Measures of Financial Sustainability

Type	Measure	Target (Tier 7)	2025/26	Amended Budget 2025/26	2026/27	2027/28	2028/29	2029/30	2030/31	2031/32	2032/33	2033/34	2034/35
Financial Capacity	Council-Controlled Revenue (Net rates, levies and charges + total fees and charges) / total operating revenue												
	Council-controlled revenue is an indicator of a council's financial flexibility, ability to influence its operating income, and capacity to respond to unexpected financial shocks. Council-controlled revenue is a contextual measure, there are no targets specified for this ratio.	Contextual	8.43%	13.18%	9.49%	23.14%	30.26%	30.26%	30.24%	30.21%	30.17%	30.12%	30.06%
Financial Capacity	Population Growth (Prior year estimated population / Previous year estimated population) -1												
	This ratio is an indicator of population growth which is a key driver of a council's operating income, service needs, and infrastructure requirements into the future. This is a contextual measure with no targets specified for this ratio. The Department publishes population figures for councils to determine this ratio.	Contextual	0.85%	0.85%	0.85%	0.85%	0.85%	0.85%	0.85%	0.85%	0.85%	0.85%	0.85%
Operating Performance	Operating Surplus Ratio Operating Result / Total Operating Revenue												
	The operating surplus ratio is an indicator of the extent to which operating revenues generated cover operational expenses. Any operating surplus would be available for capital funding or other purposes.	Contextual	1.02%	1.07%	0.57%	1.08%	1.15%	1.47%	1.83%	2.23%	2.67%	3.15%	3.63%
Operating Performance	Operating Cash Ratio (Operating Result add Depreciation and Amortisation add Finance Costs / Total Operating Revenue)												
	The operating cash ratio is a measure of a council's ability to cover its core operational expenses and generate a cash surplus excluding depreciation, amortisation, and finance costs.	Greater than 0%	7.82%	13.62%	9.51%	22.70%	29.14%	29.33%	29.54%	29.78%	30.05%	30.35%	30.65%
Liquidity	Unrestricted Cash Expense Cover Ratio (Total Cash and Equivalents add Current Investments add Available Ongoing QTC Working Capital Facility Limit less Externally Restricted Cash) / (Total Operating Expenditure less Depreciation and Amortisation less Finance Costs) * 12												
	The unrestricted cash expense cover ratio is an indicator of the unconstrained liquidity available to a council to meet ongoing and emergent financial demands, which is a key component to solvency. It represents the number of months a council can continue operating based on current monthly expenses.	Greater than 4 months	2.49	4.50	2.68	8.99	13.54	14.38	15.23	16.12	17.03	18.00	19.00
Asset Management	Asset Sustainability Ratio (Capital Expenditure on the Replacement of Assets (renewals) / Depreciation Expense)												
	The asset sustainability ratio approximates the extent to which the infrastructure assets managed by a council are being replaced as they reach the end of their useful lives.	Greater than 90%	343%	86%	446%	84%	85%	86%	86%	87%	87%	88%	88%
Asset Management	Asset Consumption Ratio Written Down Replacement Cost of Depreciable Infrastructure Assets / Current Replacement Cost of Depreciable Infrastructure Assets												
	The asset consumption ratio approximates the extent to which council's infrastructure assets have been consumed compared to what it would cost to build a new asset with the same benefit to the community.	Greater than 60%	78.85%	69.75%	79.29%	77.98%	76.70%	75.44%	74.21%	73.01%	71.84%	70.70%	69.58%
Asset Management	Asset Renewal Funding Ratio Total of Planned Capital Expenditure on Infrastructure Asset Renewals over 10 years / Total Required Capital Expenditure on Infrastructure Asset Renewals over 10 years.												
	The asset renewal funding ratio measure the ability of a council to fund its projected infrastructure asset renewal/replacements in the future.	Contextual	Not applicable until 2026/27.										
Deb Servicing Capacity	Leverage Ratio Book Value of Debt / Operating Results add Depreciation and Finance Costs												
	The leverage ratio is an indicator of a council's ability to repay its existing debt. It measures the relative size of the council's debt to its operating performance.	0-3 times	Not applicable - Council does not have any loans.										

Quilpie Shire Council

TOTAL VALUE OF THE CHANGE IN RATES AND CHARGES

Reference: LGR s169 (7) & (8)

Local Government Regulation 2012

Section 169 Preparation and content of budget

(7) The budget must include the total value of the change, expressed as a percentage, in the rates and utility charges levied for the financial year compared with the rates and utility charges levied in the budget for the previous financial year.

(8) For calculating the rates and utility charges levied for a financial year, any discounts and rebates must be excluded.

The total value of the change, expressed as a percentage, in the rates and charges levied for the 2025/26 financial year compared with the rates and charges levied in the budget for the 2024/25 financial year is 0.22%

1 OBJECTIVE

The objective of this policy is to comply with the requirements of Chapter 4, Part 1 and Part 2 of the *Local Government Act 2009* and Section 169 (2) (c) and Section 193 of the *Local Government Regulation 2012* by setting out:

- (a) the principles which Council intends to apply for the 2025/26 financial year for:
 - levying rates and charges;
 - granting concessions for rates and charges;
 - recovering overdue rates and charges;
 - cost-recovery methods; and
- (b) the purpose of concessions for rates and charges; and
- (c) the extent to which physical and social infrastructure costs for a new development are to be funded by charges for the development.

