solutions for a Shermac Trailer and to sell unit 56 at auction.

Council has budgeted \$140,000.00 for the replacement of Hino Workshop Truck during the 2021-2022 financial year. The Vehicle is to replace Hino, Unit #56.

Company	SBK Solutions	Duratank	
	Shermac

Budget	\$ 140,000.00	\$ 140,000.00	
Purchase Price (Ex GST)	\$ 72,300.00	\$ 57,172.00	
Trade Price (GST)	NA	NA	
Final Price (Ex GST) (Ex Options)	\$ 72,300.00	\$ 57,172.00	
Insurance & Warranty	3 Years	1 year plus Option of further 2 years	
Extra Features			
Pros	Established Name, used by Hasting Deering, Komatsu and Mining Industries, proven in harsh conditions		
Cons		Limited Owners List, poly water tank, references provided only used trailer on small gravel roads	
Delivery	24 Weeks	12 Weeks	

CONSULTATION (Internal/External)

Consultation with the relevant users of this vehicle including the type, size and body type, and options has been carried out. It was decided that the Landcruiser Utility previously used by the Works Supervisor, be reallocated to the workshop, and Service Trailer be purchased to allow for in field servicing of plant.

Dear Jeremy

Thank you for the opportunity to offer Quilpie Shire Council a customised Shermac solution.

It is our goal to help you to achieve improved operational efficiency, productivity and performance through our purpose-built Multiserve 3500 Series Service Trailer solution. At Shermac, we are guided by the principles of "Safety engineered in. Hazards engineered out."

For more than 12 years, we have developed a deep understanding of the challenges associated with operating in remote locations, and have built strong, nationwide alliances with suppliers.

We welcome the opportunity of working with Quilpie Shire Council and look forward to your response and instructions regarding the next step in this proposal.

Please do not hesitate to contact me if you have any questions regarding this document or any of our products and services.

Yours sincerely,

Wayne Morriss

SHERMAC - MAXIMISING YOUR OPERATIONAL EFFICIENCY, PRODUCTIVITY AND PERFORMANCE THROUGH CUSTOMISATION

Productivity Leads to Profitability

At Shermac, we understand the direct linkages between productivity and profitability. Our focus is on developing safe, efficient and innovative service and water cartage vehicles for the mining and civil markets. We share your priorities of safely increasing capital equipment uptime, personnel productivity and efficiency and minimising risks.

When Efficiency is Built-in, Productivity is the Outcome

When you invest in a Shermac solution, you're investing in proven efficiency that leads to improved productivity.

- Purpose built equipment, highly customised vehicles for the job and the environment, leading to greater efficiency
- Meticulous engineering, product selection and manufacturing to ensure optimum productivity of fixed and mobile equipment
- Industry expertise which makes Shermac the lowest-risk supplier of specialised support and service vehicles in Australia
- The resources and expertise to design and build individual vehicles or entire fleets, service trucks to water carts
- Quality assurance through ISO9001 company certification by SAI Global

Your Shermac Warranty Delivers Peace of Mind

Your Shermac warranty demonstrates our commitment to quality. Your vehicle's warranty is 36 months back to base parts, and labour for faulty design, or workmanship, and 12 months' warranty on components, such as pumps, reels, motors etc. We stand behind our products because quality is built in.

For further details are contained in our standard warranty policy PM.03

Spare Parts are Never Far Away

If you need parts and you need them fast, you don't have to worry. We carry extensive stocks of spare parts, and have ready access to a range of high priority carriers to get your parts to you fast. Wherever you are in Australia, we're not far away. We also have alliances with stockists in all the major centres throughout Australia, so you will be productive again in no time.

You'll See the Benefits You Expect and Demand

Why Buying Managers Choose Shermac

- Shermac equipment is purpose built. Customised to the location and the job.
- Crane trucks and carts are custom built specifically for your job and your location.
- Mining support vehicles are meticulously engineered for optimum productivity.
- Experts in specialised mining support and service vehicles in Australia.
- Quality mining vehicles means optimum productivity and lower maintenance costs.
- Our expertise makes us Australia's lowest-risk service truck supplier.

