MAYOR'S MESSAGE

Roads

Local Government has always been regarded as being about “roads, rates and rubbish” and although it is much more about economic development and advocacy now the three ‘R’s are still a large part of what we do. As a rural rate payer I still believe that the property’s access road is the most important thing that the council is responsible for and it is the one thing rural landholders will comment on the most and with the most passion.

It is the ‘main’ roads, however, that are the most important because everyone uses them and the whole social and economic fabric of our community can’t exist without them. The Diamantina Development Road (Charleville to Windorah) is our main highway and our most important and busiest road. It is the most discussed and most complained about road by a country mile. I, as mayor, and council generally, has consistently advocated for improvements to this road time after time, year after year. At times you feel like you are bashing your head against a brick wall but we are actually making progress, albeit slowly!

If you think back to the Charleville – Quilpie Road to how it was ten years ago there is a lot more full eight metre width pavement now and many causeways have been upgraded and widened. I think back to a meeting I had with the Transport and Main Roads (TMR) Director General ten years ago and he said “It won’t happen overnight but we will get there in time”. TMR have just announced a \$2M spend on the section of road between the Tobermory Road and the Eromanga Road turnoffs. This section has a number of blind hills and narrow causeways and it is heartening to see this upgrade happening.

The moral of the story is – you have to be consistent and persistent in your message. We didn’t start asking for something different after five years or when nothing seemed to be happening. We have banged on about road and causeway widening for a decade and when the money is there it is an easy decision for TMR to know where to spend it.

Our engineering staff have also been very proactive in this space. We should all appreciate this latest project coming on the back of the number of widening projects between Quilpie and Charleville over recent years. So thank you TMR!

Foot and Mouth Disease (FMD)

I don’t need to remind anyone of the disease threats at the moment and we need to include Lumpy Skin Disease (LSD) in the discussion as well as acknowledging the impact the Varroa Mite is having on the bee industry. Council and the wider council organisations I sit on have all expressed our concerns in correspondence to the responsible ministers and the state and federal departments are certainly taking the issues very seriously, probably more so than they appeared to be a few months ago.

Possibly the most important presentation I have seen was from an experienced biosecurity officer who had been dealing with these threats for decades. He indicated that the threat from LSD is higher than FMD simply because it is carried by mosquitos. He did stress that FMD already exists in most of Asia, Africa and South America and that everything Australia has done to date has worked and there is no reason why it won’t continue to work. The highest risk of it getting in to the country is still in illegal food products, a much higher risk than on someone’s shoes. He did give me some confidence in the security in place but the risk of FMD is something I have been

aware of all my life so at least this latest scare will galvanise our government agencies to mitigate the risk that is always there and to reinforce to everyone what the horrendous consequences will be if these diseases ever get into the country.

From a local perspective it has highlighted the need to put more emphasis on our feral pig control and our future baiting programs should reflect that.

Local Doctor

As everyone would be aware we have been without a doctor in Quilpie for extended periods this year – sixty days without a doctor up to the beginning of August. Council has been in discussions with South West Health and Rural Health operators trying to find a solution. We have discovered some issues which may have contributed to the problem and we will work with SWHHS to alleviate them. We are looking at all options at the moment.

I would stress however that we only hear glowing reports about the hospital and the RFDS provides a terrific service as well.

At least COVID is slowly disappearing from the vernacular, the sooner the better if you ask me. After the first few months of the pandemic when it became apparent that the risks weren't going to be as bad as first thought.

I have always felt that the whole thing was overblown and I stand by that. Over the course of human history it has been established that fear is the easiest way, maybe the only way, to get large populations to do what you want them to do.

That happened with COVID and is also happening with climate change. The level of fear doesn't always reflect the actual risk but it allows populations to be persuaded to accept imposed conditions that they normally wouldn't. In some European countries now people are being told to not set their air coolers below 27 degrees as power networks come under pressure and prices skyrocket. That's what is coming here unfortunately.