2 SCOPE

This policy applies to all rates and charges levied by Council. It applies to the making, levying, recovery and concessions for rates and utility charges and the setting of regulatory and commercial fees and charges.

3 STATEMENT

3.1 INTRODUCTION

In accordance with the provisions of the *Local Government Act 2009* and *Local Government Regulation 2012*, Council is required to prepare and adopt by resolution a Revenue Policy.

Council's Revenue Policy is based on the following principles:

- Transparency – by communicating the Council's charging processes and each ratepayer's responsibility under the rating system; and
- Efficiency – by having a rating regime that is cost effective to administer; and
- Fairness and equity - by ensuring the consistent application of lawful rating and charging principles, and taking into account all relevant considerations; and
- Flexibility – to take account of changes in the local economy, extraordinary circumstances and impacts that different industries may have on Council infrastructure and service delivery; and
- Sustainability – to support the strategic plans for the delivery of infrastructure and services identified in Council's short, medium and long-term planning.

Council will apply these principles when:

- Making rates and charges;
- Levying rates and charges;
- Recovering rates and charges;
- Granting and administering rating concessions;
- Charging for Council services and facilities;
- Funding Council infrastructure; and

- Charging for business activities (subject to the National Competition Policy) where relevant.

3.2 MAKING AND LEVYING RATES AND CHARGES

3.2.1 General Rates

General Rates are set each financial year to assist Council in raising sufficient revenue to provide services and facilities to the community. Council recognises that different categories of land use will generate different needs and requirements for Council services and facilities. Council also recognises that it will incur a different level of expenditure to provide the necessary services and facilities and has therefore adopted a system of differential general rating to meet its needs.

3.2.2 Differential General Rates

Council considers that the use of differential general rates allows the following factors to be taken into account in determining how general rate revenue is to be raised, which would not be possible if only one general rate were adopted:

- (a) the relative effects of various land uses on the requirements for, level of, and the cost of providing Council facilities and services'
- (b) movements and variations in the Unimproved Capital Value (UCV) both within categories and between categories of land use which affect the level of rates and issues such as 'fairness and equity';
- (c) location and access to services; and
- (d) the amount of the Unimproved Capital Value (UCV) and the rate payable.

Property valuations are determined by the Department of Resources and can fluctuate from year to year. In setting rates, Council determines how much income is required to be generated from rates balanced against the principles outlined in section 3.1.

Council can use averaging and capping options if property valuations fluctuate severely.

To ensure that owners of land across all differential categories contribute equitably to the cost of common services, Council will apply a minimum rate to each differential rating category.

3.2.3 Utility Charges – Water, Sewerage and Waste Management Services

In general, Council will be guided by the principle of user pays in the making of charges that relate to the provision of water, sewerage and waste management services.

Wherever possible, those receiving the benefits of a utility service will pay for the service received through the relevant utility charges. Council will annually review its utility charges and other fees for service to ensure that revenues are meeting intended program goals and are keeping pace with the cost of providing the service.

3.2.4 Special and Separate Rates and Charges

Council may consider levying special and separate rates and charges when appropriate, to recover the costs associated with a particular service, project or facility that provides direct or additional benefit to the ratepayer or class of ratepayer.

3.3 GRANTING OF REBATES AND CONCESSIONS

3.3.1 Guiding Principles

In accordance with Chapter 4 Part 10 of the *Local Government Regulation 2012* Council may grant a concession for rates and charges. In exercising these concession powers Council will be guided by the principles of equity and transparency by:

- Applying the same treatment to ratepayers with similar circumstances;
- Making clear the requirements necessary to receive concessions;
- Communicating the concessions available and raising awareness with ratepayers and groups of ratepayers that may qualify for concessions; and
- Council may give consideration to granting a class concession in the event the State Government declares all or part of the local government area a natural disaster area.

3.3.2 Purpose of Concessions

In accordance with Section 120 (1) of the *Local Government Regulation 2012*, Council may grant a concession in 2022/23 for the owner of categories, or in some circumstances occupier categories, and properties used for the listed purposes.

- (a) **Pensioner Concession**
Eligible pensioners as defined in Schedule 8 of the *Local Government Regulation 2012* may be granted a concession on general rates and utility charges. The purpose of the concession for pensioners is to assist pensioner land owners to remain in their own home by reducing the financial impact of rates and charges.
- (b) **Hardship Concession**
Council may grant a concession where it can be demonstrated that the payment of the rates and charges will cause the owner hardship (see section 120 (1) (c) of the *Local Government Regulation 2012*).
- (c) **Waste Management Concessions**
Council may grant a concession on the basis that requiring the owner to pay the waste management levy, in circumstances where none of Council's waste transfer or landfill facilities are utilised by the land in question, will cause the owner hardship (see section 120(1)(c) of the *Local Government Regulation 2012*).
- (d) **Not for Profit Community Organisation Concession**
In accordance with Section 120 (1) (b) of the *Local Government Regulation 2012*, a concession may be granted if Council is satisfied that the land is used for community purposes and is operated on a not-for-profit basis.

