1 OBJECTIVE

To provide guidance in complying with the requirements of sections 171 and 200 of the *Local Government Act 2009 and other relevant legislation*, regarding the proper handling of confidential information; and to assist Quilpie Shire Council (Council) in determining what might be considered confidential information and how this information should be handled.

2 SCOPE

This policy applies to:

- current and former Councillors, employees, volunteers and contractors of Council; and
- All confidential information held by Council.

3 STATEMENT

3.1 INTRODUCTION

It is accepted that Councillors and Council Officers will be in receipt of confidential information including information that may or may not be part of a formal Council meeting. Councillors and Council Officers must use Council information in a way that promotes and maintains the public's trust and confidence in the integrity of the local government.

This policy aims to support Councillors and Council Officers in balancing the right and duty to inform the public and consult with constituents about Council business with the interest Council has in preventing disclosure of confidential information.

This policy does not override an individual's statutory obligations in respect of the use of information, nor does it override Council's obligations under the *Local Government Act* or any other legislation or subordinate legislation to disclose or publish information where this is required by law.

3.2 POLICY STATEMENT

Council operates in an environment of public accountability in which it seeks to inform the public of issues under consideration and the nature of decisions made by Council. Therefore, information should ordinarily be released to the public unless there are compelling reasons that indicate that this is not in the public interest.

At the same time, Council is conscious of the need to handle Council information in a way that promotes and maintains the public's trust and confidence in the integrity of the local government.

It is accepted that Councillors, employees, volunteers and contractors will be in receipt of confidential information that may or may not be part of a formal Council meeting. It is Council's responsibility to ensure that such information is treated confidentially, so as not to harm, prejudice or compromise the interests of Council or any individual or organisation, or enable any individual or organisation to gain a financial or other advantage.

Whilst endeavouring in the interests of public accountability to limit the number of matters that are considered in confidential sessions, Council acknowledges that it is appropriate to consider certain items in closed meetings.

3.3 RESPONSIBILITIES

Council's confidential information must only be used in ways that promote and maintain the public's trust and confidence in the integrity of Council.

Councillors and employees must exercise due care when handling or using confidential information.

Councillors, employees, volunteers and contractors must be aware of their responsibilities and agree (through either the Oath of Office or Code of Conduct) that they should:

- Exercise due care when handling or using information acquired in their role;
- Acknowledge that there will be information that must be treated as confidential, because to release it would prejudice public trust and confidence in the integrity of Council;
- Acknowledge that disclosure of, or unauthorised access to confidential information constitutes a breach of the *Local Government Act 2009* and that Council may take disciplinary action;
- If uncertain, presume information is confidential and seek advice from the CEO prior to any release of, or access to it;
- Undertake not to disclose and to use their best endeavours to prevent disclosure of confidential information to any person or organisation, specifically:
 - Avoid discussing confidential Council information with family, friends and business associates;
 - Paraphrasing (putting into your own words) any confidential information and providing that in writing or verbally.
 - Ensure documents containing confidential information are properly safeguarded at all times – including materials stored at private or business residences.
 - Not use confidential information to gain improper advantage for themselves or any other person or body; and
 - Not use confidential information to cause harm or detriment to Council or any other person or body.

A Councillor or Council officer must not access Council information except to the extent that it is necessary to do so in order to perform their official duties.

Councillors and employees may only access confidential information for a relevant purpose as declared by legislation, formally adopted Council and administrative policies and procedures, established Council business protocols and/or formally ratified Council decisions.

It is an offence under the Local Government Act for past or present Councillors, Council Officers and contractors to make improper use of information that they have acquired as a virtue of their position with Council.

Where any doubts exist as to whether the information is considered to be confidential, the Council or employee is to act on the assumption that it is confidential until the doubt is removed by an authorized person or via a subsequent meeting of Council.

3.4 CONFIDENTIAL INFORMATION

The following types of information are deemed confidential to Council unless or until the Council resolves to the contrary:

- Commercial in confidence information, including where the release of information would affect a company's competitive advantage (particularly including competitive tender situations);
- Information derived from government departments or Ministers that have been classified as confidential;

- Information not owned or controlled by Council;
- Information that could result in any action being taken against Council for defamation;
- Information involving legal advice to Council or a legal issue or a matter before the courts;
- Information that is expressly given to councillors or staff in confidence;
- Information examined or discussed at Councillor briefing sessions, unless the CEO declares that such information (or part thereof) is not confidential; or

3.5 CONFIDENTIAL INFORMATION AT COUNCIL MEETINGS

Nevertheless, this policy deems, as a minimum, the following may occur relating to matters addressed at the Council table:

- The CEO may make a declaration that information concerning a specific matter is to be treated as confidential to Council and the information will remain confidential unless or until Council resolves to the contrary;
- An item on a Council meeting agenda, including the information contained in the documentation or supporting material, that is declared confidential by the CEO is to remain confidential unless or until the Council table resolves to the contrary;
- If the Mayor or a Councillor in a meeting asks that a matter be treated as confidential, the Council table will formally resolve as to whether all information concerning the matter is confidential;
- If the Council table exercises its powers to close a meeting to members of the public, all information in relation to the matters discussed during that closed meeting or the closed portion of the meeting is confidential, unless and until the Council table resolves to the contrary;
- Confidential information will be clearly identified, where possible, as confidential;
- Any information of a type deemed to be confidential is presumed to be confidential to Council and must not be released without seeking advice from the CEO; and
- If there is any doubt as to whether Council considers information confidential, it should be assumed that Council intends the information to be confidential until the doubt is resolved at a subsequent meeting at the Council table.

3.6 RELEASE OF CONFIDENTIAL INFORMATION

Any release of confidential information for any purpose to any person or organisation (other than to those who are entitled to the information) is a breach of the *Local Government Act 2009*.

Release of information can include:

- Orally telling any person about the information or any part of the information;
- Providing the original or a copy of documentation or any part of the documentation that is marked confidential; or
- Paraphrasing any confidential information and providing that in writing or orally.

3.7 BREACH OF THIS POLICY

3.7.1 General

Legislation makes it clear that when Councillors, employees, volunteers or contractors, in the course of carrying out their duties, receive information that is not available to the public they must not misuse the information, particularly for personal gain.

A person may make a complaint about a statutory breach by a Councillor of this provision by giving written notice of the complaint to the local government's CEO.

G.16 Confidential Information Policy

A person may make a complaint about a statutory breach by an employee, volunteer or contractor in line with Council's Complaint Management Policy.

A breach of this policy must be reported to the CEO immediately upon detection.

3.7.2 By Staff

A breach of this policy by staff will result in disciplinary action being taken in accordance with Council's Code of Conduct and Council's Performance and Misconduct Policy.

Matters will be referred to a relevant agency if required.

3.7.3 By a Councillor

The CEO must officially notify the officer of the independent assessor (assessor) as required under Section 150R(2) should they become aware that a Councillor has breached Section 150L(b)(ii) by misusing information or material acquired in, or in connection with, the performance of the Councillor's functions, whether the misuse is for the benefit for the Councillor or for the benefit, or detriment of another person.

Section 150SD states that the assessor must make an assessment of the complaint and on completion of the preliminary assessment, the assessor may dismiss the complaint or decide to take no future action.