Anyway let's be positive and enjoy the lovely season. Our rural commodities are holding up, our gas and oil industry is powering on, all our businesses are busy and our tourists are here in good numbers enjoying our world and why wouldn't they? There is no better place to be!!

Kind regards,
Stuart Mackenzie

Council Meeting Wrap Up

The Unconfirmed Minutes of the Ordinary Meeting of Council held on Tuesday 16 August 2022 are available in full on Council's website: www.quilpie.qld.gov.au

- In accordance with Local Government Regulations, Council approved sole supplier arrangements for various items, where Council is satisfied that there is only one supplier reasonable available to provide the goods and services listed, or because of the specialised or confidential nature of the services sought. Appropriately delegated staff are authorised to form contractual arrangements with various entities where Council's requirements are consistent with the scope of the sole supplier arrangements. Sole suppliers will be reviewed on a quarterly basis.
- In accordance with S228(9) of the Local Government Regulation 2012, Council resolved not to accept any tender submissions received for Tender T21 21-22 Construction of Two (2) x Four (4) Bedroom Houses.
- New annual residential tenancy lease agreements were entered into for the two residential properties in the town of Quilpie – Pegler Street and Galah Street – with Ergon Energy Corporation Limited
- Council adopted a Tender Consideration Plan for the supply and delivery of two x four bedroom & two x five bedroom houses from Hoek Modular Homes, to the value of \$2,037,000.
- All departments of Council (excluding limited critical services) will close down for the Christmas / New Year period as of close of business on Friday 16 December 2022, with normal operations to recommence on Tuesday 03 January 2023.
- A contract was awarded for the provision of Property Management Services for Quilpie Shire Council to Grant Daniel & Long Pty Ltd trading as Nutrien Harcourts GDL (ABN 15 077 478 801) for the period of two years with an option to extend for one year (2+1).

Council received this message from the Hamlyn Family, to our community

<p>SO VERY</p> <p><i>grateful</i></p> <p>INCREDIBLY</p> <p><i>thankful</i></p> <p>UNBELIEVABLY</p> <p><i>blessed</i></p>	<p>Brett, Lisa, Codee & Cooper would like to express our heartfelt thanks to everyone in our very special community for your kind wishes, prayers, love and overwhelming support over the past months.</p> <p>We are all so happy to be home and surrounded by our amazing family and friends, which is incredibly positive in supporting Brett's rehabilitation.</p> <p>Please accept this as our personal thanks.</p> <p><i>Thank you</i></p>
--	---

Works are progressing on sealing the next section of the Adavale Red Road. Works commenced with Council staff and contract plant to seal the first 5 kilometres of the road. The first seal is due around 16 September weather permitting. Council is aiming to seal the 5 km and a further 1.3 km by the middle of November. Once this work is completed, the first 12.6 km will be sealed. This will leave only 16.7km of gravel to seal in future works. This will make the trip from Quilpie to Adavale much easier, and provide safer access for caravans to visit Adavale to enjoy the delights of the town.

Works are underway to lay two town blocks of water main in Quarrion Street. This work will be done over the next two months. Some disruptions to driveways will occur occasionally.

Council asks for you to take care when driving in Quarrion Street, and apologises for any inconvenience caused by the disruptions to the water supply.

Works have begun on relocating the pedestrian crossing from the corner of Buln Buln and Jabiru Streets to a safer position further west on Buln Buln Street. Please take care when driving in the area.

The refurbished Bicentennial Park playground was opened with a lunch time celebration on Tuesday 16 August. The children and adults attending enjoyed the ceremony and playing on the new equipment. No children were harmed in the cutting of the cake.

JOIN OUR TEAM EXECUTIVE ASSISTANT AND GRANTS OFFICER

Executive Assistant and Grants Officer (Full-time)

\$68,739 - \$78,948 per annum (plus applicable allowances)

How to apply: Refer to Council's website www.quilpie.qld.gov.au

Closing date: Friday 9th September 2022

Quilpie Shire Council is seeking an Executive Assistant to the CEO, and Grants Officer. This could be your next career step - it's a challenging and fulfilling role that sees you making a worthwhile contribution to the community.