The purpose of these concessions is to encourage and support not-for-profit and charitable organisations where the land use is considered to contribute to the health and well-being of the community and the social enrichment of residents.
- (e) **Other Concessions**
Council will receive and consider applications from ratepayers where Council is satisfied that the application meets the eligibility criteria as provided for in section 120 (1) of the *Local Government Regulation 2012*. Applications for concessions will be considered by Council on their individual merits having regard to sections 119 to 126 of the *Local Government Regulation 2012*.

3.4 RECOVERY OF OUTSTANDING RATES AND CHARGES

Council requires payment of rates and charges within the specified period and it is Council policy to pursue the collection of outstanding rates and charges diligently, but with due concern for the financial hardship faced by some members of the community.

Council will exercise its rate recovery powers pursuant to the provisions of Chapter 4 Part 12 of the *Local Government Regulation 2012* in order to reduce the overall rate burden on ratepayers, and will be guided by the principles of:

- Fairness and equity - by treating all ratepayers in similar circumstances in the same manner and by having regard to their capacity to pay;
- Transparency - by making clear the obligations of ratepayers and the processes used by Council in assisting them to meet their financial obligations; and
- Flexibility – by providing ratepayers with a number of options to meet their rate obligations; and
- Efficiency – by making the process used to recover outstanding rates and charges clear, simple to administer and cost effective.

3.5 CHARGES FOR COUNCIL SERVICES AND FACILITIES

There are broadly two types of fees and charges:

1. Cost Recovery (regulatory) fees and charges; and
2. Other (commercial) fees and charges.

3.5.1 Cost Recovery (Regulatory) Fees and Charges

(Section 97 of the *Local Government Regulation 2012*)

These are fees under a local law or a resolution, which involve:

- (a) an application for the issue or renewal of a license, permit, registration or other approval under a Local Government Act (an application fee); or
- (b) recording a change of ownership of land; or
- (c) giving information kept under a Local Government Act.

A cost recovery fee must not be more than the cost to Council of taking the action for which the fee is charges.

Whilst Council notes that, pursuant to Section 97 of the *Local Government Act 2009*, it may introduce a tax component into a regulatory fee in order to achieve a social or other objective, it is not Council's intention to encompass a tax in any regulatory fee.

Accordingly, Council will not recover more than the cost of administering the regulatory regime.

3.5.2 Other Commercial Fees and Charges

Council will apply, as a minimum and as far as practicable, the principle of full cost recovery (including overheads) in setting charges for services and facilities. Council may consider granting concessions (fee waivers) for community or non-profit organisations.

Council may give consideration to charging at less than the full cost of the service or facility when it considers it appropriate to do so in order to achieve social, economic or environmental goals.

Where the service or facility supplied is of a commercial nature, Council may give consideration to including a return on investment element in the charge. Such consideration will be made on a case by case basis.

3.6 FUNDING OF NEW DEVELOPMENT

Council requires developers to pay reasonable and relevant contributions towards the cost of infrastructure required to support the development. Specific charges are detailed in the policies and other material supporting Council’s town planning scheme.

These policies are based on normal anticipated growth rates. Where a new development is of sufficient magnitude to accelerate the growth rate of a specific community within the Shire, it may be necessary to bring forward social infrastructure projects. Where this occurs, Council expects developers to meet sufficient costs so that the availability of facilities are not adversely affected and so that existing ratepayers are not burdened with the cost of providing the additional infrastructure.

Council may depart from applying this principle if it is determined by Council that it is in the community interest to do so.

1 OBJECTIVE

Council's Revenue Statement for 2025/26 inclusive of Appendix 1, has been prepared in accordance with section 172 of the *Local Government Regulation 2012*, to outline:

- the measures Council has adopted for raising revenue;
- the rates and charges to be levied in the financial year;
- the concessions for rates and charges to be granted;
- the limit on increases to rates and charges;
- the differential general rating categories which will be levied;
- a description of each rating category;
- special rates and charges that will be applied;
- the criteria used to decide cost recovery fees; and
- the criteria used to determine charges for business activities (where applicable).

The Revenue Statement is part of Council's financial management system and forms part of the annual budget adopted by Council – in accordance with section 104 (5)(a)(iv) of the *Local Government Act 2009* and section 169(2)(b) of the *Local Government Regulation 2012*.

This document should be read in conjunction with Council's Revenue Policy. Council will apply the principles set out in the Revenue Policy when making and levying rates and charges, granting concessions and recovering unpaid amounts.

It is not intended that this Revenue Statement reproduce all related policies. Related policies will be referred to where applicable and will take precedence if clarification is required.

2 BACKGROUND

Council is required to raise an appropriate amount of revenue to maintain assets and provide services to the Quilpie Shire as a whole. In deciding how revenue is raised Council has had regard to the principles set out in Council's Revenue Policy.

3 SCOPE

This Revenue Statement, adopted as part of the Budget at the Special Meeting of Council held on 15 July 2025, applies to the financial year from 1 July 2025 to 30 June 2026.