Why Maintenance Supervisors Prefer Shermac

- Supervisors and mechanics say it's equipment you can rely on 24/7.
- Industrial products built for the toughest environments.
- Quality builds ensure minimum downtime and maximum productivity.
- Robust mining vehicles mean predictable performance and predictable costs.
- Purpose built mining vehicles that do exactly what you expect them to do.
- Supportive mining equipment maintenance with minimal service interruptions.

Why Operators Love Shermac

- Safety engineered in. Hazards engineered out.
- Shermac listens to the operators who use the equipment to make it safe.
- Technicians want mining equipment that gets the job done, again and again
- Intelligently designed service trucks and trailers deliver productivity.

EXECUTIVE SUMMARY

Quotes for supply and delivery of one (1) Town Services Truck were called through Vendor Panel. Widelands Group, Daimler Trucks and Black Truck and Ag were invited to quote.

Two suppliers submitted offers. Black Truck and Ag declined to tender.

RECOMMENDATION

That Council:

- 1) receives the report and accepts the quote from Widelands for a total price of \$52,097.81 excluding GST; and
- 2) accepts the trade-in value of \$15,454.55.

BACKGROUND

Tenders were sent out via Vendor Panel to Widelands Group (Hino and Isuzu), Black Truck and Ag (Isuzu) and Daimler Trucks (Fuso) on Thursday 4th November 2021 with a closing date of Monday 15th November 2021.

Black Truck and Ag declined to quote

Widelands Group offered two alternatives being a Hino with a HEV Option and an Isuzu.

Director of Engineering Service, Workshop Manager and Works Coordinator, recommend purchase from Widelands Group and to trade Unit #1107.

Council has budgeted \$55,000.00 for the replacement of Town Services irrigation vehicle during the 2021-2022 financial year. The vehicle is to replace Toyota Hilux, Unit #1107.

Trade Price (Ex GST)	\$15,454.55	\$ 15,454.55	\$ 10,000.00
Final Price (Ex GST) (Ex Options)	\$75,435.45	\$ 36,643.26	\$ 85,493.16
Options			
			HEV additional \$14250
Extra Features			Trade reduced to \$6363.64 after 10 months
Pros			
Cons			
Delivery	26 Weeks	16 Weeks	10 Months

CONSULTATION (Internal/External)

Consultation with the relevant users of this vehicle including the type, size and body type has been carried out. The current vehicle, is constantly over weight, therefore requiring an alternate type of vehicle. The purchase of a small 4500kg truck was decided to be the best option

EXECUTIVE SUMMARY

Quotes for supply and delivery of one (1) 4WD Twin Cab Utility were called through Vendor Panel. Widelands Group, Black Toyota, O'Briens Toyota, South West Ford, and Black Truck and Ag were invited to quote.

Four suppliers submitted offers, Black Truck and Ag declined to Tender. South West Ford have revoked their offer as they are unable to supply.

RECOMMENDATION

That Council:

- 1) receives the report and accepts the quote for Black Toyota for a total price of \$62,831.00 excluding GST; and
- 2) authorise the Chief Executive Officer to dispose of Unit #1108 via auction.

BACKGROUND

Quotes for supply and delivery of one (1) 4WD Twin Cab Utility were called through Vendor Panel. Widelands Group, Black Toyota, O'Briens Toyota, South West Ford, and Black Truck and Ag were invited to quote on 4 November 2021 with a closing date of 15 November 2021.

Four suppliers submitted offers.

Black Truck and Ag declined to Tender.

South West Ford have revoked their offer as they are unable to supply.

Director of Engineering Service, Workshop Manager and Works Coordinator, recommend to sell the unit #1108 at auction.

Council has budgeted \$55,000.00 for the replacement of TWIN CAB UTILITY during the 2021-2022 financial year. The Vehicle is to replace Unit 1108.