Council is willing to train the right applicant - if you have good written and oral communication skills, ability to multi-task and problem solve, this could be the job for you.

Join a fantastic team with professional leadership in our vibrant little town.

The Hon David Littleproud (MP) has announced the 2022-23 Volunteer Grants

Volunteer Grants are about strengthening communities by increasing participation in volunteering.

The objectives of Volunteer Grants are to:

- Help community organisations to support the efforts of Australia's volunteers;
- Help community organisations to support the inclusion of vulnerable people through volunteering; and
- Encourage, support and increase participation in volunteering.

Grants of between \$1,000 and \$5,000 will be available to eligible not-for-profit community organisations to support the efforts of their volunteers.

More information is available from Council's Grants Officer on 07 4656 0500.

Ruins of old bush pubs in the Eromanga District: (iv) The Tally Ho

Rob Savory

General Introduction

There are ruins of four old bush pubs within the Eromanga District. They are all associated with old coach roads and/or stock routes.

- Jack-in-the-Rocks and The Tampoona pub were located beside the Adavale-Windorah road.
- The Maroo and The Tally Ho! were located beside Kyabra Creek, on the stock route from Windorah to Eromanga.

These pubs were built at various times between about 1884 and 1913. After some years, they all closed due to lack of business (with the advent of motorised trucking) or as a result of an accidental fire. After each the pub had closed, it was stripped bare of outbuildings, windmills and any reusable timber and roofing iron. Certainly the neighbouring property owners were right into 'recycling' long before it became the trendy word it is today.

Road Map of Queensland (1913)

Ruins of the Tally Ho Pub and Post Office

The Tally Ho pub & post office was a humble building measuring just 33 ft x 29 ft. After the pub closed down due to lack of patronage, all the reusable building materials were stripped and salvaged. Even the three rows of support posts were broken off and removed. Over the past 100 years, the site has been swept bare by the periodic flooding of Kyabra Creek (seen in the background).

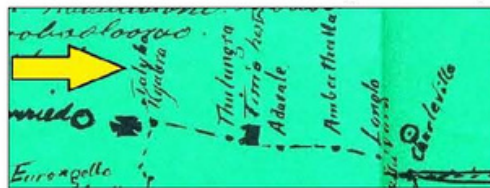

No doubt water entered the pub every time Kyabra Creek flooded. It appears that one licensee decided to rebuild the pub on two rock pads located just to the north. These stand 2 ft above the floodplain.

Time line of events

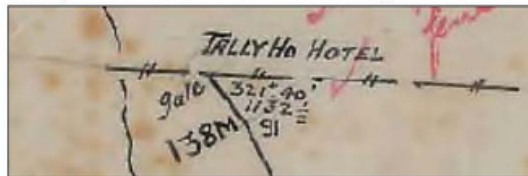

- 1868** Arrival of John Costello at Kyabra Creek (*Kings in Grass Castles*).
- 1877** Surveyor George Watson marks the site of TOWN RES, straddling Kyabra Creek.
- 1880** Kyabra Township Reserve is proclaimed (GG. Vol 26, page 1011).

RESERVE FOR TOWNSHIP PURPOSES ON KYABRA
CREEK, GREGORY SOUTH DISTRICT.
Resumed from the Loch Derg Run.
Area, 2 square miles.

- 1881** The first Cobb & Co coach service from Thargomindah to Kyabra HS.
- 1882** The first Cobb & Co coach service from Adavale to Kyabra HS, via Jack-in-the-Rocks.
- 1887** The Tally Ho Hotel is built on Township Reserve; the pub is registered as a Postal Receiving Office.
- 1889** English lady traveller Constance Ellis records her journey by stagecoach through Far Southwest Queensland. The map in the flyleaf of her book '*I Seek Adventure*' shows part of her journey including the Tally Ho.

- 1895** Road survey, Thargomindah to Tally Ho Hotel via Mount Margaret and Eromanga undertaken by H G Blakeney.