4 LEGISLATIVE CONTEXT

Section 170 of the *Local Government Regulation 2012* provides:

1) *A local government must adopt its budget for a financial year.*

a) *after 31 May in the year before the financial year; but*

b) *before –*

i) *1 August in the financial year; or*

ii) *a later day decided by the Minister.*

2) *If the budget does not comply with section 169 when it is adopted, the adoption of the budget is of no effect.*

Responsible Officer: Manager Finance & Administration

Policy Owner: Council

Policy No: F.04 **Version:** 13

Council Resolution Number: QSC

Effective Date: 1 July 2025

UNCONTROLLED DOCUMENT WHEN PRINTED

Review Due: June 2026

IX:

Page 1 of 22

3) *The local government may, by resolution, amend the budget for a financial year at any time before the end of the financial year.*

4) *If the budget does not comply with the following when it is amended, the amendment of the budget is of no effect –*

a) section 169;

b) the local government's decision about the rates and charges to be levied for the financial year made at the budget meeting for the financial year.

Section 172 of the Local Government Regulation 2012 provides:

1) *The revenue statement for a local government must state –*

a) if the local government levies differential general rates –

i) the rating categories for rateable land in the local government area; and

ii) a description of each rating category; and

b) if the local government levies special rates or charges for a joint government activity - a summary of the terms of the joint government activity; and

c) if the local government fixes a cost-recovery fee - the criteria used to decide the amount of the cost-recovery fee; and

d) if the local government conducts a business activity on a commercial basis - the criteria used to decide the amount of the charges for the activity's goods and services.

2) *Also, the revenue statement for a financial year must include the following information for the financial year –*

a) an outline and explanation of the measures that the local government has adopted for raising revenue, including an outline and explanation of –

i) the rates and charges to be levied in the financial year; and

ii) the concessions for rates and charges to be granted in the financial year;

b) whether the local government has made a resolution limiting an increase of rates and charges.

5 REVENUE RAISING MEASURES ADOPTED IN THE BUDGET CONCERNING THE MAKING AND LEVYING OF RATES AND CHARGES

5.1 OVERVIEW

Council identifies certain services in respect of which the consumer of the service will be expected to meet all or the greater part of the total cost of providing the specific service. In such cases, the cost of providing the service will include the cost of acquiring the commodity or service, the cost of providing the infrastructure or organisation to process and/or deliver the commodity or service and any overheads associated with these cost components.

However, it is acknowledged that individual consumers of a commodity or service cannot always be separately identified. For this reason there is a need for specific user charges to be supplemented by other general revenue sources.

Responsible Officer: Manager Finance & Administration

Policy Owner: Council

Policy No: F.04 **Version:** 13

Council Resolution Number: QSC

Effective Date: 1 July 2025

UNCONTROLLED DOCUMENT WHEN PRINTED

Review Due: June 2026

IX:

Page 2 of 22

The relevant components of Council's Revenue Statement are therefore based on a combination of specific user charges, separate charges, a special charge and differential general rates (made and levied on the value of land) to provide the most equitable and rational basis for raising revenue.

In summary, rates and charges are determined after due consideration of the foregoing and the following:

- i) Council's legislative obligations;
- ii) the needs and expectations of the general community;
- iii) the expected cost of providing services; and
- iv) equity - namely, ensuring the fair and consistent application of lawful rating and charging principles, without bias, taking account of all relevant considerations, and disregarding irrelevancies such as the perceived personal wealth of individual ratepayers or ratepayer classes.

5.2 MAKING AND LEVYING OF GENERAL RATES RATIONALE

General rates are for services, facilities and activities that are supplied or undertaken for the benefit of the community in general (rather than a particular person). Council is required to raise an appropriate amount of revenue to maintain assets and provide services to the shire as a whole.

Under State legislation, land valuation is used as the basis for levying general rates in Queensland. The general rate could be determined by dividing the income needed from general rates by the rateable valuation of lands, however that would be inequitable because of the considerable diversity in the Quilpie shire in terms of land use and location, land values, access to, and actual and potential demands for, services and facilities.

To provide a more equitable and reasonable basis for its revenue raising, Council has adopted a rating system that takes into account a combination of differential general rates, specific user charges and special rates.

In summary, rates and charges are determined after consideration of:

- i) Council's legislative obligations;
- ii) The needs and expectations of the general community;
- iii) The expected cost of providing services; and
- iv) Equity – that is, ensuring the fair and consistent approach of lawful rating and charging principles, taking account of all relevant considerations, and disregarding irrelevancies such as the perceived personal wealth of individual ratepayers or ratepayer classes.

5.3 DIFFERENTIAL GENERAL RATING CATEGORIES

The differential rating categories have been determined having regard to:

- Land use as determined by Council and the Department of Resources "Land Use Codes";
- Carbon Credit Units;
- Location;
- Availability of services;
- Consumption of and demand for services; and

- Whether any attribute of the land (including the status of the land under the Planning Scheme) gives rise to, or is likely to give rise to, increased costs for the council, whether at that land or elsewhere.

Pursuant to Chapter 4 of the *Local Government Regulation 2012*, Council has decided that:

- There will be 15 categories of rateable land for 2025/26 as stated and described in **Table 1**;
- The description of each of the rating categories of rateable land in the local government area is set out in **Table 1**;
- The differential general rate, limitation on increase and minimum general rate to be levied for each of the 15 differential general rating categories are detailed in **Table 2**.

Pursuant to sections 81(4) and 81(5) of the *Local Government Regulation 2012*, Council had delegated to the Chief Executive Officer the power to identify the rating category to which each parcel of rateable land belongs.

