

Farm Business Resilience Program

Want to know what plant that is in your paddock? Bring a sample with you

What plant is that?

Want assistance with identifying different plants in your pasture?

Join the Department of Agriculture and Fisheries and Jenny Milson for this free workshop covering:

- Paddock walks to identify main plants at a few different locations
- How to take good photos and where to send them
- How to prepare samples for identification
- Why do we want to know our plants?
- Plant names – how do they fit in and why?

Glenvalley Station
8055 Quilpie–Thargomindah Road
QUILPIE QLD 4480

Friday 19th April 2024
