

# Stock Grids

## Property owner information session

The Department of Transport and Main Roads (TMR) is continuing to work with property owners to manage stock grids on the State-controlled Road network.

Landowners within Quilpie Shire may have recently received written correspondence from TMR about the management of stock grids, including:

- Grid maintenance.
- Grid removal and construction of a stock run through.
- Grid removal and fencing out of the road corridor. TMR may offer subsidies for fencing out of the road corridor.

To answer any questions property owners may have about the management of stock grids on State-Controlled roads, TMR will be holding a drop-in session in Quilpie, details below.

**Location:** Boardroom  
50 Brolga Street, Quilpie  
**When:** 19 July 2023 from 8am to 5pm

Please contact us on the details below if you are interested in attending or if you would like to make other arrangements to chat with us.