TABLE 1 – DIFFERENTIAL GENERAL RATING CATEGORIES

Category	Category Name	Category Description
1	Town of Quilpie - Residential <1Ha	Land within the township of Quilpie, which is: (a) less than 1 Hectare in size; (b) primarily used, or capable of being used, for residential purposes; (c) serviced, or can be serviced, with urban infrastructure; and (d) not included in any other category.
2	Town of Quilpie - Residential 1 to 10Ha	Land within the township of Quilpie, which is: (a) 1 Hectare or more, but less than 10 Hectares, in size; (b) primarily used, or capable of being used, for residential purposes; (c) serviced, or can be serviced, with urban infrastructure; and (d) not included in any other category.
3	Commercial	Land within the townships of Quilpie, Eromanga, Adavale or Toompine, which is: (a) used, or capable of being used, in whole or in part, and whether predominantly or not, for commercial purposes; and (b) serviced, or can be serviced, with urban infrastructure.
4	Industrial	Land within the townships of Quilpie, Eromanga, Adavale or Toompine, which is: (a) used, or capable of being used, in whole or in part, and whether predominantly or not, for industrial purposes; and (b) serviced, or can be serviced, with urban infrastructure.

F.04 Revenue Statement

Category	Category Name	Category Description
5	Township of Eromanga - Residential	Land within the township of Eromanga, which is: <ul style="list-style-type: none"> (a) primarily used, or capable of being used, for residential purposes; (b) serviced, or can be serviced, with urban infrastructure; and (c) not included in any other category.
6	Other Rural Towns - Residential	Land within the townships of Adavale, Toompine or Cheepie, which is: <ul style="list-style-type: none"> (a) primarily used, or capable of being used for residential purposes; (b) serviced, or can be serviced, with urban infrastructure; and (c) not included in any other category.
7	Opal Mines	Land held under the <i>Mineral Resources Act 1989</i> used either for the purpose of extracting opals or for the purposes of extracting other precious metals and / or gemstones on a non-industrial scale.
8	Other	Land not included in any other category.
9	Rural - Pumps and Bore Sites	Land primarily used for the purposes of operating pumps or bore sites.
10	Rural and Residential Land - 10 to 100Ha	Land, 10Ha or more, but less than 100Ha in size, used, or capable of being used, in whole or in part, for residential, grazing, agriculture and not included in any other category.
11	Rural - Grazing and Agriculture ≥100Ha	Land, 100Ha or greater in size, used, or capable of being used, in whole or in part, for rural purposes, including grazing and agriculture and not included in any other category.
12	Rural - Carbon Credits	Rural land, used, or capable of being used, in whole or in part, for rural purposes, including grazing and agriculture that has been issued with Carbon Credit Units.
13	Transformer Sites	Land primarily used for the purposes of transformer or communication facility.
14	Mining and Oil Production	All land held under the <i>Mineral Resources Act 1989</i> , the <i>Petroleum Act 1923</i> or the <i>Petroleum and Gas (Production and Safety) Act 2004</i> , other than land included in category 7.
15	Oil Distillation / Refining	Land primarily used for, or used in association or connection with the: <ul style="list-style-type: none"> - distillation of crude oil or natural gas; or - storage or transport of crude oil or natural gas.

5.4 DIFFERENTIAL GENERAL RATE AND MINIMUM GENERAL RATE

Pursuant to section 94 of the *Local Government Act 2009* and section 80 of the *Local Government Regulation 2012*, the differential general rate to be made and levied for each differential general rate category and, pursuant to section 77 of the *Local Government Regulation 2012*, the minimum differential general rate to be made and levied for each differential general rate category is as detailed in **Table 2**.

TABLE 2 – MINIMUM AND GENERAL RATE (cents in the dollar)

Category	Description	Minimum	General Rate (cents in the dollar)	Limitation (cap)
1	Town of Quilpie - Residential <1Ha	\$498.48	2.0581	Does not apply
2	Town of Quilpie - Residential 1 to 10Ha	\$498.48	1.3945	Does not apply
3	Commercial	\$600.78	2.4264	Does not apply
4	Industrial	\$600.48	2.1934	Does not apply
5	Town of Eromanga - Residential	\$498.48	2.8644	Does not apply
6	Other Rural Towns - Residential	\$451.98	8.1459	Does not apply
7	Opal Mines	\$442.00	21.8239	Does not apply
8	Other	\$724.00	55.0652	Does not apply
9	Rural - Pumps and Bore Sites	\$376.00	2.6857	Does not apply
10	Rural and Residential Land - 10 to 100Ha	\$498.48	1.5909	60%
11	Rural – Grazing and Agriculture ≥100Ha	\$646.00	0.5016	Does not apply
12	Rural - Carbon Credits	\$1,292.00	0.4588	Does not apply
13	Transformer Sites	\$446.00	3.6757	Does not apply
14	Mining and Oil Production	\$52,418.52	180.4572	Does not apply
15	Oil Distillation / Refining	\$37,000.98	59.5312	Does not apply

5.5 OBJECTION AGAINST CATEGORISATION

Pursuant to section 90 of the *Local Government Regulation 2012*, owners of rateable land will be informed that they have the right to object to the category their land is included in. All objections shall be in writing to the Chief Executive Officer and the only basis for objection shall be that at the date of issue of the rate notice the land should belong to a different rating category.