- 1896** Stock Route No.5 is proclaimed: Farrear's Creek to Hungerford via Windorah, Kyabra, Eromanga, Mount Margaret and Thargomindah (GG. Vol 66, page 597).
- 1905** The Cobb & Co coach from Thargomindah to the Tally Ho / Kyabra is discontinued.

Rick Milosevic Memorial Official Opening 27 August 2022

The Memorial pays tribute to Lance Corporal Stjepan 'Rick' Milosevic, Sapper James Martin and Private Robert Poate all killed on operations in Baluchi Valley Afghanistan on 29 August 2012. This week marks the 10th anniversary of their deaths. A rogue Afghan soldier killed them in what was referred to as a "green on blue" incident.

At the time of his passing, Lance Corporal Milosevic was a Crew Commander of both a Bushmaster Protected Mobility Vehicle and ASLAV (Australian Light Armoured Vehicle).

Army comrades and the families of those soldiers who fell alongside him travelled from as far as Darwin, Canberra and Victoria to attend the service.

The location for the memorial is significant for locals and Lance Corporal Milosevic's family alike, with many using the destination as a rest point, or a party destination, on the way back to town.

"It's a high point; once you come down off the jump-up, you're not far from Quilpie; you're 50 kilometres from home," Mayor of the Quilpie Shire Council Stuart Mackenzie said. Rick is remembered with love and respect by his community.

Keeping Quilpie 'Simply Unique'

Overgrown Allotments

An overgrown property, whether residential or commercial, which in the opinion of an authorised council officer may:

- attract or harbour reptiles or vermin; or
- seriously affect the visual amenity of the allotment

An overgrown property can be both a nuisance and a danger to neighbours and the community. Please note that all residents have a responsibility to keep their properties neat and tidy to improve the appearance of our community, remove places for vermin and reptiles to breed and reduce health risks.

Council is required to give the owner reasonable time to clear the overgrown material. If this is unsuccessful, Council may give warning of an intent to enter the property and clear it. The costs of clearing a block of overgrown vegetation will be the responsibility of the owner or occupier of the land. Please be aware that this process takes time.

Should you be aware of an overgrown property please report it to Council to investigate and action.

Unsightly properties

Unsightly properties can occur when objects or materials are brought onto or allowed to accumulate on residential or commercial property which results in seriously affecting the aesthetic of the local community. Materials generally classified as unsightly include discarded or disused machinery, second-hand materials and similar objects, as well as derelict vehicles, old whitegoods, building materials and household waste.

Responsibilities of residents

Keeping your yard free from overgrown vegetation and objects makes our residential streets more visually appealing for everyone. Here are a few tips on good ways to keep order in your home:

- Store goods out of sight in your garage and shed.
- Ensure you put your rubbish out for collection each week.
- Store objects and materials out of view and neatly stacked off the ground to ensure they do not harbour vermin.
- Dispose of old vehicles and machinery – some metal recyclers may collect and remove them free of charge.
- Cut or slash your grass regularly (whether dead or alive)
- Grass on larger properties is not expected to be maintained to the extent of a lawn in the township area.
- Organise for someone to come and maintain your yard if you are going away for a period of time.

Pumpkin and Date Wholemeal Scones

Serves: 10

Prep time: 20 minutes

Cook time: 15-20 minutes

½ serve per portion

Ingredients

1 egg

2 tablespoons butter, softened

¼ cup sugar

1 cup of cooked mashed pumpkin, cooled

¾ cup of milk (or slightly more)

2 cups wholemeal self-raising flour

2 cups self-raising flour

1 cup of dates, chopped

Discretionary Food

Method

PREHEAT oven to 200°C.

BEAT the egg, butter, sugar, pumpkin and milk together.

ADD the flours and dates.

STIR with a knife or spatula until just combined. It makes a soft, moist, sticky dough.

PLACE on a well-floured surface and gently pat the dough out to a thickness of 20mm to 25mm.

CUT with a scone cutter and place on a tray lined with baking paper.

BAKE in preheated oven for 15 to 20 minutes.

REMOVE from tray and cool on a rack.
