

## Exclusion Fencing Recovery Grant (EFRG) Program

### Tip sheet - Providing photographic and video evidence using Dropbox

As part of preparing your application and workplan online there are several sections that require you to provide photos and/or videos to support your eligibility.

After logging in to the online application, follow these steps to upload your photos.

*Note: It is important that photos and videos have GPS coordinates/geo data to support your eligibility for funding under the program. For more information on how to adjust your phone settings prior to taking photos and videos visit Point 7 Appendices -Appendix A of the [EFRG Application Toolkit](#)*

Applicant details | Workplan | Damage details | Works since 21 Mar... | Proposed plans

### 1. Details of your exclusion or cluster fencing background

Was the fencing established as part of the Queensland Feral Pest Initiative?

YES  NO

When was the fencing established

Total kms of exclusion or cluster fencing

**Documentation needs to be provided electronically. Please upload in the sections provided or discuss other options with your project officer. To submit additional, or larger, file uploads please [click here](#).**