5.6 RATEABLE VALUE OF LAND

To determine the rateable value of land, Council uses the unimproved value or site value as advised by the Department of Resources. The last valuation of the Quilpie shire was carried out in 2025 with the valuation being effective from 30 June 2025.

5.7 LIMITATION OF INCREASE IN RATES

Under the provision of section 116 of the *Local Government Regulation 2012* Council has resolved to apply limitations of increases to general rates (capping) to the following differential rate categories for the 2025/26 financial year with the percentages listed below:

Category	Description	Limitation (Cap)
10	Rural and Residential Land - 10 to 100Ha	60%

For the avoidance of doubt, the limitation of increase in the differential general rate will not apply to land where:

- there has been a change in the differential general rating category during the 2025/26 financial year;
- the differential general rating category of the land in 2024/25 financial year, changes in the 2025/26 financial year;
- the rateable assessment is levied the minimum differential general rate for the 2025/26 financial year;
- there has been a change in the area of the lot/s comprising the rateable assessment during the current or previous financial year (including, for example, by way of amalgamation or separation of rateable assessments);
- the general rate was calculated on a valuation to which section 50 of the *Land Valuation Act 2010* applied (i.e. developers’ concession);
- the general rate was calculated on a valuation issued pursuant to section 274 of the *Land Valuation Act 2010* (i.e. offset valuation); or
- there has been a change in the valuation of the rateable assessment, (other than the revaluation of the whole of the region) during the current or previous financial year.

5.8 GENERAL RATES EXEMPTION

Section 93 of the *Local Government Act 2009* and section 73 of the *Local Government Regulation 2012* detail land which is exempt from rating. In applying these exemptions Council will be guided by the principles outlined in the Revenue Policy and shall raise awareness of the exemptions with target groups that may qualify for these exemptions.

5.9 SEPARATE RATES AND CHARGES

Separate rates and charges are for any other service, facility or activity that is not funded through other rates and charges.

For the 2025/26 financial year, Council does not intend to levy separate rates and charges.

5.10 SPECIAL RATES AND CHARGES

Special rates and charges are for services, facilities and activities that have a special association with particular land because:

- (a) the land or its occupier:
 - (i) specially benefits from the service, facility or activity; or
 - (ii) has or will have special access to the service, facility or activity; or
- (b) the land is or will be used in a way that specially contributes to the need for the service, facility or activity; or
- (c) the occupier of the land specially contributes to the need for the service, facility or activity.

For the 2025/26 financial year, Council intends to levy the following special rate:

5.10.1 Wild Dog Control Special Rate

Pursuant to section 94 of the *Local Government Regulation 2012*, Council will make and levy a special rate to be known as the 'Wild Dog Control Special Rate' on all rateable rural land outlined the Table 3 below. The special rate will fund the cost of one coordinated wild dog baiting program across the Quilpie shire.

The special rate to be made and levied for each differential rate category, and the minimum amount of the special rate to be fixed, is as follows:

TABLE 3 – WILD DOG CONTROL SPECIAL RATE – MINIMUM AND CENTS IN THE DOLLAR

Category	Description	Minimum	Wild Dog Control Special Rate (cents in the dollar)
11	Rural - Grazing and Agriculture ≥100Ha	\$115.50	0.0268
12	Rural - Carbon Credits	\$115.50	0.0268

5.11 UTILITY CHARGES

Council levies utility charges for the provision of waste management, sewerage and water services on each assessment to which these services are supplied or are capable of being supplied. In accordance with section 99 of the *Local Government Regulation 2012* the following utility charges be made and levied for the year ending 30 June 2026.

5.11.1 Water and Sewerage

For water and sewerage, a specific number of "charging units" is assessed for each category of land use (Table 5 and Table 6) and a dollar charge per unit (Table 4) is set by the Council annually at its budget meeting.

Pursuant to section 101(1)(a) and section 101(2) of the *Local Government Regulation 2012*, Council levies water charges wholly according to the water used by each ratepayer. Council has estimated each ratepayer's likely water usage by determining the average amount of water used for each different land use referred to below.

For the 2025/26 financial year, the applicable charging units are as follows:

TABLE 4 – WATER AND SEWERAGE CHARGE PER UNIT

Utility Charge	Charge per Unit
Sewerage	\$17.48
Water	\$18.28

TABLE 5 – WATER CHARGING UNIT SCHEDULE

Description (Land Use Category)	Water Charging Units

Rural - Grazing and Agriculture ≥100Ha	200

Water charging:

Where multiple lots are included on one Rate Assessment, a water charge will apply for each lot according to the applicable land use category in Table 5.

For example - a house and vacant lot together; the relevant 'occupied residential land' land use category is levied for the lot with the house (plus the extra pedestal/cistern if applicable) and the 'vacant land – infrastructure' land use category is levied for the vacant lot.

Where a single dwelling is situated across two or more adjoining lots and are included on one Rate Assessment, Council will treat those lots on which the footprint of the building sits as if they were a single lot and will levy one water charge according to the relevant land use category in Table 5.

Sewerage charging:

Where multiple lots are included on one Rate Assessment, a sewerage charge will apply for each lot according to the applicable land use category in Table 6.

For example - a house and vacant lot together; the ‘occupied residential land’ land use category is levied for the lot with the house (plus the extra pedestal/cistern if applicable) and the ‘vacant land – infrastructure’ land use category is levied for the vacant lot.

Where a single dwelling is situated across two or more adjoining lots and are included on one Rate Assessment, Council will treat those lots on which the footprint of the building sits as if they were a single lot and will levy one sewerage charge according to the relevant land use category in Table 6.

A separate charge for trade waste shall be applied to those properties with a Trade Waste License/Approval – refer to Council’s Register of Cost-Recovery Fees and Commercial Charges.

5.11.2 Waste Management

5.11.2.1 REFUSE REMOVAL AND DISPOSAL SERVICE CHARGE

Council shall levy a waste management utility charge for the 2025/26 financial year for the removal and disposal of kerbside refuse (approved waste that can be disposed in a 240L Council supplied bin), which shall be called the Refuse Removal and Disposal Service Charge.

The Refuse Removal and Disposal Service Charge shall be levied on:

- (a) Each rateable assessment comprising a house, unit or other residential dwelling, designed for separate residential occupation and whether occupied or not;
- (b) Each rateable assessment comprising a commercial or industrial use receiving, or capable of receiving, Council’s kerbside waste collection service;
- (c) Any other rateable assessment receiving Council’s kerbside waste collection service; and
- (d) All other properties receiving a receiving Council’s kerbside waste collection service where the owner or occupier has requested that service.

Council’s base kerbside waste collection service consists of one 240L general waste bin collected once per week. An owner of rateable land in or around the township of Quilpie may request up to three collections (generally Monday, Wednesday & Friday) per week as approved by the Chief Executive Officer. Each additional collection shall attract an additional charge as per Table 7 below. An owner of rateable land in or around the township of Eromanga may request one collection (generally Tuesday) per week.

Additional bins may be requested by a person or entity levied a Refuse Removal and Disposal Service Charge. Additional Bins will have the same number of collections charged as the First Bin and shall attract an additional charge as per Table 7 below.

Refuse Removal and Disposal Service Charges for 2025/26 are:

TABLE 7 – ANNUAL CHARGE

		First Bin Charge	Additional Bin Charge (Per Bin)
Number of Collections (Days Per Week)	1	\$688	\$328
	2	\$1,016	\$656
	3	\$1,344	\$984

5.11.2.2 WASTE MANAGEMENT LEVY

Pursuant to section 99 of the Regulation, Council will make and levy a utility charge for the 2025/26 financial year (to be known as the “Waste Management Levy”) in the sum of \$299 per rateable assessment on all rateable land in the Shire that is not charged a Refuse Removal and Disposal Service Charge.

This utility charge will fund:

- (a) the residual cost of waste facilities and services which are not met from the Refuse Removal and Disposal Service Charge and other related fees and charges collected on a user pays basis; and
- (b) meeting public expectations in matters of disposal of refuse that affect public health and the visual amenity of the area.

5.12 ISSUE OF RATES

Rates and charges will be levied half yearly by a rate notice generally issued in August or September and February or March this financial year.

5.13 PAYMENT PERIOD

All rates and charges referred to in this policy shall be levied and payable within thirty-one (31) calendar days after the notice has been issued, except when otherwise determined by Council.

5.14 INTEREST ON ARREARS

Council has decided that, pursuant to section 133 of the *Local Government Regulation 2012*, interest is payable on overdue rates and charges from the day rates and charges become overdue. Interest will be at a rate of twelve percent (12%) per annum compounding on daily balances.

5.15 PAYMENT IN ADVANCE

Council offers ratepayers the opportunity to pre-pay rates as a lump sum or through a regular payment plan. The latter has the effect of breaking up an estimate of the annual rates amount into smaller amounts. The aim is to pay all of the rates off before the end of the discount period. Interest is not payable on any credit balances held.

5.16 RECOVERY OF OUTSTANDING RATES AND CHARGES

Council requires payment of rates and charges within thirty-one (31) calendar days from date of issue and has an obligation to diligently recover overdue rates and charges. In exercising its recovery powers, Council will be guided by the principles as set out in the Revenue Policy and shall apply the rates and charges recovery process as outlined in the Recovery of Overdue Rates & Charges Policy (as amended from time to time).

5.17 CONCESSIONS**5.17.1 Pensioners**

Council has decided, pursuant to section 119 and section 120 of the *Local Government Regulation 2012*, to grant a rebate of general rates and utility charges, up to a total of \$600 per annum for land which is owned and occupied by a pensioner, in accordance with Council's Rates and Utility Charges - Pensioner Rebate and Concession Policy.

5.17.2 Waste Management Levy

The following two concessions in relation to the waste management levy are granted on the basis that requiring the owner to pay the waste management levy, in circumstances where none of Council's waste transfer or landfill facilities are utilised by the land in question, will cause the owner hardship (see section 120(1)(c) of the *Local Government Regulation 2012*)

5.17.2.1 WASTE MANAGEMENT LEVY CLASS CONCESSION

A concession, comprising a 100% rebate of the waste management levy, will be applied to the assessments identified in Table 8 below, on the basis that Council is satisfied that none of Council's waste transfer or landfill facilities are utilised by the owners or occupiers of these assessments, and all waste generated or handled on these assessments is disposed of in a compliant alternative manner.

WASTE MANAGEMENT LEVY CONCESSION ON APPLICATION

A concession, comprising a 100% rebate of the waste management levy, may be applied to assessments which fall within the general rate categories listed in Table 9 below (excluding those assessments that qualify for the Waste Management Levy Class Concession), if the owner can provide sufficient supporting evidence, to the satisfaction of Council’s Chief Executive Officer, that none of Council’s waste transfer or landfill facilities are utilised and all waste generated or handled on their assessment can be disposed of in a compliant alternative manner.

TABLE 9 – GENERAL RATE CATEGORIES – CONCESSION ON APPLICATION

Category	Description
7	Opal Mines
8	Other
9	Rural-Pumps and Bore Sites
10	Rural and Residential Land 10 to 100Ha
11	Rural - Grazing and Agriculture ≥100Ha
12	Rural - Carbon Credits
13	Transformer Sites
14	Mining and Oil Production

5.17.3 Not for Profit Community Organisations Concession

A concession, comprising a 100% rebate of the differential general rates, will be applied to the assessments identified in Table 10 below, on the basis that Council is satisfied that the land is used for community purposes and is operated on a not-for-profit basis.

TABLE 10 – ASSESSMENTS CONCESSION WILL APPLY TO

Assessment Number
00137-00000-000
00066-10000-000
00777-10000-000

5.17.4 Other Concessions

Council is empowered by sections 119 to 126 of the *Local Government Regulation 2012* to grant concessions (e.g. a rebate of all or part of rates or charges or an agreement to defer payment of rates or charges) if one or more criteria identified in section 120(1) of the Regulation are satisfied. Council will consider all applications for concessions on their individual merits, having regard to these sections of the Regulation.

6 COST RECOVERY FEES AND COMMERCIAL CHARGES

It is Council's intention that each service, facility or activity provided are on a full cost recovery basis however consideration may, where appropriate, be given to the broad community impact that certain fees and charges may have. Council may decide to provide services, facilities or activities that are not fully cost recoverable but are deemed to be provided as a community service obligation by cross subsidising.

In setting cost recovery and other fees and charges, Council will apply the following criteria:

1. Cost recovery (regulatory) services – the fee will be set at no more than the full cost of providing the service or taking the action for which the fee is charge. Council may wish to subsidise the fee from other sources (i.e. general rate revenue) where Council considers that it would not be reasonable to charge the full cost; and
2. Charges for commercial services will be set to recover the full cost of providing the service.

Cost-recovery fees and commercial charges may be adopted by Council as required during the financial year.

7 BUSINESS ACTIVITY FEES

Council has the power to conduct business activities and make business activity fees for services and facilities it provides on this basis. Business activity fees are made where Council provides a service and the other party to the transaction can choose whether or not to avail itself of the service.

Business activity fees are a class of charge, which are purely commercial in application and are subject to the Commonwealth's Goods and Services Tax.

8 STATE GOVERNMENT SUBSIDIES AND LEVIES

8.1 STATE GOVERNMENT PENSIONER RATE SUBSIDY SCHEME

In addition to Council's Pensioner Concession, the Queensland Government provides a subsidy to approved pensioners. This is equivalent to 20% of the gross rates and charges levied by Council up to a maximum amount as determined by the relevant state government department.

The subsidy is paid by the Queensland Government to Council to be passed on to approved pensioners.

Under no circumstances is an approved pensioner to receive a subsidy for more than one property designated as his/her principal place of residence.

8.2 EMERGENCY MANAGEMENT LEVY

The Emergency Management Levy is a Queensland Government levy. Council is required to collect the levy on behalf of the state government in accordance with the *Fire and Emergency Services Act 1990*.

8.3 OTHER LEVIES

Council will, if required, collect other levies during the 2025/26 financial year on behalf of the Queensland Government.

9 HUMAN RIGHTS COMPATIBILITY STATEMENT

APPENDIX 1- WILD DOG CONTROL SPECIAL RATE – OVERALL PLAN

Council has made a special rate, to be known as the *Wild Dog Control Special Rate*, to fund the cost of one coordinated wild dog baiting program across the Quilpie Shire.

The Overall Plan for the Wild Dog Control Special Rate is as follows:

1. Service, facility or activity to which the Overall Plan applies

The service, facility or activity for which the plan is made is the cost of one coordinated wild dog baiting program across the Quilpie shire, including bait meat, areophane hire, staff and Avgas.

2. Rateable land to which the special rate applies

The rateable land to which the special rate applies is all rateable land categorised as:

- Category 11 - Rural - Grazing and Agriculture $\geq 100\text{Ha}$; and
- Category 12 - Rural Land - Carbon Credits

3. Estimated cost of carrying out the overall plan

The estimated cost of carrying out the activity the subject of the overall plan is \$160,000. The Wild Dog Control Special Rate will levy an estimated \$105,415 towards the total estimated cost of carrying out the activity.

4. Estimated time for carrying out the overall plan

The estimated time for carrying out the overall plan is 1 year ending on 30 June 2026.

The rateable land or its occupier specially benefits from the service, facility or activity funded by the special rate because it will provide management of wild dogs, so as to improve the agricultural activities on the land which will increase productivity for landholders.

It is anticipated that a levy will be made in future years as the service, facility and activities are likely to be on-going programs.
